CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson - Sermon in all Churches of Christ, Scientist, on Sunday, August 20.

The Golden Text was, "It is God which worketh in you both to will and to do of his good pleasure" (Phil. 2: 13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "I delight in the law of God after the inward man... But I see another law in my members, warring against the law of my mind..."

The Lesson-Sermon also included the following: correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "By universal consent, mortal belief has constituted itself a law to bind mortals to sickness, sin, and death. This customary belief is named material law, and the individual who upholds it is mistaken in theory and in practice. The so-called law of mortal mind, conjectural and speculative, is made void by the law of immortal Mind, and false law should be trampled under foot" (p. 229).

Hebrew Money. The monetary system of the Hebrews was based upon the Babylonian system of weights. The ratio of the value of gold to silver was 1:13 1/3 and prevailed over all western Asia.

PINE CITY NEWS

By Oleta Neill

(Too late for last week.) Mrs. Stella Purdy is visiting her parents, Mr. and Mrs. Peter Carlson this week.
