The Outlook

We notice that the President's Emergency Committee on Employment is telling people over the radio to keep all the young people in school this coming winter instead of letting them go to work and take jobs which might otherwise go to men and women who have family responsibilities. We think that is sound advice, unless the head of the family is out of a job and the boy or girl can get one where the old man can't.

Governor Huey Long of Louisiana has got his law passed making it illegal to grow cotton in that state next year if three-quarters of the other cotton states will do the same. That ought to help, if somebody will show how the cotton growers who depend upon that crop for their sole cash income are going to get along during the cotton "vacation."

The Farm Board, which has more wheat on hand than it knows what to do with, is asking the Shipping

Board, which has more ships on hand than it can use, to lend some of those ships to take wheat to China, where the people are starving but will be able to pay for the wheat, in time, if the wheat gets to them in time to save their lives. That sounds like good sense to us, especially if the wheat is packed in cotton sacks, which will help the cotton growers some.

Governor Roosevelt of New York has got his Legislature to agree to appropriating twenty million dollars to aid the unemployed. The money will be raised by increasing the state income tax fifty percent. That is one good way to help. Another is to increase the inheritance taxes on dead men's estates.

Henry Ford is putting 50,000 men back at work at once and says he will be running to full capacity in a few weeks. The New England textile mills are increasing their output and hiring more help. The automobile tire business is picking up strongly. Electric refrigerators are selling well. People are beginning to buy new clothes everywhere. We've noticed a lot of house painting and building repairing going on, and so many roads being improved that you have to ride the detours to go anywhere, almost.

There's no doubt that we'll all be called on to help the unlucky ones this coming winter, but we seem to notice that as fast as they do get jobs they fasten themselves to them. We would guess that more people are doing real honest work for their money now than any time since the war, and that's the most encouraging sign for the future that we've seen yet.

CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson - Sermon in all Churches of Christ, Scientist, at Sunday, September 6.

The Golden Text was, "Lo, this only have I found, that God hath made man upright" (Ecc. 7:29). Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture" (Ps. 100:3).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "The Scriptures inform us that man is made in the image and likeness of God. . . Man is spiritual and perfect; and because he is spiritual and perfect, he must be so understood in Christian Science. Man is idea, the image, of Love; he is not physique" (p.475).

THE COUNCIL IN JERUSALEM. Acts 15:22-19

Galatians 2:1,2,9,10

Rev. Samuel D. Price, D.D.

Spiritual growth of converts was always in Paul's thinking. Derbe was visited after the stoning at Lystra. Without hesitation return was made through all the cities where awful persecutions had befallen Paul and Barnabas on the outward journey. The purpose was to strengthen the brethren in their new-found and most precious faith. Return was made to the leaders who had sent them forth.

Problems of procedure arose as full account of this first missionary journey was narrated. The older Jewish Christians insisted that in order to be a convert the rite of circumcision must be administered to a Gentile. The returned missionaries and many others insisted that this form was not necessary and the outward act was not essential to inward faith. When agreement could not be obtained after long and even heated discussion it was decided to lay the whole matter before the mother church in Jerusalem.

It is interesting to note that as Paul and Barnabas advanced to Jerusalem they evangelized all the way. They were out to win souls for Christ and argument about procedure was only incidental.

Follow the debate in the Council at Jerusalem as you read chapter 15. Though circumcision is not mentioned the Paul party won. Findings were prepared which were taken to the church at large. There were concessions on both sides. Manner of life was to be taken into account rather than any mere form. Some of the details are rehearsed when Paul wrote the special letter to the Galatians. Read the entire epistle and note the Golden text in Galatians 5:13. Councils have their place but real value is in the constructive work that follows.

Mr. and Mrs. Frank Leicht and family attended the Rodeo at Heppner Saturday.

A school meeting was held Saturday and Frank Brace was again employed as janitor for the coming year.

Mr. and Mrs. Frank Leicht were dinner guests of Mr. and Mrs. J. Wells of Heppner Saturday.

A meeting for the 4-H club leaders was held at the home of Mrs. O. Coryell, Monday. Those present were Chas. Smith and Mrs. Lucy Rodgers of Heppner, Mrs. W. C. Isom, Mrs. Fred Markham, Florence Brace and Belle and Josephine Fredrickson.

Several new ideas on the handling of the club work in the county were discussed and some new rulings adopted that will be a great help to both leaders and members of 4-H clubs.

PINE CITY NEWS

The Pine City school opened Monday morning at 9 o'clock. There are four teachers in the school again this year: Miss Marie Young, lower grades, Miss Nancy Konanou, upper grades, Mr. Stan. Atkin, high school principal and Miss Helen-Heath, assistant high school teacher. Fifteen students enrolled in the high school and more freshmen are expected to enroll at a later date.

Miss Naomi Moore is now working for Mrs. Charley Morehead.

A Heppner road crew is beginning to work the road on little Butter Creek. The men are boarding with Mrs. Ollie Neill.

Miss Elsie Strain, sister of Mrs. Burl Wattenburger, came from Weiser, Idaho, Saturday, where she has been spending the summer at the home of her parents. Her grandfather, Mr. Lambing, who accompanied her here spent a few days visiting at the Wattenburger home. He returned to Twin Falls, Idaho, Tuesday. Elsie will attend the Pine City school where she will be a senior.

Mrs. Creigle and daughter, Miss Maxine Vincent and friend, Miss Anabel Records, all of Umapine, visited at the home of Mr. and Mrs. Charley Bartholomew Friday afternoon.

Three of the Pine City teachers are boarding at the home of Mrs. Ollie Neill. Miss Marie Young is staying at her home.

Harvey Meyers of Echo had the misfortune of having his car wrecked Thursday night while coming to band practice. O. F. Bartholomew, who was on his way to Echo in a Dodge truck, was stopped fixing a flat tire when another car drove up beside the truck and stopped. The lights of the other car blinded Mr. Meyers and he ran into the truck, which caused some damage to his car.

Mr. and Mrs. W. D. Neill and children, Hugh, Harold, Bernice and Ralph, returned home Monday, August 31, from a visit at the home of Mr. and Mrs. Clarence Neill at New Bridge, Oregon. During their absence from home they also visited at Jerome, Idaho, their former home.

Mrs. Warn and Mrs. High are both cousins of Mr. Morehead and Mr. Lloyd Bairdridge. Mr. and Mrs. A. E. Wattenburger and Earle and Mr. and Mrs. Roy Neill and Alma also took Sunday dinner at the Morehead home.

HEPPNER—McMillan Brothers of Lexington have obtained a truck load of Hybrid 123 wheat seed from H. H. Huron of Imbler. They plan to sow it on the same field with locally grown wheat to see if an increase in yield can be obtained by use of imported seed grown on heavier soils. This plan was tried out by Harry Turner last year, according to C. W. Smith, county agent, and it was found that the imported wheat gave a heavier yield than the locally grown seed.

UNION PACIFIC

OREGON

\$1,361,196.49 IN TAXES CONTRIBUTED IN 1930 TO THE PROSPERITY AND PROGRESS OF OREGON

IN ADDITION to this large sum, paid out from its earnings for taxes in Oregon, the Union Pacific distributes an immense sum for salaries and wages. During 1930 alone over nine million dollars paid to 4,965 Union Pacific employees found its way into circulation through the avenues of Trade and Commerce within the State. Over 20,000 Oregon people derive their support from Union Pacific.

Oregon's progress began with the coming of the railroads. Her future growth is dependent upon adequate railroad transportation. The kind of transportation service that Oregon needs can be provided only if Oregon people support the railroads.
