SCHOOLS OF THREE STATES DELEGATES AT MEETING.

Addresses by Mrs. W. P. Remington
Highlights of Meeting; Hermiston Represented.

(From the "Bulldog")

Delegates to the Girls' League District Conference held at McLoughlin high, Milton, last Saturday, accompanied by Miss Elliott, acting adviser in the absence of Miss Ewert, and Supt. McAtee in the role of chauffeur, reported a most enjoyable and instructive trip.

Schools in southern Idaho, southeastern Washington and northeastern Oregon were invited to attend and eleven schools responded. Girls delegated by the local league to attend were Lottie Knaut, Edith Clarke, and Anna Ray Martin.

The general theme of the conference was "Building." Highlights of the program were two talks given by Mrs. W. P. Remington of Pendleton on the subjects, "A Girls Place in the Home—Present and Future" given in the morning, and "My Character" the closing address of the afternoon.

The most important accomplishment was the formation and organization of the various schools represented into the Tri-State Girls' Federation. Officers will be chosen from among the two official delegates from each school later by blind ballot. Next year the conference will be held at Lewiston, Idaho.

A sample of "Wheat Script" has been received by the Hermiston Commercial club from the Pilot Rock Commercial association, which has issued the script.

The letter in part accompanying the script states "Under the Wheat Script plan the association has advanced the farmers in the Pilot Rock Community 50 cents per bushel for a limited amount of wheat to be delivered after the 1933 fall harvest, the script being good for face value in trade at all business establishments in Pilot Rock, Oregon."

The script is backed by real wheat. Further information may be obtained by corresponding with the secretary of the association, Paul A. Bracher.

The Third Pair of Pants.

An old farmer was asked when he thought hard times would be over. "Well," he said, "I've lived through a good many such days as these and I've noticed that they almost always just about last out three pairs of pants. I'm on my third now, and the seat is so thin that if I sit on a penny I can tell whether it's heads or tails, so I think we're nearly out of the woods." —The Sentinel, Edina, Mo.

DRIVERS' LICENSE PLAN AFFECTIVE AFTER JUNE 9TH

MOTORISTS APPLYING BEFORE JUNE 9 WILL ECONOMIZE.

All Drivers' Licenses Issued Prior to June 1 1931, Expire Sept. 1, Also Every Year Thereafter.

Here's a tip for the thrifty motorist! Drivers' licenses will sell for exactly twice the present price after June 9, the fee having been raised to one dollar under the new law which will become effective at that time. Those who get their licenses renewed before June 9 will not only save half the cost but will avoid the last minute rush which is certain to occur, reports Hal E. Hoss, secretary of state.

The new Oregon motor vehicle law provides that all drivers' licenses issued prior to July 1, 1931, must expire on September 1, and every two years thereafter, beginning on June 30, 1935. This means that every operator carrying one of the old-type licenses must have it renewed before September and because there are some 400,000 drivers affected by the law, the department will be flooded with applications as the deadline approaches.

"Persons desiring to renew their operator's cards before June 9 should secure an examiners' schedule and an Oregon Motorist's Manual," advises Secretary Hoss. "These may be obtained from state police, county sheriffs, chiefs of police, newspapers, or by writing to my office. No one should attempt to take the examination without first having carefully studied the information contained in the manual," Mr. Hoss adds.

Boy Scouts Set Goals.

OBSERVANCE OF NATIONAL MUSIC WEEK MAY 13TH

GOVERNOR MEIER ISSUES MUSIC WEEK PROCLAMATION.

Complete Program for Hermiston Published Next Week; Local Observance Saturday, May 13.

It is a pleasure to remind the citizens of Oregon that National Music Week will again be observed this year, beginning on Sunday, May 7th, and continuing through May 13th.

This period is set apart annually as a time of special musical entertainment and inspiration. Its influence should be felt throughout the year in higher musical standards, wider musical participation and finer musical enjoyment.

Oregon has won national distinction for its National Music Week activities during recent years. This year of all years do we need the joy of self expression which comes from good music.

I hope, therefore, that our citizens will this year again lend their enthusiastic interest and support to the observance of this nation-wide event. GOV. JULIUS L. MEIER. State of Oregon.

National Music Week is sponsored by the Oregon Federation of Music Clubs and will begin the first Sunday in May, the 3rd, and continue through the 13th. Hermiston will observe the occasion with a program Saturday, May 13, of which E. B. Knapp, music instructor in the local schools, has charge. A complete program will be published next week.

The purpose of the week is to center public attention on music through a coordination of music activity and to spread its influence more widely among the people. Every religious, educational, business, artistic, fraternal and social organization is represented. The harmonious and united effort of all has a potential value that is incalculable.

ALONG THE CONCRETE

We wish you would help us remember that J. S. Burnham bartered the promise of a watermelon for some card board today.

We have been informed that the shipment of crated Buick cars going through Hermiston the first of the week were going to Osaka, Japan. War must be profitable for someone.

What a cheerful atmosphere it must create for a man who likes his beer to see a car labeled "Pabst Blue Ribbon Beer" pulled through town on a freight train.

Chester Johnson swaggered into the office this afternoon wearing a villainous-looking hat pulled over one eye. Even the bullet holes looked mildewed. He seldom wears a hat, so this one had to have a real history. The man who wore it, he informs us, would catch coyotes and cut their tails off and then turn them loose.

As soon as all the teachers learn that school warrants are acceptable in payment of taxes there will be such an array of spring garments and smiling faces that we will be inclined to think it is Easter morning.
