## HERMISTON WILL HONOR MEMORY OF SOLDIERS DEAD

### FITTING SERVICE WILL BE GIVEN IN M. E. CHURCH.

#### Line of March Starts from Church for Cemetery Where Firing Squad Will Give Salute to Dead.

Once again on Memorial day Hermiston American Legion Post No. 37 will honor those soldiers who so valiantly gave their lives in the great world war. Also to those disabled veterans who are unable to forget that great struggle that has deprived them of their health and freedom. A program has been arranged by the local Legion and Auxiliary members to be given in the Methodist church Monday, starting at 10:00 A. M.

On this special day of observance it is fitting to remember that each red poppy purchased by a citizen represents one disabled soldier who is trying to help support his family through this medium. The Girl Scout troop will assist the auxiliary in the sale and will contact people Saturday. Buy a poppy for them.

The following program has been arranged for Memorial day:

America ..... Audience Invocation ..... Rev. W. E. Jones Violin Solo ..... Esther Frederickson Vocal duet, Mr. and Mrs. J. A. Clarke Introduction of Speaker by Rev. O. W. Payne.

Address ..... Father Conner Vocal Solo ..... Dr. F. V. Prime Standing tribute to Soldiers Dead Star Spangled Banner ..... Audience Benediction ..... Rev. E. James Cain

The line of march to the cemetery will be formed at the church. At the cemetery a salute to the dead will be given by the firing squad and taps will be sounded as a final formal tribute of the day.

## TWINS SPECIAL GUESTS FOR THIS TALKIE AT OASIS.

Frederic March, screen "twins" in "Strangers in Love" invites twins of this district, whose resemblance is striking, to be his guests at the Oasis theatre during the showing of this picture Sunday and Monday, May 29-30.

There are no strings attached to this offer. If you are fortunate enough to be twins, just present yourselves at the theatre for free admission.

Your host, Fredric March, whose amazing double role in "Dr. Jekyll and Mr. Hyde" is one of the topics of conversation still on the tongues of all movie fans, has a new dual portrayal of more genteel cut as "twin brothers" in the Paramount talkie, "Strangers in Love," filmed from the novel, "The Shorn Lamb," and to be free for twins at the Oasis theatre Sunday and Monday.

March enacts the role of an usurping son who forges a will to deprive a brother of his inheritance, and also the role of the adventuresome vagabond brother who comes into his own after a series of thrilling and romantic episodes.

Kay Frances, Juliette Compton, Stuart Erwin, George Barbier and Lucien Littlefield head the supporting cast. Direction is by Lothar Mendes.

Scenes are lavishly set in New York and Long Island.

A special Memorial day short feature with Floyd Gibbons commemorates our entrance into the world war. A novelty, "Wrestling Swordfish," a comedy, "Pottsville Palooka" and Fox News will round out this two hour program.

## MARY WILL ATTEND 4-H CLUB SUMMER SCHOOL

With reservations for the annual 4-H club summer session already in from 33 of the 36 Oregon counties, a high attendance, approximating that of a year ago when 725 enrolled, is assured for the two weeks period on the Oregon State college campus. The dates this year will be June 13 to 25 which is one week later than last year, overlapping the regular adult summer session by one week.

Estimates of attendance at first were somewhat under last year but later reports from the counties indicate that some are sending more than a year ago which will apparently balance the reduced delegations from other counties, according to H. C. Seymour, state club leader. Last year there were 725 actual club members present in addition to some 75 leaders who assisted in the school.

In line with the general lowered costs, particularly of food, the charge for board and room for the weeks period this year has been reduced from \$15 to \$13. The girls will reside in Waldo and Klidder halls, as usual, and the boys will live in the men's dormitory.

The program calls for about four hours of classroom and field instruction each day except Sunday, but varied so as to meet all interests and avoid monotony. Physical recreation is always a prominent feature of the session with indoor and outdoor sports carried out under expert supervision.

Assembly programs will again be important features of the club sessions with prominent officials and business men scheduled for each day, affording club members an opportunity to come in touch with people in important places of leadership.

Applications for admission to the session need to be in by June 1 to be sure of being acted upon. Those who have not won trips through their work at county or state fairs or other awards and who now seek admission are advised to make arrangements through the person in their county in charge of directing 4-H club work.
