Physical vs. Mental.

Dr. George K. Pratt of New York city, psychiatrist, lecturer and writer, urges relief workers to keep the emotional reactions of the needy in mind while administering to their material wants...

worry when they are unable to find employment.

The material needs must be taken care of before spiritual development can take place.

Vacation Bible school begins June 12th, starting at 1:30 P. M. and ending the day's session at 4:30 P. M.

This school is very helpful to all who expect to study the Bible. It is also interesting for the children.

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, Alas Mesmerism and Hypnotism, Denounced" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 28.

The Golden Text was, "If God be for us, who can be against us?" (Rom. 8:31).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "From whence come wars and fightings among you? come they not hence, even of your lusts that war in your members?" (James 4:1).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Whom what we erroneously term the five physical senses are misdirected, they are simply the manifested beliefs of mortal mind, which affirm that life, substance, and intelligence are material, instead of spiritual.

These false beliefs and their products constitute the flesh, and the flesh wars against Spirit. Mortal mind, acting from the basis of sensation in matter, is animal magnetism; but this so-called mind, from which comes all evil, contradicts itself, and must finally yield to the eternal Truth, or the divine Mind, expressed in Science" (pp. 274, 178).

PINE CITY NEWS

Burl Wattenburger went to the John Day valley the latter part of last week to attend to business. Charles Lee accompanied him. John Healy had his sheep sheared last week. Joe Kenny and Jim Daly also had their sheep sheared at Healy's shearing plant.
