

WEEK ENDS ONLY SHOWN THIS WEEK END AT OASIS.

Light, breezy, entertainment, with a pleasant accompaniment of youth and beauty, smart feminine attire, sophistication and sprightly dialogue is offered in Joan Bennett's new-

est starring vehicle, "Week-ends On the Oasis," which plays Sunday and Monday at the Oasis Theatre. From a luxurious home to a tenement, and then in rapid succession to an elaborate speakeasy, a Greenwich Village apartment, an artist's studio, an Adriatic lodge and an ocean liner—these are the contrast-

ing backgrounds against which Joan Bennett and Ben Lyon move. The comely youngest Bennett, who wears clothes, incidentally, with an air and a dash that every woman in her audience will envy, is cast as a suddenly impoverished, utterly untrained daughter of a millionaire who lost his money in the stock market, who takes up professional week- ending as a means of augmenting her scanty income. She finds a surprising number of wealthy hosts who are willing to pay a stiff price to obtain her services as a professional hostess to their week-end guests. Of course, the contract demands that the relationship be kept on a strictly business basis, which provides some complications before the film runs to its end—particularly when the young man in the case, a penniless artist whom the girl has befriended, finds her in her week-end role.

Miss Bennett's clothes, by the way are sufficient excuse, even if there were no other, to see the show. The program will be completed with the latest edition of Fox Movie-tone News, and a good Andy Clyde comedy.
