A Logical Move.

The construction of a dam at Umatilla rapids will be a logical move following the allocation of \$31,000,000 for the Bonneville project...

The value of the Bonneville dam from a navigation standpoint will be enhanced ten fold when the Umatilla dam is authorized...

the navigation and power features which is proper.

Work at Umatilla can be carried on the year around, and if both dams are constructed there will be a lot of employment provided for idle men.

Dreaming that he was trapped in a burning house by flames which were smothering him, John Gregory of Evansville, Ind., awoke to find his nightmare a reality.

FILM FEATURE BEDTIME

STORY ONE OF BEST

THE CAST.

"A Bedtime Story" will be a strong contender for honors when the time comes to select the ten best pictures of the year.

The story offers little that is new. A debonaire man-a-out town finds a baby abandoned in his automobile, comes too attached to the child to part with it, and thus is estranged from his play-girl friend and his fiancée, but finds recompense in the child and the love of a warm-hearted girl he engages as a nurse.

Babies, and particularly baby shoes, are one of the film industry's most used devices, but the infants have been employed heretofore mainly for pathos.

Playing at the Oasis theatre Friday and Saturday with Burns and Allen in "Watching the Baby," cartoon and "Driving Danger," final episode of "The Last Frontier."

Stuart last week, for the first time after the summer vacation. Mrs. Cora Olday entertained the play cast, "Who Says Can't," and "Little Prison," to a kids' dress-up party at her home Tuesday evening. The young ladies looked very girlish in their short dresses and big bow ribbons on their hair, while the boys forgot to wear their knee caps, etc., but nevertheless the party was quite a success. They seemed to enjoy playing the childish games once more and delightful refreshments of cake and punch were served. Mr. and Mrs. J. H. Miller of Clatsop, Wn., were week end guests at the E. J. Meyers home. They also attended the Round-Up while here. Mrs. Meyers and son Jack returned to Clarkston with the Millers, where they will remain for a week's visit. Nye Perry contributed two windmills in the Red & White store to the farmers on the project for display of their farm products. He has received some interesting products and several varieties. A squash weighing eighty-two pounds is on display, raised by O. F. Kerr. Another interesting plant is tobacco raised on the Wm. Fredrickson farm. Mr. Fredrickson has raised and cured tobacco for his own use the last two years. Wm. Haggan brought Mr. Perry a couple of corn stocks that measured thirteen feet in height after being cut. These displays are very interesting and have attracted the attention of many people passing by. Mr. and Mrs. Johnson of Pendleton are moving to Stanfield and Mr. Johnson will take charge of the Grange Coop here. Mrs. Johnson is better known to old timers here as Miss Virginia Cole.
