WHEAT PAYMENTS TO BE MADE EARLY THIS FALL.

According to word received at Spokane, Secretary of Agriculture Wallace has announced that initial wheat adjustment payments of approximately \$19,000,000 will be available for farmers of the United States as early this fall as County Wheat Production Control Associations can be organized. The amount to be paid out will depend on the number of farmers who sign up. Payment will amount to twenty cents a bushel or 54% of the average amount of wheat that they produced over the past five-year period.

COLUMBIA NEWS
 By Florence Udey

Mrs. Carman was a visitor at the Tom Stewart home Friday.
 Mrs. Wm. Davis and daughter Charlotte, who is visiting from Hood River, was a visitor at the August Under home and the Joe Udey farm Thursday.

 Herbert Fox of Milton has been visiting at the Beamer home the past week.

OASIS THEATRE WILL SHOW HISTORY PICTURE.

Depicting the march of events during one of the most vital periods in American history, from the opening of the world war to the present, "Song of the Eagle" will come to the Oasis screen Sunday and Monday.
 This timely film is noteworthy also for the unusual assemblage of stars in its cast such as Richard Arlen, Mary Brian, Charles Bickford, Jean Harsholt, Louise Dresser, Andy Devine, George E. Stone and many others.
 The two decades of history with which "Song of the Eagle" deals is seen through the eyes and lives of one family—a typical American middle-class family.

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 30.
 The Golden Text was, "Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains; for the Lord hath comforted his people, and will have mercy upon his afflicted" (Isa. 49:13).
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4:16).
 The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "People go into ecstasies over the sense of a corporal Jehovah, though with scarcely a spark of love in their hearts; yet God is Love, and without Love, God, immortality cannot appear. . . . Mortals believe in a finite personal God; while God is infinite Love, which must be unlimited" (p. 712).

 Mr. and Mrs. John Healy and family were in Hermiston Sunday.
 Lois Jean Neill returned home with her grandparents, Mr. and Mrs. Dee Neill Saturday from Pendleton.

OREGON COUNTIES GET ALLOTMENTS OF WHEAT.

Official allotment to counties of the United States of the number of bushels of wheat on which benefit payments will be made under the wheat adjustment program of the farm act, shows that Umatilla county has been allotted 3,361,938 bushels of the total 11,450,585 bushels allotted to Oregon.
 Notification of the allotments, the basis on which they were arrived at, and definite word as to the amount of payment to be made to contract signers this fall, have all been sent to the agricultural extension service at Oregon State college, which is in charge of the educational campaign in connection with the wheat plan.
 Allotment of 3,361,938 bushels to this county was arrived at by taking 54 per cent of the five-year average production here from 1928 to 1932. This percentage is figured to be the proportion of the average United States crop that will go into domestic human consumption and hence will pay the processing tax used to finance benefit payments.
 Farmers who sign the government contracts will receive individual allotments on a similar basis. The allotment to this county or to any individual grower does not mean that that is all he is supposed to raise. It merely means that on that amount only will he receive the extra benefit payments designed to compensate him for reducing acreage and to give him a fair "parity price" for that portion of the crop.
 Definite announcement is also made that 20 cents a bushel cash benefit payments will be made this fall as soon as the details of contract signing are completed. The remainder of the payment, announced as from 8 to 10 cents a bushel, will be made next spring after acreage reduction is accomplished.
 Definite decision on the amount of acreage reduction to be required is expected to be announced the first week in August. New assurance is given that it will not exceed 20 per cent. A late development is the possible use of a small fraction of the processing tax receipts to finance exports of wheat, particularly from the Pacific northwest, as a means of relieving the present surplus stocks and thus bring northwest market prices into more normal relation to Chicago prices and prevent possible flooding of eastern markets with western wheat.

BOARDMAN NEWS

ADMISSION TO STATE FAIR GREATLY REDUCED.

Salem, Ore., August 1—The lowest admission price in history will be offered patrons at the State Fair opening here Labor Day. A reduction from fifty to twenty-five cents has been announced, the price prevailing for both day and night.
 Along with the reduced admission charge is the announcement of a "no pass policy". And an appropriate slogan for the 1933 fair might be "Everybody Pays", says Max Gehlhar, state fair director, since there will be no passes printed

this year.

"Patrons, exhibitors, employees and concessionaires will be required to pay alike," Gehlhar said. "In reducing the price of admission and adopting the no pass policy we are following a system adopted this year in other states.

"The change will in no ways affect our six-day program. There will be no curtailment of activities. The Board of Agriculture adopted the 25-cent admission as a means of making it possible for more citizens to visit the State Fair and benefit from its many educational exhibits."
