FARM BUREAU AUXILIARY HEAR GOLD STAR MOTHER.

The main feature at the Farm Bureau Auxiliary meeting held last Friday was a talk given by Mrs. Wm. Tucker, gold star mother, telling of her trip to and from France. Mrs. Tucker made the trip last July when all her expenses were paid by the government. She visited the Fine Arts building in France, the battle fields, and the grave of her son. On this day there were approximately sixty mothers, from Oregon alone, who visited their son's graves. Mrs. Tucker illustrated her lecture with pictures.

In the absence of the president, Mrs. Reid, Mrs. Blum acted as presiding officer at the meeting. Members decided that they would meet at the home of Mrs. John Paxton to quilt for Mrs. Hammar Thursday, when an all-day meeting would be held with a pot luck dinner at noon. WOOLGROWERS AGAIN ELECT PHILLIPS HEAD; HOLT AS SECRETARY

PASS RESOLUTIONS ON TAX AND STOCKYARD CHARGES.

Delegates Agree on Holding August Ram Sale in Pendleton; Lamb Advertising Program Endorsed.

When the Oregon Woolgrowers' association adjourned its two day session Tuesday evening, after re-electing Fred A. Phillips as president for another year and re-electing Walter Holt as secretary, it was a subject of comment that the convention had been a very successful one and well attended. The place for the next annual meeting has not yet been determined but it will probably be held in Portland as the national association meets there in December.

Before the convention adjourned the members went on record by resolution with reference to numerous subjects. At the suggestion of a committee composed of Garnet Barratt, J. N. Jones, Tom Boylen, Jr., and Hugh Curran, it was voted that because of adverse conditions shearing prices for the year be eight cents per head, with board, or 10 cents per head, when the shearer boards himself. Also, that one and a half cents be considered a fair price for tagging. It was recommended that \$40 a month be regarded as a fair wage for men employed in lambing, herding and camp tending.

An important resolution was adopted with reference to taxation and a committee of three, with the assistance of the secretary is to represent the association in this field of work.

A resolution in fees charged by commission brokers is asked for and the brokers are asked voluntarily to file new schedules with the secretary of agriculture.

Want Lower Charges.

Stockyard charges are also considered excessive under present conditions and it is asked that a stockyard charge of five cents per head be given as an emergency measure.

The forest service was commended for cooperation in the matter of the withdrawal of public lands for drive way purposes.

The association reiterated its stand for a protective tariff on wool. It was also voted to endorse the idea of pooling lambs for shipments. The lamb advertising campaign was endorsed and it was asked that the program be more continuous. The holding of the August Ram Sale in Pendleton was endorsed. The railroad companies are asked to provide better water and hose facilities at shipping yards so as to keep down dust.—East Oregonian.

FOURTH TURKEY POOL HELD FOR GROWERS HERE LAST FRIDAY

EIGHT CAR LOADS TURKEYS SHIPPED FROM HERMISTON.

Largest Pool Held December 4-5; Total Shipment of 12,759 Birds, and 186,263 Pounds This Season.

The fourth turkey pool held Friday since the beginning of the marketing season, by the Eastern Oregon Turkey Growers' association was next to the largest one hipped so far. A total of 4100 birds were packed in two cars, making 58,505 pounds. Ten thousand pounds of turkeys were received that had not been listed in the association headquarters previously. This made both cars exceptionally heavy.

Enough birds for a February pool are still on the project, and at least one car will be shipped next month. Growers are disposing of all but a few birds kept for breeding stock.

Growers received a down payment of sixteen cents at the time of delivery. The first shipment in November brought a final return of 27 1/2c for firsts, the December pools brought 24 1/2c for prime young toms, and 25 1/2c for prime young hens, for top grade. The January pool will probably bring less returns for growers. A total number of 4100 birds were shipped, averaging 61,205 pounds.

A total of 12,759 birds have been shipped by the association this season, which totaled 186,263 pounds. The first shipment before Christmas on December 4 and 5, was the largest in poundage. These three cars went east, with 1500 pounds picked up at Caldwell, Idaho, to complete one short car.

A small, special shipment was made by Logan Todd of 164 birds, weighing 2758 pounds. These birds were not quite ready for marketing at the time of the last December pool.

BULLDOGS DEFEATED IN SNAPPY GAME WITH UMATILLA

SCORE TIED TWICE DURING CONTEST BETWEEN HOOPSTERS.

Umatilla High School Girls' Team Wins from Town Team in Interesting Struggle.

The Bulldogs went down to their second defeat this season when they failed to connect with the basket in the last few minutes of play in the game with Umatilla at Umatilla Friday night. The teams were evenly matched as the score indicated throughout the game.

In a preliminary, the Umatilla girls' town team went down to defeat when the girls' high school team outplayed them in an interesting struggle, which ended with the close score of 13-10. The town team filled in for the Athena high school girls' team who failed to keep their appointment.

At the opening of the boys' game, neither team seemed to get near the basket to connect until Hammon of the Hermiston team, broke the monotony by landing the first goal, followed immediately by a field goal from a Umatilla player. The first quarter ended at the tie score of 4-4.

In the second quarter, Dick Martin showed fans a good brand of basketball by adding two field goals in rapid succession, only to be followed by the Umatilla boys making rapid shots through the hoop, ending the half at 17-11 in favor of Umatilla.

It took a little while before either team could get started again in the second half, then Bowman of Hermiston made a ringer to start the scoring. In this quarter the Bulldogs made three field goals to one for Umatilla, ending the quarter with (Continued on last page)

ALONG THE CONCRETE

C. L. Upham was telling all his friends this week that the depression was over—but he did not neglect to add, that the panic was on.

The spirit and courage of the pioneer days is still in our midst. You have heard of people going over the hill because they did not know what was waiting for them—but that was not the reason in this case. Mrs. F. B. Stewart of Stanfield, and her husband climbed out of their car that had skidded around on the slick pavement and made a nose dive into the ditch, and headed toward Stanfield, five miles away—on foot. F. B. tried to persuade his wife that she was being too courageous, but she was going to take the chance of some motorist taking pity on pedestrians. Mrs. Stewart said it was not the driver of a high powered car who picked them up.

Some fond patron of the Farm Bureau has some Fox Terrier pigs for sale, for one dollar apiece, according to a sign on the bulletin board. It so happened that some rival fond patron with a sense of humor changed the word "pup" to "pigs," and thus brought on the publicity. Even the Pendleton and Athena papers picked up the story of the pigs—sold for one dollar. Better take chances on the Hermiston Herald "For Sale" column.

City Attorney "Bill" Warner must have visited someones turkey yard Wednesday from all the evidence of the big turkey he was carrying down the street. Better check your flocks, gentlemen!

Members of the recently organized boys' town basketball team discussing possible dates for competitive games with their manager, Earl Benschel. You have never heard of a record yet, folks, until this basketball season is over.

Curtis Simons was wedged in between two strangers riding in a car early this morning. Of course, we don't know the sheriff from the adjoining county but one thing we do know—it wasn't Gurdane.

It is a good thing that television has not been installed in our system at Hermiston, when Garnet D. Best calls Mrs. R. G. Penney out of bed early in the morning to get some information for the Hermiston Herald.
