VOLUME XXVIII NUMBER 3

HERMISTON, UMATILLA COUNTY, OREGON, THURSDAY, SEPTEMBER 14, 1933

SUBSCRIPTION, \$1.00 PER YEAR

QUEEN OF RODEO WILL BE ELECTED AT FAIR FRIDAY

STOCK AND PERFORMERS ARRIVING DAILY; QUEEN WILL REIGN OVER RODEO; PARADE SATURDAY PROMISING.

Friday, September 15, is the opening day for the twenty-first annual Umatilla Project Fair. One of the main events of the day will be the election of the Rodeo Queen who, with her attendants, will reign at the rodeo Saturday afternoon following her appearance in the parade at 11:00 o'clock that morning.

Candidates have been selected from all towns in the west end of the county and voting will be done at the fair grounds Friday. One vote will be given with each paid admission, and counts will be made at 12 o'clock, 2 o'clock, and the final at 4 o'clock. In case of a tie, it will be decided by a draw. The winner will be attended by the other candidates.

All candidates were chosen from the respective high schools and include:

Josephine Connell, Umatilla. Dorothy Mudge, Echo. Nellie Leicht, Irrigon. Irene Attebury, Butter Creek. Imogene Wilson, Boardman. Marjorie Shaffer, Hermiston.

Due to the fact that the Stanfield schools are not in session it was impossible for a candidate to be selected upon short notice, in time for the name to appear in this issue, but the name will appear along with other contestants at the fair grounds Friday.

The admission price to the fair grounds this year has been reduced to 25c for adults, and children free on Friday, and 50c for adults and 25c for minors, Saturday. The board anticipates a record attendance both days, and more seating space is being arranged on the east side of the grounds.

Judging in all departments will be completed Friday, with all indications pointing to the largest display ever known at the fair. Judges in the different departments are Dick Kuehner, 4-H club leader in Lane county; Chas. Smith, county agent for Morrow, farm crops; H. G. Avery, LaGrande, live stock; Charste Mikkelsen, Home Ec teacher in Pendleton, women's division and girl's club work; J. C. Leedy, Portland, poultry; Mrs. A. F. Rohman, school exhibits.

Demonstration teams from Stanfield and Hermiston will give exhibition Saturday morning at 10:00 o'clock in the main exhibit building. Each team will be required to furnish all equipment except a stove and table.

Mrs. Wm. Hinehine has announced that Mrs. C. M. Jackson will have charge of the needlework booth; Mrs. W. L. Hamm the cooked food and canned goods entries; and Miss Edith Clarke the 4-H club girls' entries.

Superintendents in every division have been encouraged by the interest shown by exhibitors. The early date of the fair makes it possible for growers to present fine quality produce in all exhibits.

A dance at the Auditorium Friday and Saturday nights will close the day's activities, as well as interesting features at the Oasis theatre.

Everything is set and entries will start coming in Thursday night.

CARTER-KNAPTON.

Mrs. Lottie Knapton and Arthur L. Carter were united in marriage Saturday, September 9, at the First Christian church in Walla Walla. After a short wedding trip to coast points they will make their home on Mr. Carter's farm north of town.

An informal reception was held Monday night at the Carter home when friends gathered and offered congratulations.

Hogs Place At State Fair.

Two entries made in the hog division at the state fair by Bernard Jendrzewski, placed in the premiums. One gelding placed fifth and one seventh in the fat hog division. Bernard is a 4-H club boy and is the son of Mr. and Mrs. J. Jendrzewski. He returned home Monday.

FIRST YEAR HOP YIELD SURPASSES EXPECTATIONS

Hop picking in the O. T. Lochridge hop yard has been in progress since Monday with sixty pickers making the yard a scene of activity. The second shipment has been sent to the Herbert Herin kiln at Granger, Wn., where Mr. Lochridge is having the drying done. The final yield report will be obtainable about Saturday, after the hops have been baled, but Mr. Lochridge believes it will surpass expectations.

Pickers have been averaging 100 pounds per day but a few as many as 250 pounds, at one and one-fourth cent a pound. All the light hops have been picked and Wednesday saw all picking in heavy hops.

This is the first venture in hop raising on the Hermiston project but it is anticipated that there will be several hundred acres in hops on surrounding irrigation projects next season. Mr. Lochridge is an experienced grower, having worked at Yakima and valley points. He says the soil here is ideal for hop raising, with little difficulty experienced with pests, and no mildew.

MARSHALL N. DANA FAVORS CONFERENCE ON RIVER SOON

DODD GREATLY ENCOURAGED BY RECENT DEVELOPMENTS.

Announces in Portland That Umatilla Project Will Be Given Hearing; Work Ready.

E. P. Dodd, secretary of the Tri-State Development League, who was in Hermiston Monday from Walla Walla, expressed encouragement in the development of the program on the Umatilla rapids project. "The most encouraging feature," Mr. Dodd said "is the recent announcement by Marshall N. Dana, regional advisor for administration of public works, that there will be two big conferences, one in Portland and the other probably in Walla Walla, in the near future."

Mr. Dodd feels that this is a final recognition of the efforts put forth by the league in bringing the Umatilla rapids project possibilities before the necessary public officials as a means of furnishing immediate employment for thousands of workers. These meetings are in the nature of final adjustments to get these projects functioning and providing employment without delay.

Other proposed damsite documents which were presented to Marshall N. Dana, public works administrator, have been returned to the chief of engineers for an estimate of the employment factor involved in construction; this action could be construed as unfavorable to any development on the Columbia that does not provide the same quick employment policy that is demanded for state and local projects sponsored by state advisory board.

"We have the advantage of being ready to go at once, with all survey and preliminary work completed, and can promise immediate employment of up near 10,000 men as opposed to the 1000 men to get work in most of these other river development projects," stated Dodd, Monday, before he returned to his duties in Walla Walla.

Dodd believes that with the indication given by Dana of a meeting in the near future, it will open the field and permit immediate action on the most feasible project. It is hoped that a separate conference will be called in the near future, to be held in Walla Walla, not in a competitive nature to the Bonneville one, but more to make this an individual affair.

The Umatilla project, for developing the upper Columbia and Snake for transportation and later power, received added impetus when Senator C. G. Dill of this state sent a letter from Washington urging Dana to give it a hearing.

DIPHTHERIA IMMUNIZATION OFFERED IN LOCAL SCHOOL

Mrs. Hinegardner, Umatilla county nurse, and Dr. A. W. Christopherson, city health officer, are making arrangements to inoculate school and pre-school children against diphtheria. A small charge will be made for this service to cover expense of materials. This is being done for the purpose of immunizing our community against preventable contagious diseases.

If sufficient interest is shown other inoculations will be made at a later date, such as vaccination against smallpox, and tuberculin tests. These inoculations will be available for everyone and arrangements will be made through the local school.

About three years ago the diphtheria inoculations were made to approximately 100 school children and almost 300 smallpox vaccinations were made. Regular seasonal vaccination of this type will protect our community against serious epidemics of these preventable diseases.

STORY OF UMATILLA COUNTY TOLD IN WINDOW DISPLAY.

The Sixth Street window of the Public Service Building in Portland portrays the industrial, agricultural and historical background of Umatilla County. This exhibit, prepared by the Pendleton Chamber of Commerce, is displayed through the courtesy of the Pacific Power & Light Company. The display period will extend from August 28th to September 10th.

The cleverly arranged centerpiece consists of a picture map of Umatilla County upon which is shown the highway systems, rivers, communities and other details. Each community located on the map is represented pictorially using the commodity or resource characteristic of it. The map is surrounded with Umatilla County products and brightened with touches of Round-Up color. It is a most striking display and is proving to be highly attractive to Portland citizens who view it daily.

Activity at the fair grounds is running high. The arena is being prepared, chutes and fences built, and seating space added. All this is added to by the arrival of stock and performers.

The show itself will open at 2:00 o'clock in the afternoon and final entry time will be at 10:00 A. M. Saturday.

At 11:00 o'clock Saturday morning there will be a parade to claim the attraction of fair visitors. The committee in charge has requested that there be no cars parked on Main street after 10 o'clock until the parade is over. All blue ribbon winners in the live stock division, rodeo performers, individual floats, the Queen and her attendants, will take part in the parade. The Irrigon band will lead the procession, and will later be on hand at the grounds to furnish music during the sports and rodeo performance.

The sports program, scheduled between 1 and 2 o'clock will be under the direction of A. E. Bessel and includes a greased pig race, nail gun contest, climbing a greased pole, log race, and a tug-of-war. All ladies entering the nail driving contest are requested to bring their own hammers.

Mor-Tone Sound Service will be used for making announcements during the afternoon, by courtesy of the Oasis theatre management.

Before rodeo entries are accepted he applicant must sign a release to the fair association for all liabilities, but despite this fact entries are coming in fast. Some of the well known entries are: Cottle Dodson of Enterprise, winner of first money for riding at the Heppner rodeo; Pat Bosk of the A-V ranch, winner of first money at Ukiah, 4th of July; Tony Vey, A-V ranch; and Joe Allen of Calgary, Canada.

Judges for the arena are all experienced men.

ALONG THE CONCRETE

Chas. C. Burk suggested that we elect a King to reign at the fair this year instead of the usual Queen. Maybe Chas. C. has never learned how it feels to be crowned.

R. H. McAttee overheard someone in Hunter's Cafe today telling about losing their dog—upon leaving, he offered the remark that he was glad he had not ordered hamburger for his lunch.

"My neighbors," says Geranina Smithers "are very considerate people—they are always advising me to have my lawnmower sharpened."

Mrs. Hitt modeling her new fall hats. We can't figure out why she is still in Hermiston.

Someone asked the other day "Why do dogs have fleas?" The only reason we can figure out is that it keeps him from pining about being a dog.
