RETURNED AFRICAN MISSIONARY SHOWS PICTURES OF WORK

IRA E. GILLET RETURNS ON FURLOUGH; 13 YEARS SERVICE.

Message Sent From African Woman To America Through Leopard Skin; War Club Sent.

Ira E. Gillet, on furlough after thirteen years of service in Mozambique, (Portuguese East) Africa, gave an address Sunday evening at the Methodist church, illustrated by motion pictures, and stereopticon pictures. A splendid exhibit of African articles of daily use was shown with Mr. Gillet adding a personal touch to the articles by telling of the individual characters who had made them.

Mr. Gillet avoided the unpleasant side of his work in his address and told only of the progressive, pleasant side. He said that an African woman who was a class leader presented him and his wife with a beautiful leopard skin at the time of their departure for America last November giving the following presentation speech.

"This is one skin from one animal. It is neither white nor black entirely. It is both black and white. It is more beautiful as it is. In sending our greetings to America, we wish them to consider this as representing God's great human family. We are not all white and we are not all black. Let black folks and white folks help each other to make human life beautiful."

The woman making this presentation speech, Mr. Gillet said, was a sensible, dignified, barefooted, chocolate-colored, Methodist class leader.

Another presentation was made by a native named Paul Lice, who presented Mr. and Mrs. Gillet with a war club sending this message: "Take this club to America and show it to them over there. Tell them how we used to use this club when going about in other communities, especially in the territories of other chiefs. We had to defend ourselves lest we be set upon and beaten or robbed." Following this speech the young man held up a New Testament and said: "Since we have had this book among us we have not needed the club nearly so much."

An interesting piece in the collection was the bark of a tree which the natives had pounded until it was large enough to be used for a blanket. Another was a hat that had been presented to Mr. Gillet made of palm leaves. Many baskets, skins, spoons, forks, dolls, and many other articles made by the pupils in the school were shown by the teacher who helped found this mission.

"The boys and girls of Africa are being trained to live in sanitation in the environment of their own country and not to become civilized and accustomed to using modern conveniences as we have them in America," Mr. Gillet said. When they leave the school they are able to take care of their families with the meager means of which they are accustomed.

After braving the dangers of Africa, Mr. and Mrs. Gillet came to America on furlough the first of the year and while in New York were struck by an automobile and injured. Mrs. Gillet suffered a fractured skull and Mr. Gillet several broken ribs. Mrs. Gillet has not fully recovered but is improving.

From here Mr. Gillet returned to Oregon City where he is making his headquarters while in the United States.

JUNIOR CLASS TO PRESENT PLAY NOVEMBER 4TH.

(From the "Bulldog") "Applesauce," a three-act comedy full of laughs, a few tears, and many thrills is the play to be presented by the Junior class, November 4, at the Oasis theatre.

The story is that of the rivalry of two young men for a girl. One, Bill McAllister, a type of youth who gets along in life without working, has a cheerful optimism, the ability to tell people how nice they are, and somehow obtains everything necessary in life—even a girl. The other, Rollo Jenkins, is an industrious person, who spends his money wisely, and only after much thought and deliberation.

Rollo, is the choice of Hazel's father and because Rollo asks first, he becomes engaged to Hazel. The gossip of Jennie Baldwin and the family difficulties of Pa and Ma will make you laugh until you cry. Bill, in a side-splitting scene, plays up an enormous cost of living to Rollo, and that would be telling too much. See and enjoy the play yourself.

Tryouts have been held, and rehearsals are well under way. Miss Elliott, class adviser, is directing the cast which is as follows: Ma Robinson Betty Ralph Pa Robinson Fred Reeves Hazel Robinson Anna Ray Martin Bill McAllister Eugene Pierce Rollo Jenkins Melvin Follett Jenny Baldwin, Helen Jendrzejewski Matt McAllister Don Serell

NEW MANAGEMENT FOR HERMISTON HOSPITAL

Mrs. McKenty is a graduate nurse of the California hospital in Los Angeles, and has also completed a post graduate course in obstetrics and antiseptic in St. Joseph's hospital at Tacoma, Wn., besides having had several years experience in supervising different departments in hospitals.

Mrs. McKenty hopes to have the cooperation of all doctors and of all the people of the community, and in return will render the best possible service.

The Hermiston hospital is fully equipped to care for all surgical, medical, and X-ray patients. Any one needing hospitalization will help support and maintain this institution for the good of the community.

Miss Whitney and Alicia Ouellette left Friday for Battle Ground, Wn., where Miss Whitney will remain for the present. Miss Ouellette plans to go to Longview, Wn., soon to remain indefinitely.

DEALS FRANKLY IN SEX PROBLEMS OF YOUTH.

"Age of Consent," the film play which will be at the Oasis theatre Sunday and Monday, with a matinee 2:30 Sunday, is a well-developed story dealing frankly and sympathetically with the sex problem of students. It is said to be one that will appeal to all persons because of its wholesomeness and poignant nature and because of its natural cast.

Dorothy Wilson, a new "find," has the leading role and that in itself smacks of Cinderella romance, since she was lifted out of a typist's position to play the lead. Richard Cromwell, with only a few pictures behind him, plays the part of the young man at the crossroads of life, and Arlene Judge and Eric Linden are seen as two young sophisticates typical of many seen at country clubs and school dances.

The problem, as presented by the play, is a complex matter of whether to satisfy the mating instinct now or wait a couple of years in order to have the approval of the older generation; moreover, what is right and what is wrong, and, if so, why?

Completing the program is a Fox News and an exceptionally good comedy, "The Ice man's Ball," with Clark and McCollough, famous vaudeville comedians.

COUNTY PEOPLE WIN AWARDS AT LIVESTOCK SHOW

COUNTY JUDGING TEAM PLACES 11th IN CONTEST.

Stanley Green Wins Several Premiums; Interest in Show Makes It One of Best Held.

Umatilla county entrants in the 22nd annual Pacific International Livestock Exposition now being held in Portland have been awarded several premiums. The Exposition, which is featured by the afternoon agricultural displays and by the evening rodeos, is reported to be the best held in years, due to increased interest being shown in its departments.

Great interest is being shown in the dairy stock which represents the best that this part of the world can produce. Revival of draft horses as a main part of the horse show has also caused much comment. It is the purpose of the agriculturists to build up the quality of draft stock now on average farms, to meet the quality of horses at the show. During more prosperous times farmers have allowed their stock to run down when they could turn to mechanical power; now much interest is being shown in horses as a farm necessity and breeders of fine stock have been unable to meet the demand.

The Umatilla livestock judging team, which was composed of Fred Reeves, Glen Pierson, and Clement Stockard, tied the Tillamook team for 11th place in a group of forty-four teams representing five states and British Columbia.

Stanley Green led entrants from the western part of Umatilla county winning the following premiums: Senior Heifer Calf—1st, premium \$10; Yearling Heifer Calf—2nd, premium \$10; Hampshire Ram—7th; Hampshire Fat Lamb—3rd; and 1st on his alfalfa. His father, E. S. Green, was second in the same division.

A letter received from Gladys and Thelma Korquist, daughters of Mr. and Mrs. Peter Korquist, who moved from Columbia district to Centralia, Wn., some time ago, tells something of the country in which they are now living, and of the school they attend. The letter follows:

"We enjoy the country up here but miss our many friends of Hermiston. Our home lies along the Pacific highway, about three miles west of Centralia. Instead of seeing baled hay, we see trucks and trains loaded with the finest of timber going out of the country. Fir, pine and spruce trees surround our residence.

"We enjoy school as there are many sports. We are on the basketball team and have a beautiful gymnasium with a large circular balcony, which is quite crowded during games. There is a total of 260 pupils in Rochester high school, with 40 seniors. We also belong to the girls league."

BULLDOGS LOSE TO FAST ATHENA TEAM HERE FRIDAY

VISITORS WIN SECOND CONTEST WITH BULLDOGS. 7-0.

Locals Go To Heppner Friday; Second String Meets Echo Here Monday.

The Athena football aggregation defeated the Purple and Gold for the second time this season when they won by a 7-0 score on the local gridiron Friday.

The invaders scored at the beginning of the last half, when Jennings, Athena quarterback, ran a punt back seventy-five yards for a touchdown. The try for point was good, making the score 7-0.

Both teams gave an excellent exhibition of teamwork and ability on defence as well as offence. Several times the Bulldogs were close to a "get away," but there was always an Athena man ready to receive the runner. Hermiston gains were made chiefly on end runs and line plays. "Chuck" Hunt was responsible for most of the end runs, while much credit for the line plunges went to Martin. Bulldog fullback.

Such advances by backfield men were made possible by the fine cooperation of the line to whom much credit is due.

Friday the Bulldogs will invade Heppner in the first of a series of two games; the second will be played here as a feature of the Legion Celebration Armistice Day. Outcome of this game will probably depend on "breaks" as the Bulldogs won from Pilot Rock 12-0, while the Pilot Rock team defeated Heppner 12-0. On the other hand the Heppner boys defeated the Athena team 20-0 while Athena won from the Bulldogs twice.

The Bulldog second team will meet the Echo team here Monday in the second of a series of four games; the Echo team won the first game 12-0.

ALONG THE CONCRETE

These out-of-town sportsmen are getting to be a nuisance. We wouldn't complain a bit if they show some birds, but when they insist upon laying one's live stock low and seldom fail to sprinkle one's domicile with buckshot, it's too much and we shouldn't stand for it.

We were talking with a man the other day who thought that he'd discovered that the government was to blame for the hard times; poor fellow, he must have been out of his head.

Thursday morning several housewives were complaining the loss of their wash boilers and tubs. It is presumed that they disappeared during the preparation for the parade of the night before given in honor of a newly-married couple.
