

FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

Dairy Outlook for 1933-34.

While returns from dairying have for several years been relatively favorable as compared with returns from most other types of farming...

Grange News.

An old time dance will be given by the Stanfield Grange Friday night, November 10, in the Grange hall.

STANFIELD NEWS

The Stanfield Study club met on Thursday, Nov. 2nd, at the home of Mrs. Cora Olday with a full attendance and the following guests...

GENERAL FARMING.

By John Jendrzejewski

At the last Umatilla Project Farm Bureau meeting there was a discussion on forage crops. Some of the members present at that meeting requested me to write an article for this column on forage and on general farming.

What do we intend to do? Do we intend to sow sudan, millet, and other one-year crops, slip them in in a haphazard way and just merely get along from year to year by piling up bills and then asking the government to loan us money to pay them...

Did you ever see a carpenter that works without some kind of a plan, or a tailor make a suit of clothes without a pattern, and stay in business? This applies to farming also.

Let me give you an illustration from my home state, Wisconsin. A community twenty miles from where I was raised, evidently a prosperous community at one time, had the best flour mill within a radius of fifty miles.

BOARDMAN NEWS

By Mrs. Dan Ranster

Miss Vera Lubbes spent the week end at the Smith home.

F. L. Brown returned home for a few days this week after working on a gold mine claim on the coast near Bendon.

Mrs. Glen Macken visited Wednesday with Mrs. Danel who has been ill for the past three weeks. She is much improved at this writing.

Mr. and Mrs. Roy Ball spent the week end in Heppner.

Pearl Gregg was a dinner guest at the Ranster home Saturday night. The high school play, "Cyclone Sally", presented by the student body last week was quite a success.

Mr. and Mrs. Bob Bradley are selling their furniture and farm equipment and expect to move to California in the near future.

A quilting party was given at the T. E. Messenger home Friday at 2 p.m. The ladies tied comforters and sewed on carpet rags.

Mr. and Mrs. Roy Marlow and son Larry with baby Darrel and Frank Marlow spent Sunday with their sister, Mrs. Dan Ranster.

A special meeting was held in the Boardman school Saturday, November 4, by officers of the state grange when thirteen different granges were represented.

A large number of Boardman people attended the dance Saturday night at Irrigon.

Mrs. Graves and daughter Gladys visited Olive Attebury last Monday. Mrs. Neave stayed at the Attebury home over the week end.

Mr. Gregg, Mrs. Packard, and Mrs. Aggie motored to Ione Monday on business.

Frank Otto and family, and Mrs. Otto's mother motored to Ione Tuesday on business.

Frank Marlow and Darrel Hadley were guests at the Dan Ranster home Sunday night.

THE TRENCH SILO—PRACTICAL METHOD FOR STORING FEED.

The trench silo has been found a practical method for storing or preserving green feed for cows and although it is not as efficient in preserving green feed as is the ordinary upright silo, it should prove of practical value to dairymen who wish to save all of the feed possible for cows and their herd.

When late cuttings of oats, clover, or other hay may be spoiled or even badly bleached because of rains or heavy dews, much better feed for the animals can be secured by placing these crops in a silo while green.

The trench silo is built by digging a trench on well-drained land where the water table will not rise to the trench and where water may be prevented from running into the trench during rainy season.

The trench silo is built by digging a trench on well-drained land where the water table will not rise to the trench and where water may be prevented from running into the trench during rainy season.

ing the straw and dirt, building up the sides above the ground at least one foot with boards, and filling the outside with earth to prevent water running into the silo and making it much easier to take the silage out.

This trench is filled with silage, tramping in firmly, and piling the top high. It is then covered with wet straw, preferably cut straw, to a depth of 4 or 5 inches, then covered with more straw or other similar material to a depth of possibly 1 foot and covered with earth.

The silo may be filled with crops uncut, but since it is more difficult to pack this type of feed thoroughly there would be more spoilage and there would be more difficulty in taking the silage out for feeding.

Silage from the trench silo is fed from one end of the trench, uncovering only the amount necessary to be fed at each feeding.

Details of the preparation of the trench and the storage of silage may be obtained from A. E. Lovett, County Agricultural Agent, 202 County-City Building, Seattle.

TAKEN UP NOTICE. Notice is hereby given that I have taken up and have kept for about 23 days at the Messner ranch, nine miles South West of Hermiston the following described animals:

- One Roan Mare and Colt, no brand. One Brown Mare, brand quarter circle C. One Brown Mare Colt, brand quarter circle C. One Bay Horse Colt, brand quarter circle C.

said animals will be sold, unless redeemed, at public auction to the highest bidder for cash in hand on the 18th day of November, 1933, at the above described ranch at 1:00 o'clock P. M.

Dated at Hermiston on this 31st day of October, 1933. G. G. SMITH.

NOTICE OF EXECUTRIX' SALE OF REAL PROPERTY. In the County Court of the State of Oregon for Umatilla County.

In the Matter of the Estate of Henry E. Hitt, Deceased. NOTICE IS HEREBY GIVEN that the undersigned as executrix of the last will and testament of Henry E. Hitt, deceased, pursuant to an order of the above entitled Court made and entered on the 31st day of October, 1933, will sell for cash in hand in one parcel at private sale upon sealed bids at the office of W. J. Warner, her attorney, in Hermiston, Oregon, subject to confirmation by the above entitled Court all the following described real property located in Hermiston, Umatilla County, Oregon, and all belonging to said estate, as follows:

Lot 4 and the east 3 inches of Lot 5 in Block 6 in the Town of Hermiston, Oregon, as located in Section 11, Tp. 4 N. R. 23 E. W. M.

and that said executrix will receive bids for said real property from and after Monday, the 11th day of December, 1933, and will sell said real property to the highest bidder for cash, provided said bid is satisfactory to the Judge of the above entitled Court.

This notice is published for four weeks successively in the Hermiston Herald, a newspaper of general circulation published in Hermiston, Umatilla County, Oregon, and by posting the same notice in three public places in said County and State, all in the manner and form as by law provided.

Dated this 9th day of November, 1933. ALMA HITT, Executrix of the Last Will and Testament of Henry E. Hitt, Deceased. (Nov. 8-Dec. 7)

No. 9281. Reserve Dist. No. 12. REPORT OF CONDITION OF THE FIRST NATIONAL BANK of Hermiston, in the State of Oregon, at the close of business on October 25, 1933.

State of Oregon County of Umatilla s s. I, A. H. Norton, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. A. H. NORTON, Cashier.

Subscribed and sworn to before me this 2nd day of November, 1933. W. J. Warner, Notary Public for Oregon. My commission expires Dec. 11, 1936. Correct—Attest: R. ALEXANDER F. B. SWAYZE W. L. HAMM Directors

PINE CITY NEWS

By Oleta Neill

Miss Neva Neill, who is attending school at the Eastern Oregon Normal at LaGrande, Ore., spent the week end at the home of her mother, Mrs. Ollie Neill.

The Pine City high school play, "Much Ado About Betty," was given at the Pine City auditorium last Friday evening. There was approximately \$36 taken in from the refreshments and admission. A good crowd attended, among which were a number from Echo and Heppner.

Besides the play there were several songs, recitations, several numbers by the Primary Rhythm band and a tap dance and song combined by, solo, Ralph Neill, dancers, Rosetta Healy and Elsie Rauch with Lenna Neill at the piano. The play was coached by Miss Cecelia Brennan.

The managing committee was Dick Carlson, Lenna Neill and L. D. Vinson.

Mr. and Mrs. Roy Omohundro and family motored to Pendleton Saturday on business.

Business visitors in Hermiston Monday from Pine City were J. T. Ayers, Mrs. Sadie Elder, Mrs. Ollie Neill and Mr. and Mrs. C. H. Ayers and daughter Juanita.

Mr. and Mrs. E. B. Wattenburger and family called on Mr. and Mrs. Wigglesworth in Echo Sunday.

Mr. and Mrs. W. D. Neill and the Misses Mable Buttkey and Bernice Neill and Mr. and Mrs. A. E. Wattenburger attended the basket dinner in Echo Sunday.

Mr. and Mrs. John Healy and daughter Cecelia and Mike Healy attended the funeral of Frank Kilkenny in Heppner Saturday.

Miss Cecelia Brennan, Miss Marion Henderson, Mr. and Mrs. Jasper Myers and Milton L. Smith were business visitors in Hermiston and Echo during the week end.

L. D. Neill and daughter Alma were in Heppner Saturday on business.

Mr. and Mrs. Frank Helms and daughter Charlotte were in Pendleton Wednesday on business.

E. B. Wattenburger was a business visitor in Ione and Lexington Monday.

The Pine City community is planning a pie social and program to be given probably November 24 at the Pine City auditorium to raise money for a Christmas tree.

C. H. Bartholomew left Wednesday evening for Portland from where he will go to Montana to attend to business interests.

IMPOVERISHED BLOOD, PIMPLES

Kenneth W. Gardner of Springfield, Ore., said: "When I was a boy, my complexion was poor, my blood was impoverished, I had pimples on my face and body, also blotches and boils. Dr. Pierce's Golden Medical Discovery regulated my digestion and increased my appetite; also my complexion soon cleared of all pimples as my blood became pure and I was again well."

Write Dr. Pierce's Clinic, Buffalo, N. Y. New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.35. "We Do Our Part."

Poultry and Egg Outlook.

Production of eggs this fall and winter somewhat smaller than last season appears profitable because of late maturity of pullets and less abundant supplies of feed. No very material change in the spring production of 1934 from that of 1933 appears probable.

Uncertainties are many this fall and the number of chickens that will be hatched next spring will depend mainly upon the prices received for poultry products, upon their relation to feed costs during the winter and spring and upon the outlook at hatching time.

Improvement in prices of chickens above normal seasonal trends during the fall and winter of 1933-34 appears improbable because of heavy stocks of chickens, and a crop of turkeys almost as large as last year.

Farm marketings of chickens during the remainder of the fall and winter appear likely to be about the same as those of last year.

Turkey Outlook.

The outlook for turkey raising next year cannot be gauged accurately at this time. The number of turkey hens carried over into 1934 as breeding stock and the size of the turkey crop raised in that year will depend upon prices received for this year's crop and probably also on feed prices.

Should the turkey crop prove to be almost as heavy as in 1932, with prices about the same or lower, and with the higher feed costs extending into the hatching season of 1934, the number of turkeys raised for market in 1934 is likely to be reduced.

If a small increase in prices should be received by producers as compared with last year, the present volume of production may be well maintained next year, especially if feed prices should be lower, while a sizable price increase may be expected to increase production in 1934.

DIGGER DAMAGE TO SPUDS QUICKLY DESTROYS PROFIT.

Slicing potatoes with a digger run too shallow in eastern Oregon and stabbing them with the digger forks in western Oregon are two of the most certain ways to eliminate profit after one has raised a good crop of spuds, says E. R. Jackman, extension crops specialist at Oregon State college, in a discussion of potato digging and storage methods.

It is surprising how fast what appears to be incidental damage counts up, Jackman says. Slicing or stabbing five per cent of the potatoes is not uncommon as this number of damaged ones do not show up very much in the row.

"If three acres a day are dug and the crop averages 150 sacks per acre, slicing or stabbing 5 per cent would result in ruining 22 1/2 sacks a day," Jackman points out. "Far better hire a couple extra horses for the digger, or pay the chronic stabber to quit working than to let such a loss go on."

One method of harvest injury not often thought about is picking up the potatoes when they are newly dug and tender. The safest plan is to always have the digger an hour ahead of the picker, says Jackman. If potatoes are allowed to lay out in the open for an hour, particularly if there is some sun and wind, the skin hardens so that damage in handling is reduced to a minimum.

A Challenge to Young People.

During the past forty years tens of thousands of young men and women of many nationalities and denominations have sought free training for Christian service at home or abroad offered by The Moody Bible Institute of Chicago. More than 2,000 students enrolled in its Day and Evening Schools last year.

While for certain special courses a high school background is required, and college training desirable, yet grammar school training will admit to its General Course. English is taught to any deficient in its use.

The Bible ranks first in all Institute courses, but instruction is furnished in such subjects as Sunday School Administration, Daily Vacation Bible School, Gospel Music, Public Speaking, Home Economics, Hygiene, and Manual Training. In special courses are offered Theology, Homiletics, Church History, Apologetics, Hebrew, Yiddish, Greek, and medical subjects for foreign mission work.

There are three terms a year—Fall, Winter, and Summer, but students may enter at any time. An illustrated catalogue will be mailed on request. Address, 153 Institute Place, Chicago Avenue Station, Chicago, Ill.
