**NOTICE OF HEARING UPON FINAL REPORT.**

In the County Court of the State of Oregon for Umatilla County.

IN THE MATTER OF THE ESTATE OF CHARLES MACDONALD, DECEASED.

NOTICE IS HEREBY GIVEN that the undersigned administrator with the will annexed of the estate of Charles MacDonald, deceased, has filed his Final Report with the Clerk of the above entitled Court, and that the Judge of said Court has designated Saturday, the 8th day of October, 1932, at 2:00 o'clock in the afternoon as the time, and the rooms of the above entitled Court in the County Court House in Pendleton, Umatilla County, Oregon, as the place when and where hearing is to be had thereon. All persons interested are hereby notified to then and there appear and show cause, if any they have, why said report should not be approved, the administrator discharged, his bondmen exonerated and the estate closed.

Dated this 8th day of September, 1932.

F. B. SWAYZE,  
Administrator.  
(Sept. 8-Oct. 6)

**NOTICE TO CREDITORS.**

In the County Court of the State of Oregon, for Umatilla County.

IN THE MATTER OF THE ESTATE OF THOMAS WALTER BOTKIN, DECEASED.

NOTICE IS HEREBY GIVEN that the undersigned has been appointed executrix of the last will and testament of Thomas Walter Botkin, deceased, and has qualified as the law directs. All persons having claims against said estate are required to present the same to me at the office of W. J. Warner, my attorney, in Hermiston, Oregon, with proper vouchers, within six months from the date hereof.

Dated this 8th day of September, 1932.

MARTHA V. BOTKIN,  
Executrix.  
(Sept. 8-Oct. 6)

newspapers of the county, the County Agent's office has had a greatly increased demand for bulletins dealing with such subjects as canning, drying and storing of fruits, vegetables and meats.

To make the available information as widely spread as possible, the Herald is supplying the following information on the subject of vegetable storage. The information is provided this newspaper by the County Agent's office from a new bulletin upon vegetable storage written by Professor A. G. B. Bouquet of Oregon State Agricultural College.

Vegetables for storage must be sound, in a proper stage of development, and free from such blemishes as cracks, cuts, bruises, or injuries due to insects, all of which are usually conducive to rots and molds.

**Storage Places.**  
Vegetables can be stored in the cellar under the house, in pits or banks, in special houses built for storage or in outdoor cellars. Cellars containing a furnace are usually too warm and dry for vegetable storage. A room can be partitioned off in the cellar or basement, building the partitions of non-heat-conducting material such as stone or hollow tile. There should be at least one window in the room to assist in ventilating and regulating temperature. The construction of outdoor pits is discussed in the paragraphs regarding root crops. Special houses are built for such crops as onions, when grown on a commercial scale.

Boxes or crates can be used for storing vegetables such as peppers, tomatoes, and eggplant. For certain vegetables bins can be built. Shelves suspended from the ceiling or rafter beams are useful for holding pumpkins, squash, and other vegetables that would spoil if allowed to lie on the cool damp ground or piled in bins. A slat floor a few inches off the ground may be made to hold boxes and other containers so as to permit free circulation of air and prevent the containers from becoming meeting places for mice.

**Conditions for Storage.**  
Temperature, moisture, and ventilation are important factors in storing vegetables. Moderately high temperatures cause shrinkage and breakdown, whereas temperatures below 32 degrees F. may cause freezing injury and subsequent breakdown. With the exception of squash, pumpkins, dry beans, tomatoes, and peppers, temperatures ranging from a few degrees above 32 degrees to 40 or 45 degrees F. are most suitable. The optimum humidity or air moisture varies with the vegetables being stored. Root crops shrink badly in an atmosphere of low humidity, but potatoes, onions, squash and dry beans store best under relatively dry conditions.

**Tomatoes.**  
Fruits that are in the turning stage or beginning to show color when picked will ripen normally when stored at 50 degrees F. At 40 degrees F. there will be no normal ripening in tomatoes of any stage of immaturity. The lowest temperature at which full ripening with good color and flavor will develop is 55 degrees F. At this point the rate of ripening is comparatively slow, but there is no decay nor breakdown. This temperature is recommended

for either storage or delayed-ripening purposes. Firm, fully ripe tomatoes also hold up satisfactorily at 55 degrees F. If tomatoes are chilled down to 36 degrees to 40 degrees F., they may be expected to break down rather readily when brought up to higher temperatures. All fruits for storage should be carefully handled without bruises and the fruit itself should be sound.

**Beans and Peas.**

Harvest individual pods or pull up entire plant with pods on and spread in a dry place. Thresh as soon after harvesting as pods are dry. After threshing fumigate with carbon bisulfide to kill weevils. The dosage is from 5 to 8 pounds to 100 bushels of seed, or 1 pound to 100 cubic feet of space. For small lots, use a half-gallon jar of threshed seed, pour one tablespoonful of carbon bisulfide over the top and tightly close the jar, leaving it for 48 hours. Dry beans for table use should be well aerated after fumigation before being used for food (see Circular of Information 273, "Bean and Pea Weevils").  
(Continued Next Week.)

**PROPOSED ORDINANCE.**

AN ORDINANCE granting to The Pacific Telephone and Telegraph Company, its successors and assigns, the right and privilege to do a general telephone and telegraph business and to place, erect, lay, maintain and operate in, upon, and under the streets, alleys, avenues, thoroughfares and public highways within the City of Hermiston, poles, wires and other appliances and conductors for the transmission of electricity for telephone, telegraph and allied purposes of communication. The City of Hermiston Does Ordain as Follows:

Section 1. There is hereby granted by the City of Hermiston to The Pacific Telephone and Telegraph Company, its successors and assigns, the right and privilege to do a general telephone and telegraph business within said City of Hermiston and to place, erect, lay, maintain and operate in, upon and under the streets, alleys, avenues, thoroughfares and public highways within the said City, poles, wires and other appliances and conductors for the transmission of electricity for telephone, telegraph and allied purposes of communication. Such wires and other appliances and conductors may be strung upon poles or other fixtures above ground, or at the option of the grantee, its successors and assigns, may be laid underground in pipes or conduits or otherwise protected, and such other apparatus may be used as may be necessary or proper to operate and maintain the same.

Section 2. It shall be lawful for said The Pacific Telephone and Telegraph Company, its successors and assigns, to make all needful excavations in any of such streets, alleys, avenues, thoroughfares and public highways in said City for the purpose of placing, erecting, laying and maintaining poles, or other supports or conductors for said wires or repairing, renewing or replacing the same. Said work shall be done in compliance with the rules, regulations, ordinances or orders, which may during the continuance of this franchise be adopted from time to time by the City of Hermiston.

Section 3. Whenever The Pacific Telephone and Telegraph Company, its successors and assigns, shall disturb any of the streets for the purpose aforesaid, it or they shall restore the same to good order and condition as soon as practicable without unnecessary delay, and failing to do so the City of Hermiston shall have the right to fix a reasonable time within which such repairs and restoration of streets shall be completed, and upon failure of such repairs being made by said Company, its successors and assigns, the City of Hermiston shall cause such repairs to be made at the expense of said The Pacific Telephone and Telegraph Company, its successors and assigns.

Section 4. Nothing in this ordinance shall be construed in any way to prevent the proper authorities of the City of Hermiston from sewerage, grading, planking, rock-ing, paving, repairing, altering, or improving any of the streets, alleys, avenues, thoroughfares and public highways within the City of Hermiston in or upon which the poles, wires, or other conductors of said Company shall be placed, but all such work or improvements shall be done if possible so as not to obstruct or prevent the free use of said poles, wires, conductors, conduits, pipes, or other apparatus.

Section 5. The said grantee, its successors and assigns, hereby agrees with the City of Hermiston to indemnify and save harmless the said City of Hermiston against all damages, costs and expenses whatsoever to which the said City may be subject in consequence of the acts, neglects or defaults of the said Company, its agents or its servants in any manner arising from the rights and privileges herein granted.

Section 6. Whenever it becomes necessary to temporarily rearrange, remove, lower or raise the aerial cables or wires or other apparatus of the grantee to permit the passage of any building, machinery or other object, the said grantee will perform such rearrangement on seven (7) days' written notice from the person or persons desiring to move said building, machinery or other objects. Said notice shall bear the approval of such official as the Council may designate, shall detail the route of movement of the building, machinery or other objects, shall provide that the costs incurred by the grantee in making such rearrangement of its aerial plant will be borne by the person or persons giving said notice will indemnify and save said grantee harmless of

and from any and all damages or claims of whatsoever kind or nature caused directly or indirectly from such temporary rearrangement of the aerial plant of the grantee.

Section 7. In consideration of the rights and privileges hereby granted, the City of Hermiston shall have, and the said The Pacific Telephone and Telegraph Company hereby grants to it the right and privilege to place, where aerial construction exists, a fixture on the tops of poles erected and maintained under this franchise to which may be attached wires not exceeding four, and where underground conduit exists the said The Pacific Telephone and Telegraph Company shall furnish the said City with one duct in its main underground system, excluding pipe or other conduit dips connecting one pole with another, or two pairs of wires in its main underground cable, free of charge to said City, to be used for low tension police and fire alarm purposes, it being understood that it shall be optional with the grantee as to whether two pairs of wires shall be given or a duct in the underground system. Provided, however, that said The Pacific Telephone and Telegraph Company shall not be responsible in any manner whatsoever for damages caused by the failure of said police or fire alarm systems, or any part thereof, to operate, and the City of Hermiston hereby agrees to hold said The Pacific Telephone and Telegraph Company harmless of and from any and all claims, damages or liability of any kind whatsoever caused, directly or indirectly, by the failure of said police or fire alarm systems, or any parts thereof, to operate.

Section 8. In further consideration of the rights, privileges and franchise hereby granted, said grantee, The Pacific Telephone and Telegraph Company, its successors and assigns, shall pay to the City of Hermiston from and after the date of the acceptance of this franchise and until the expiration of the sum of twenty-five Dollars (\$25.00) per year, and the said sum annually shall be in lieu of all licenses or other charges which might be imposed on said grantee, its successors and assigns, except City Taxes regularly assessed on a property valuation basis as all other property in the City is assessed. Payment of

said sum of Seventy-Five Dollars (\$75.00) shall be made on or before the 15th day of January of each and every year for the calendar year preceding, with the exception that in the year 1933 payment shall be made only for the period commencing on the date this franchise becomes effective by its passage and approval, and ending on December 31, 1932. This franchise may be forfeited by failure to make the payment herein provided for.

Section 9. The rights, privileges and franchise herein granted shall continue and be in force for the period of twenty (20) years from and after the date of the passage and approval of this Ordinance.

Section 10. This Ordinance shall take effect and be in force from and after its passage and approval, which said passage shall take place not less than twenty (20) nor more than ninety (90) days after the completion of publication of this Ordinance, at least twice in a newspaper of general circulation published in the City of Hermiston as required by the City Charter, and the said grantee shall, within thirty (30) days of the passage of this Ordinance, file with the Recorder of the City of Hermiston, its written acceptance of all the terms and conditions of this Ordinance.

The foregoing is a proposed Ordinance being considered by the City Council. Any one interested may discuss the same with the Council at any regular meeting up to and including the meeting of December 7, 1932.

CHAS. TAYLOR,  
Recorder

**SHERIFF'S SALE**

NOTICE IS HEREBY GIVEN that under and by virtue of a writ of execution issued out of the Circuit Court of the State of Oregon in and for the County of Umatilla, under the seal thereof, and to me directed and delivered upon a judgment and decree rendered and entered in said court on the 12th day of September, 1932, in favor of F. V. Prime as plaintiff, and against John S. West and Adora E. West, his wife, as defendants, whereby the plaintiff did recover a personal decree against

the defendants, John S. West and Adora E. West, his wife, for the sum of \$500.00 with interest thereon at the rate of 8 per cent. per annum from the 16th day of April, 1931, and the further sum of \$75.00, attorney's fees, and the costs and disbursements taxed at \$25.50, and whereby it was decreed that the mortgage dated on the 16th day of April, 1931, executed by John S. West and Adora E. West, his wife, to plaintiff, upon the following described real property in Umatilla County, Oregon, to-wit:

Lots Sixteen, Seventeen, Eighteen, Nineteen and Twenty in Block Eight in the original town of Hermiston as platted in the Northeast Quarter of the Southeast Quarter of Section Ten, Township Four North, Range Twenty-eight, E. W. M. in Umatilla County, Oregon,

which mortgage was recorded on April 27, 1931, at page 426 of book 99 of the records of mortgages in the office of the County Recorder of Umatilla County, Oregon, should

be foreclosed, and the said real property sold by the Sheriff of Umatilla County, Oregon, to satisfy said judgment and all costs; therefore I will, on Monday, October 24, 1932, at two o'clock in the afternoon of that day, at the front door of the Court House in the City of Pendleton, Umatilla County, Oregon, sell all the right, title, interest and estate which the said defendant, and all persons claiming and to claim by, through or under them, or any of them, had on the 16th day of April, 1931, or since then have had, or now have, in and to the above described real property and every part thereof, at public auction to the highest bidder for cash in hand, the proceeds of such sale to be applied in satisfaction of said execution and all costs.

Dated this 16th day of September, 1932.

TOM B. GURDANE,  
Sheriff of Umatilla  
County, Oregon.  
By Grace Jackson, Deputy.

**Both in the Same Boat**

Swift & Company has more than one hundred produce plants, where poultry, eggs and dairy products are bought, prepared and shipped to far-off markets. In each plant is an ambitious, hard-working local resident—the manager. In his community that man is "Swift & Company".

He has the producer viewpoint. He rejoices when prices are satisfactory to his patrons. In his interest is selfish. He is in the same boat with the farm producer. His advancement in business, in his own organization, depends on how much produce he purchases and how well he handles it.

Your Swift produce plant manager strives for steady operation at full capacity; only under such conditions is his plant most efficient. He wants volume and full pay-rolls. Nothing pleases him better than to pay the cash price for more and more produce.

That price is governed by demand, by what consumers can and will pay. But when the local manager is ready to ship his prepared products, demand is not awaited; is not left to chance. Swift & Company enhances demand for produce by advertising brands of high quality: Swift's Premium Milk-Fed Chickens, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products.

An army of Swift & Company salesmen, working from 400 branch houses and along hundreds of car routes, searches daily for bigger and hungrier markets. The local manager buys to supply those markets. Thus continually expanding outlets are opened up for the producer. The same army of salesmen sells both meat and produce. The same railroad cars transport both. Thus, costs of marketing are reduced for both livestock men and produce men.

Swift & Company has developed a national sales force and a national buying organization—striving to lower costs between the farm and the retail store. The personal welfare of each man depends on how well he does that job. That's why the charges for the service are low. Profits have averaged, over a period of years, less than a half cent a pound for all products sold.
