The meeting will start at seven o'clock and every member is urged to be present to meet and hear these men who are to direct the county government for the next four years. An elaborate program has been planned for that night with musical numbers and stunts.

The members present at Tuesday's meeting discussed the present county road work which has started on the diagonal road in Columbia district. It was brought out that this work is partly for aiding the unemployed and that hours would be alternated in order that more may benefit from the work.

MUSIC STUDENTS PLAN MINSTREL

Show Directed by Elwin Knapp Will Be Staged December 9 in High School Auditorium.

(From the "Bulldog") A minstrel is going to be given December 9. Yes! A real, honest-to-goodness minstrel and you're going to get the chance to see Mandy Shutter, Liza Martin, Rastus Follett, Alexander Evans, and Bones Arnot in their top form.

The minstrel, which is directed by the music instructor, Mr. Elwin Knapp, has a cast of 30 people and is one that has been used in colleges and schools with great success. Be sure not to miss this masterpiece of niggerland to be given December 9 in the high school auditorium.

The boys' and girls' Glee clubs, band and orchestra will be there to do their bit, besides some community talent. Every moment of the evening's entertainment will be chuck full of good music and side-splitting comedy which will make you laugh until you cry.

The profits from this minstrel will go to the music department for new music and equipment.

Interest Taken in Debate.

(From the "Bulldog") The prospects are exceptionally bright for a winning debate team from Hermiston this year. Three debate lettermen, Mary Ward, Margaret Felthouse, and Ed Bensei have turned out. New material includes Don Serell, Glen Pierson, and Edna Turnblad.

The question for debate this year is: Resolved that at least one-half of all state and local revenue shall be derived from sources other than tangible property.

Tryouts will be held shortly before Christmas.

VALUABLE TALKS ON VOCATIONS HEARD BY OCCUPATIONS CLASS

(From the "Bulldog")

The occupations classes, during the past two weeks, have heard talks from three townspeople concerning particular vocations.

Those who have spoken are: W. J. Warner, speaking on law; Mrs. R. A. Brownson, speaking on the work of a librarian; and Elwin Knapp, speaking of music as a vocation.

Much valuable information, as well as enjoyment was derived from these talks and after each, the pupils are required to write a paper on the vocation as presented.

STANFIELD BOY, O.S.C. FRESHMAN, GETS GOLD WATCH.

Stanley Green of Stanfield, freshman in agriculture at Oregon State college has received a gold watch from Thomas E. Wilson, Chicago meat packer, for being judged the champion 4-H club boy of Oregon in 1932 in the production of meat animals, including hogs, sheep and beef cattle.

Green's record will be sent to Chicago to compete with those of 4-H club leaders in other Western states. The winner of this contest will be given a free trip to Chicago to compete in the national contest for three \$200 scholarships.

Green is the son of Mr. and Mrs. S. F. Green of Stanfield and has been one of the outstanding 4-H club boys in Oregon.

COUNTY HEALTH SEAL SALE CAMPAIGN WILL OPEN SOON.

Plans for the 20th annual Christmas Health Seal campaign conducted by the Umatilla County Health Association and the National Tuberculosis Association have been completed and the sale will soon be under way according to announcement today by A. H. Norton, who is acting as local assistant to the general committee.

The sale opens the day after Thanksgiving, November 25, and continues until Christmas day. Every section of the county is taking part in the drive and a special effort is being made this year to meet the greatly increased need which the long continued financial stress has brought about.

"The funds derived from this sale will revert directly to Umatilla county and this community," Mr. Norton states, "in the form of nursing and social service by the county nurse, Mrs. Ruth Hinegardner, who in the course of her duties often travels over a thousand miles a month to aid tuberculosis sufferers, arranging for care and treatment and providing safeguards for others in the homes who may have been exposed to the disease."

"During the past year the county nurse has made 187 visits to tubercular cases in this county and has arranged for 20 patients to be sent to the Eastern Oregon Tuberculosis Hospital at The Dalles. At present time there are 5 cases from this county on the waiting list.

"An educational campaign for prevention of tuberculosis is also conducted through schools, clubs and other channels and the National Association is conducting highly important experiments in search for a cure for the disease."

Each local association raises its own funds by the local sale of Christmas seals and the amount of work it is able to do depends directly upon the support of each community.

W. H. Till of Pendleton is county chairman for the campaign and he is being assisted by prominent residents in each section.

Seniors Present Unique Program.

(From "The Bulldog")

The student body witnessed a very unique radio program presented by the class of '33 on November 2, over station S. O. S. Hermiston Hi School, with Ed Bensei as announcer.

The program included a harmonica solo, a session of a doctors' convention, and a comical tragedy of the days of kings and queens. The unsolicited advertising which was inserted here and there added much spice to the entertainment.

The Day of Thanksgiving.

Thanksgiving Day is the one national festival which turns on home life. It is not a day of ecclesiastical saints. It is not a national anniversary. It is a day of Nature. It is a day of Thanksgiving for the year's history. And it must pivot on the household. A typical Thanksgiving dinner represents everything that has grown in all the summer, fit to make glad the heart of man. It is not a riotous feast. It is a table piled high, among the group of rollicking young and sober joy of the old with the treasures of the growing year, accepted with rejoicing and interchange of many festivities as a token of gratitude to Almighty God.

Remember God's bounty in the year. String the pearls of His favor. Hide the dark parts, except so far as they are breaking out in light! Give this one day of thanks, to joy, to gratitude.—Henry Ward Beacher.

FARM BUREAU AUXILIARY COMBINE BUSINESS AND PLEASURE.

At the regular business meeting of the Farm Bureau Auxiliary in Columbia district a discussion was held of the possibilities of forming units in Hermiston and Stanfield, but no definite action was taken.

An amendment to the constitution was voted in which gave the membership the liberty to lower or raise dues paid into the organization, by a majority vote.

Mrs. J. H. Reid had charge of the social hour, assisted by Mrs. Knaut, and Mrs. A. E. Marble. Mrs. John Paxton read a Thanksgiving poem, and Mrs. Knaut read a "committed" item from the Hermiston Herald that provoked much laughter.

Ideas were exchanged on what was thought to be the most useful kitchen articles. Mrs. Hutchison cleverly told of the wonderful things her butcher knife would do, in original rhyme. Mrs. Marble told of how useful her soup sieve was in her kitchen.

A relay race was staged in which the ingredients for a cranberry pie were used. The losers were short just two cranberries. Mrs. Cecil Madden came out as champion in naming the parts of a turkey. She had more parts than were needed.

Candidate for Re-Appointment.

In order to correct the impression that she is not a candidate for re-appointment to the office of postmaster, Mrs. Lella Phelps makes this statement, "I am seeking the re-appointment as postmaster for the Hermiston office." Mrs. Phelps has served faithfully and well during her term in the office here, and many are asking for her re-appointment.

AMAZING EXPLOITS OF FRENCH SECRET POLICE.

Interwoven in an absorbing drama actual methods of scientific crime detection are shown in "Secrets of the French Police", playing at the Oasis theatre Friday and Saturday.

The French police are famous for the cunning and secretive methods they use to trap the criminal and in this production some of the interesting ways in which they operate are disclosed. The technical director, a noted French detective, has made every effort to make the picture perfect in its technical details even to the tiniest tube of acid in the research laboratory assembled during the filming of "Secrets of the French Police".

The story, based on the series of Ashton-Wolfe, published in the American weekly, and one of the adventures of the great Bertillon, world-famed detective, is one filled with thrills and intrigues.

Beautiful Gwili Andre is the girl in the case and furnishes plenty of love interest. Other outstanding members of the cast are Frank Morgan, the veteran stage actor, as the great detective, St. Cyr and George Ratoff as a villainous Russian General.

"The Millionaire Cat," the comedy on this bill, with Clark and McCullough will give even the gloomiest a laugh. Crazy Kat with his funny antics in "What a Knight" does his bit in rounding out this extra good program.

ALONG THE CONCRETE

The other morning one of our local residents became quite interested in the story he was telling us about the great influence the election has all ready had on the course of events. He tells us, in illustrating his point, about his pet rooster which, when Hoover was going strong, would lay only one egg a day; now that Roosevelt is assured of office the egg laying rate has increased to two eggs per day. We are earnestly assured that by the time March 4th gets here the added stimulus of the election will bring his rooster's rate up to three. Nice story to tell, no doubt—but we still think Hoover deserves some credit for getting that first egg from the rooster.

A consultation was being held over Tom Jensen's whiskered Scotty (or plain dog) pup yesterday after a "car had hit the little fellow. At first it looked as though his injuries were fatal but after a little he shook his head and walked away. He may have thought the Democratic landslide had hit him.

If only we could get out of paying our debts as easily as do this country's European debtors.

Someone was telling me the other day that the depression brought the hard times.

We only hope that the old "Democratic Donkey" pulls the load of national problems as well as he ran.

Much to Be Thankful For
