MARKETING FOUND MAJOR WORK OF COUNTY AGENTS.

Any idea that the chief activity of county agricultural agents is to "make two blades of grass grow where one grew before" is not born out by the annual report of F. L. Ballard, state county agent leader.

Walloua county saw the most extensive work in livestock marketing, where the county agent is secretary of the association which marketed 20,000 hogs, 12,078 cattle and 9897 sheep cooperatively during the year.

Fruit and vegetable marketing was furthered by 12 county agents, an outstanding example being the organization of public markets in Union county in cooperation with county granges.

CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson - Sermon in all Churches of Christ, Scientist, on Sunday, February 19. The Golden Text was, "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand" (Isa. 54:24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My thoughts are not your thoughts, neither are your ways my ways, saith the Lord" (Isa. 55:8).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy.

"The categories of metaphysics rests on one basis, the divine Mind. Metaphysics resolves things into thoughts, and exchanges the objects of sense for the ideas of Soul. These ideas are perfectly real and tangible to spiritual consciousness, and they have this advantage over the objects and thoughts of material sense, - they are good and eternal" (p.269).

It heard Marshal Dana of Portland in an address vigorously opposing the "Buy America" idea which he said is a movement of prejudice sure to bring reprisals damaging to Oregon which gets more than \$4 for products sold abroad for every one spent for foreign goods at present.
