GOAD

THE DEMOCRATIC NOMINEE

FOR

SHERIFF

OF UMATILLA COUNTY, ORE.

A MAN THAT IS FOR UMATILLA COUNTY AND ITS PEOPLE.

I am forty-four years of age; have been a resident of Umatilla County continuously for the past eighteen years; I am married, with a wife and three children of school age, living on a small farm adjoining the city limits of Pendleton. I have had five years of law enforcement experience.

If I am elected Sheriff of Umatilla County on November 8th, 1932, I shall do my utmost to give the people an efficient, honest, economical business administration, with a reasonable enforcement of all laws. I will employ only citizens of Umatilla County; will not employ women who have husbands drawing compensation elsewhere; I will not be prejudiced but will perform my duty at all times; will not arrest anyone of my own accord without substantial evidence of guilt. I will be found willing to investigate any question that might arise and will do all in my power to save every dollar possible for the taxpayers of the County.

Courteous treatment to all; special favors to none and a square deal for everyone.

O. F. STEELE

DEMOCRATIC CANDIDATE

FOR

COUNTY ASSESSOR

General Election, Tues., Nov. 8, 1932

"FAIR AND IMPARTIAL TREATMENT TO ALL."

Have been a taxpayer for 35 years.

Sectional Interests VERSUS the State

After two unsuccessful attempts to keep the School Consolidation Bill from being presented to the people, the selfish interests opposing this measure are now flooding the State with misstatements concerning it. Don't be misled. Vote YES for School Consolidation.

Give Oregon a Great University and a Fine Teachers' College and Save Millions in Taxes

Stops duplication of courses, and of administration, operation and maintenance and capital investment. Approximate annual saving to taxpayers, \$1,000,000.

Provides a great consolidated university comparing with Minnesota, Ohio State, Illinois, Wisconsin, and many others. Giving equal educational opportunities to all.

Provides a fine teachers' college, using all good buildings at Eugene. Oregon's present normals rate very low.

Makes possible the development of Junior College work at Ashland and La Grande, in buildings already there.

NO NEW BUILDINGS WILL BE NEEDED

The seven million dollar State College plant at Corvallis, three times as large as the University, is now only one-third used. It is large enough to accommodate more than 6000 students. The combined enrollment of our two institutions is less than 4500.

NO FIT BUILDINGS WILL BE ABANDONED

There are sufficient good buildings on the Eugene campus for a Teacher's College, but not for a continuation of the University. The Federal Survey Commission, in a report published by the United States Department of Education, said—"In the opinion of the survey commission, practically the entire plant of the university should be rebuilt by replacing obsolete and flimsy structures by fireproof, well designed buildings." If the School Consolidation Bill does not pass, the State will be required to spend millions of dollars for new buildings at Eugene.

VOTE 316 X YES for SCHOOL CONSOLIDATION

TAX REDUCTION ASSOCIATION OF MULTNOMAH COUNTY, Woodlark Bldg., Portland. Dr. Herbert C. Miller, President, H. Ashley Ely, Secretary.
