HERMISTON ELEVEN LOSE GAME 7-0 TO KENNEWICK

ONLY COMPLETED FORWARD PASS SCORES FOR OPPONENTS.

Reserves Will Play Echo Bearcats Here Friday; Thanksgiving Game Scheduled With Rosalia, Wn.

The second football game of the season played by the Hermiston eleven was scheduled last Thursday when the locals battled the Kennewick high school squad for a loss of 7 to 0. Both teams were groggy after the game which proved that it was one of the hardest battles fought this season for either team. The turf field acted somewhat of a disadvantage to the Hermiston men who have never played on anything but a sand field. Punting by Klages and linebacking by Hammon were outstanding features in the days' play.

During the first quarter Cox and Hunt got away for a long gain. The defensive playing for Hermiston was good but it did not open up the holes in the line as it did in previous games on the defensive.

Hermiston was outwitted but seemed to be able to keep the ball in Kennewick's territory during most of the play. The only forward pass completed during the game gave Kennewick the only score marked up for either team, followed by a successful goal kick.

Two days later Pendleton defeated Kennewick 20 to 0 on their home field and the locals are of the consensus of opinion that they won the game for Pendleton when they played Kennewick Thursday.

The lineup to the Kennewick game follows:

- Swanner LE
Stewart LT
Settle LG
Hammon C
Harris RG
Reeves RT
Hanby RE
Cox RF
Martin Q
Klages F
Hunt LH
Substitutes: Neary for LHunt; Pierce for Hammon; Hammon for Klages; Wells for Swanner; Wells for Harris; Swanner for Wells; Klages for Hammon; Hammon for Pierce.

Reserves Play Friday.

Friday afternoon a game is called for 3:00 o'clock when the Hermiston reserve football squad will play the Echo high Bearcats. At 2:30 the same afternoon the Hermiston first string will go through a snappy drill practice before the regular scheduled game, using the same players who will be seen in action against Pendleton October 10, at the fair. The lineup for the reserves follows: Wells— LT Bowman— RE Lenhart— LG Paul— RH Henderson— LE Neary— Q Pierce— C Throop— F Johnson— RG Bense— LH Prime— RT

Whitsett, Sales and Blessing in Reserve.

Thanksgiving Game Scheduled.

The Thanksgiving day game will be of special interest to Hermiston since the Rosalia team comes from Superintendent McAtee's old school and the teams will be quite evenly matched. The game is scheduled for 10:00 o'clock Thanksgiving morning and promises to be a thriller to close the season.

County Institute Soon.

Program arrangements for the Umatilla county teacher's institute to be held in Pendleton October 8 and 9 will bring an unusually expert corps of instructors for the sessions, according to J. A. Yeager, county school superintendent. Heading the list of prominent educators who will acquaint the teachers with the latest trends in the state teaching program and education in general are C. A. Howard, state superintendent of public instruction, and Eugene A. Bishop, professor of education at the University of Washington.

Mr. and Mrs. Claud Waid are living on the Tony Arnold farm. Stanley Green left Saturday for Salem where he will spend a week at the state fair.

Mr. and Mrs. A. F. Liles and small son spent Sunday at the home of Mr. and Mrs. John King.

MacMarr Store Retains Name.

The local MacMarr store will continue operation under the same management. All MacMarr stores are listed as MacMarr stores, under Safeway supervision. The chain was recently purchased by Safeway.

Veal Calf Demonstration.

A veal calf demonstration will be put on at the Umatilla Project Fair by H. J. Stillings who expects to have the best and the worst veal available on the project. Mr. Stillings hopes to aid growers in segregating the different quality of veal calves for marketing purposes.

PLANS LAID FOR EMERGENCY RELIEF FOR UNEMPLOYED

LOCAL ORGANIZATIONS PLAN A RESERVE SUPPLY CHEST.

Bert Nation Has Received But Three Registrations For Emergency Unemployment; More Anticipated.

The people of Hermiston are preparing to meet the unemployment situation this winter by the different organizations heads sponsoring a move whereby donations of canned goods, non-perishable vegetables, or clothing may be secured at the time they are needed. People will be given the opportunity to sign up for whatever they feel they can give and when the need comes the list will be referred to and the amount needed collected. This will do away with the problem of storage and holdover of supplies not used during the winter. Plackards are being made which will state the cause and a book will be attached in which names and donations will be placed in the cannery, laundry, Farm Bureau and other public places where local residents will have easy access to them. With the whole community working together the burden does not fall upon one organization.

A committee will be appointed to investigate cases to determine whether the need is there. It is anticipated that there will be an unusual number of house-to-house canvases of those in need this winter and residents are urged to refer them to the community supply chest, or to Bert Nation who will see that they are given the necessary provisions. Mr. Nation has been appointed on the Umatilla county unemployment committee for this end of the county, by the county committee named by Gov. Julius Meier, and has blanks for those who anticipate that they will be out of employment this winter, to fill out. He has received only three applications so far and feels that there are many more who should join this registration for emergency employment. This plan is merely to enable those who are really in need to obtain work sufficient through the winter to support their families.

Committees in charge of this local supply chest movement will appreciate small as well as large donations. With this reserve to fall back on they will be able to call at the homes and collect supplies sufficient to care for emergency relief.

Return From Detroit.

Mr. and Mrs. J. M. Biggs returned Wednesday morning on the Portland Rose from Detroit where they attended the American Legion National convention. Mr. Biggs is past State Department Commander and went as a delegate. They returned by way of Denver and Salt Lake.

F. B. Swayze, president of the First National Bank, left Tuesday for Lend, Wn., and Yakima where he will spend two days looking after business interests. He plans to return Thursday.

STUDENTS TO PUBLISH HIGH SCHOOL PAPER

Wednesday noon the committee on the high school paper met and made final arrangements for the publication of a four page, monthly paper. There will be three columns, each eleven inches long. The paper will be financed by advertising and by appropriations from the student body funds. The businessmen of Hermiston have assisted greatly by taking advertising space. Twenty-seven firms have arranged for space.

The students are enthusiastic about the paper. The first edition is being planned for October 18th. It will be printed by the Hermiston Herald. The committee handling this matter is composed of Superintendent McAtee, Miss Elliott, Miss Sibert, Chester Johnson, James Neary, Florence Pearson, and Charles Wells.

Former Residence Visit.

Mr. and Mrs. Frank Baker of Manzanita, Oregon, spent Monday in Hermiston this week visiting old friends and looking after business interests. Mr. and Mrs. Baker formerly lived here and have ten acres of land on the west side. Mr. and Mrs. Baker have not visited the project for 19 years and were disappointed in noting the acres of land that had gone back. They expected to find more land in cultivation but farmers on the project have found it more profitable to farm smaller tracts of land and hold to diversified farming. Mr. and Mrs. Baker are now living at a beach resort and have cottages to rent, together with a real estate business.

Wind Instrument Class.

Hermiston school students are very much interested in wind instruments this year, according to Miss Daily, music instructor in the school. She has organized a class in which all wind instruments may be learned. The class method makes instruction possible for many beginning pupils. The instrumentation will soon be that of a small band. Members of the class include: Dale Carson, Irene Attebury, Irene Kennings, Ruth Davis, Gordon Blessing, Don Serrell, Earl Watson, Clement Stockard, Harold Throop, Bruce Follett, Ellis Coxen, Ralph Marble, and Mildred Phelps.

Harmonica Band Organized.

The pupils of the fourth and fifth grades have organized a harmonica band. They have just begun their work with the harmonica and are doing very well. There are fifty pupils in the band.

School Highlights.

Because of the crowded condition of the lunch room the high school students are eating in the high school assembly room.

The home economics cottage is being used as a music room to relieve crowded class room conditions in the main building.

Ruth Dodd is organizing a "Blue Bird" group among lower grade girls.

Some requests are coming in for the organization of a girl scout group. High school girls are thinking about a girl's league.

GASOLINE MILEAGE TEST SCHEDULED FOR OCTOBER 8-9

THREE BEST PRIZES GIVEN FOR BEST MILEAGE MADE.

Government Approved Carburetor Tester Will Be Used Registering to Fraction of Tenth of a Mile.

Gasoline mileage tests for Model-A Ford cars will be held Thursday and Friday, October 8 and 9, by the Rohrman Motor company, for those who wish to make this gasoline mileage test. The local Ford garage is offering the opportunity to know just how many gallons of gas per mile a car will use.

A government approved Carburetor Tester which is accurate to fraction of a tenth of a mile will be used. It is so constructed that it is attached to the gasoline tank and the flow of gas is recorded with minute accuracy. A representative from the Rohrman Motor company will accompany the driver on each test made, which will require only ten or fifteen minutes.

Three prizes will be given for the best mileage made, the first is an air-maze air cleaner for motor; the second prize is a genuine Ford robe; and the third prize is a genuine motor meter and locking cap. Tests will be made any time between the hours of 8:00 a. m. and 5:00 p. m. either Thursday or Friday. A list of prize winners will be published at a later date.

Loyal Temperance Legion.

The Hermiston W. C. T. U. are inviting boys and girls of school age to meet in the Methodist church parlour for the purpose of organizing the Loyal Temperance Legion. This society for the youth is to give some special instruction on the affects of alcohol on the human body. Games, yells, and songs will help to spend a pleasant and instructive hour. Come on Friday afternoon at 3:30, directly from school. Mrs. Oscar Payne will be in charge.

The second Silver Medal contest, sponsored by the W. C. T. U. will be held Friday evening at 7:30 in the Methodist church. The public is invited. No admission.

GIRLS IN CROWN MILLS 4-H CONTEST.

SALEM, Oregon, Sept. 24.—The girls who will some day be wives and mothers and are now learning the higher branches of cookery while working out 4-H club projects, will compete at the Oregon State Fair for scholarships and prizes which total \$150 offered for the home cookery and camp cookery divisions by the Crown Mills, Portland.

A special group of prizes worth \$25 has been offered by Mrs. L. A. Humphreys of the Crown Mills for club members exhibiting the best cake, loaf of bread, and plate of cookies.

Mrs. O. W. Toole and Mrs. Garnet D. Best were business visitors in Pendleton Wednesday.

Harry McMillen is now employed at the Oregon Hardware & Implement company store. Mr. and Mrs. McMillen recently returned to Hermiston from Goldendale, Wn., where Mr. McMillen was employed by the Union Oil company. They are living in the house formerly occupied by Mrs. Amy Bills.

Miss Golda Mumma and her mother, Mrs. Martha Mumma, left Wednesday night on the Portland Rose for Portland. Mrs. Mumma has been in poor health for some time and will remain in a hospital there for medical care. Miss Mumma will stay with her mother for a few days before returning home.

Mr. and Mrs. W. L. Pearson of Springville, Utah, recently purchased the old Curry place north of town and will make their home here. Mr. Pearson lived on the project in 1916-17 and worked in the Hermiston Drug store when Mr. Mack owned that business. Mr. Pearson says the greatest change in the project is the noticeable acreage that has gone back to dry land.

PRODUCE ADVERTISED THROUGH DISPLAYS AT PROJECT FAIR

POULTRYMEN GAIN ORDERS FOR STOCK AFTER FAIR.

Chickens and Turkey Growers Urged to Display Stock to be Judged by Competent and Experienced Men.

The annual Umatilla project fair to be held here in Hermiston October 9 and 10, is an opportunity for the whole community to profit in many ways.

Aside from the educational value of the enterprise, the attention of the project farmers is called to the advantages accruing to them through the display of the best of their products. It is a well known fact that the honey producers have gathered to themselves many permanent customers for their output through the bee keepers display at the fair. There is an order in the hands of one of our citizens for potatoes, for honey, and other products to be delivered after the fair.

One of the poultrymen is more than satisfied with the orders he received for day-old chicks from such stock as he has displayed at the fair. There are numerous poultry producers, both men and women, who are producing eggs for hatching and shipping them to large commercial hatcheries. Let them show the stock that produces these eggs and in this way build up a larger business. Do not take the attitude that your stock does not look good enough at this season to show. If you have stock that produces good stock, the experienced poultryman will see them. He judges will discover them, and make no mistake about this, the award will go to the best exhibit, or individual in competition.

And another inducement to the breeders is the fact that the hatchery to which they ship their eggs will appreciate the added business they receive from such publicity. As for the commercial egg producers, their opportunity for expansion in this locality is here. All the fake remedies suggested by the many thousands of would be "economists" the country over, can not alter the course of events, and the logical results of the depression; and one of these results will be a "back to the land" movement. The wage earners of the great industrial centers will furnish a large number of families who will be returning to the farms. Thousands of them are now looking the country over with the idea of finding a location. We have advantages for this business that are not surpassed any where.

You would see the commercial egg production go forward in great strides during the next few years. There will result from this policy an egg packing plant in a short time. To the commercial egg producers we (Continued on last page)

ALONG THE CONCRETE

Earl Watson says that it was due to scientific hunting that he got his buck deer last Sunday morning just after breakfast while driving along the road, but we claim it was pure luck.

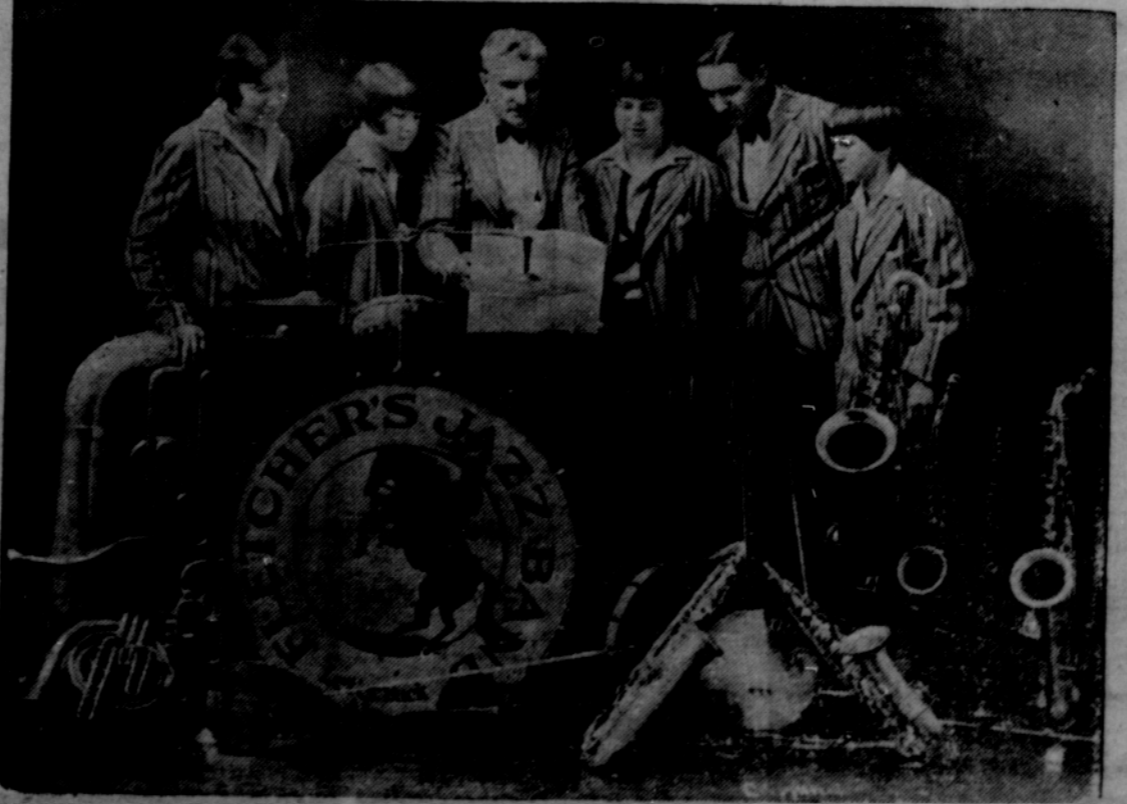

T. H. Fraser says that we have a news item for every day in the week in the fact that C. M. Best makes daily trips into town.

As we passed Joe Norton's store one morning this week we heard singing of some of the not too recent song hits. We are glad that someone is able to raise his voice above the "depression."

Our local businessmen flocking from every corner of the town to gather in front of the Hermiston Light & Power company office to hear one of the world series baseball games, while Al Clayton was trying to keep all of the disturbing electrical appliances in town, disconnected.

Earl Benseal can tell you a real "bear track" story since he got lost in the mountains near John Day and wandered until about eleven o'clock at night. Earl says that he went to a spring to get a drink and found it dry. As he retraced his steps he discovered that a bear track covered his footprints. Earl can relate the incident to his grandchildren but we doubt if the bear track will have grown any larger by that time.
