CHRISTIAN SCIENCE CHURCHES
 "Thanksgiving" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Thanksgiving Day.
 The Golden Text was, "All things are for your sakes, that the abundant grace might through the thanksgiving of many redound to the glory of God" (II Cor. 4:15).
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And I heard a loud voice saying in heaven, Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ: for the accuser of our brethren is cast down, which accused them before our God day and night. Therefore rejoice, ye heavens, and ye that dwell in them" (Rev. 12:10, 12).
 The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "For victory over a single sin, we give thanks and magnify the Lord of Hosts, What shall we say of the mighty conquest over all sin? A louder song, sweeter than has ever before reached high heaven, now rises clearer and nearer to the great heart of Christ; for the accuser is not there, and Love sends forth her primal and everlasting strain" (p. 568).

NEWEST MUSICAL COMEDY MORE REAL TO LIFE
 "Sweethearts of Sigma Chi" features Mary Carsile, Buster Crabbe, Charles Starret and Florence Lake. It is a romantic collegiate comedy with hosts of pretty co-eds and an abundance of music.
 The story is reported to be novel in idea and treatment and thus a departure from formula college stories. The campus atmosphere is declared to be natural and free from forced dramatics. The co-eds, it is promised are a happy-go-lucky lot who never become involved in objectionable situations. There is a romantic love angle, zestful comedy in dialogue and action and a thrilling climax in a crew race.
 It shows here Sunday and Monday on a double feature bill with "Young Blood," a western, starring Bob Steele as the other half of the program.
