 Mr. and Mrs. Burl Wattenburger

**Ride the Range--behind your own herd**  
 There are perhaps more thrills and romance in riding the range, guardian of the welfare of the thundering herd, than in attending the details of guarding one's nickels and dimes. Still, the comparison is there, your dollars, which you work and sweat to earn, the herd under your charge.  
 Make the game a thriller; your dollars the herd; our bank the range. Keep them on this range to grow and fatten.  
 The gates are open. Round up and drive in the herd. We invite you to open your account today.

**O. F. STEELE**  
 DEMOCRATIC CANDIDATE  
 FOR  
**COUNTY ASSESSOR**  
 General Election, Tues., Nov. 8, 1932  
 "FAIR AND IMPARTIAL TREATMENT TO ALL."  
 Have been a taxpayer for 35 years.  
 If I am elected I will during my term of office endeavor to best of my ability exercise the judgment I have acquired, covering a period of 21 years that I have served as field and office deputy Assessor of Umatilla County. (Paid Adv.)

**NOT CONSOLIDATION . . . but a COSTLY EXPANSION!**  
 The ZORN-MACPHERSON SCHOOL "JUGGLING" BILL AT TAXPAYERS' EXPENSE — ESTABLISHES 4 NEW SCHOOLS, CREATES 2 NEW TYPES OF SCHOOLS — BOTH UNTRIED and UNNEEDED.  
 Under the guise of economy, unknown interests propose this extravagant building and wrecking program, which claims to be a consolidation of Oregon's higher educational system. There are five campuses now, and if this bill is approved, there will still be five campuses—after a raid has been made on the taxpayers' money! The following facts will enable every taxpayer to prevent this experiment which endangers our higher educational system, and results in a tremendous financial outlay by taxpayers.  
**4 New Schools Established**  
 This bill actually creates 4 NEW schools—a junior college at La Grande and Ashland; a law school at Salem; and a teachers' college at Eugene. In addition, it "junks" the Monmouth Normal School, valued at \$700,000, and uses but one-third of the facilities of the University at Eugene. This disarrangement will result in a tremendous financial outlay by taxpayers for additional NEW schools, NEW departments, NEW courses and NEW equipment. There are five campuses now. If this bill is approved there will still be five campuses; but, in addition, the taxpayers will be forced to erect new housing facilities for the University law school and library at Salem; provide NEW buildings and dormitories to accommodate the greatly increased student body poured onto the Corvallis campus; and equip two NEW junior colleges and a teachers' college with new and costly facilities for conducting a NEW and untried system.  
**2 New Types of Schools Proposed**  
 Two NEW TYPES of schools are created by this bill—two junior colleges and a teachers' college—both untried and unneeded in Oregon. To educate students for junior standing in technical and scientific college courses, requires expensive laboratories and equipment, thus tripling the same facilities now maintained at the University and State College. The passing of this bill establishes the principle of STATE SUPPORT TAX for all or any junior colleges. Every town in the State of Oregon will then have the right to demand a junior college! Every legislature session will invite log-rolling bills for appropriations for new junior colleges in ambitious localities. Taxpayers of this state are asked to vote on this costly junior and teachers' college experiment, with every expenditure made at their expense.  
 In addition, this bill claims a saving of \$1,000,000 per year in taxes, BUT DOES NOT ACTUALLY REDUCE OREGON'S BASIC STATE TAX for higher education by a SINGLE PENNY. You will pay the same tax for state schools as you do now if this bill is approved.  
**VOTE 317 x NO!**  
 The Zorn-Macpherson School Moving Bill establishing 4 NEW SCHOOLS.
