**GREETINGS TO OUR FRIENDS**

New Years is, perhaps, the one time when one forgets the daily routine of business and looks back over the year thinking of old friends.

So I do not want to let this day slip by without telling you how much we have enjoyed your friendship.

We realize that the year just passed has been a particularly trying one in many ways, but we wish for you in nineteen hundred and thirty-three a very Happy and Prosperous New Year.

show that the cost in alfalfa regions was 6.2c a pound; in the fireweed regions 6.9c a pound and in the Willamette valley 7.8c a pound. The average price received for the 1931 crop was estimated at 5c a pound. Oregon has a total of 40,000 colonies as compared with 4,620,650 in the entire United States, according to latest estimates. Twenty-eight states produced more honey than Oregon and 19 states produced less.

GRESHAM—A large quantity beef stew recipe worked out by Miss Frances Clinton, home demonstration agent of Multnomah county, includes cracked wheat instead of the usual potato and utilizes canners quality beef. A commercial cannery in Multnomah county, and donated help, made it possible to put out from 1500 to 2000 cans of stew daily during several days of October. During another four-day run more than 47,000 No. 2 1/2 cans of tomatoes were canned.

REDMOND—Needy families of the Redmond community are taken care of through a committee of nine women, organized under the direction of the home demonstration agent, Elizabeth Vance. This welfare committee has three divisions; one for case investigation, one for distribution of supplies, and one for solicitation of supplies.

ST. HELENS—Columbia county homemakers are conducting a real "live at home" program reports Mrs. Sarah V. Case, county home demonstration agent. She says that statistics compiled from 30 families only, one-tenth of all those enrolled in the year round garden project, show a total of 4,186 cans of vegetables and 7,189 cans of fruit preserved. In addition 574 pounds of fruit and 1,096 pounds of vegetables have been dried. Besides these food supplies available for winter use, approximately 16,075 pounds of fresh vegetables have been stored and more than 30,000 pounds of root vegetables are estimated stored in the ground.
