The man who spends too much time in waiting for his ship to come in, usually finds it's a receivership.—Weston Leader.

VOLUME XXVIII NUMBER 21

HERMISTON, UMATILLA COUNTY, OREGON, THURSDAY, JANUARY 18, 1934

SUBSCRIPTION, \$1.00 PER YEAR

APPLICATION MADE TO STATE COMMISSION FOR LIQUOR AGENCY

STATE COMMISSION AUTHORIZES 18 LIQUOR STORES.

Council Passes Favorably on Report of Disbursements for Year, by Chas. Taylor, Recorder.

The city council went on record Wednesday night at its regular meeting as favoring an agency in Hermiston for the sale of liquor under the Knox liquor plan, and a formal application was ordered made to the state liquor control commission immediately.

It was brought out at the meeting that the state liquor control commission recently announced that there would be 18 state liquor stores and 80 authorized agencies for the sale of liquor in Oregon. Seventeen cities in the state, over 5000 population, will each have one state store established, and two will be set up in Portland. The cities to have the stores outside of Portland are Salem, Albany, Corvallis, Eugene, Roseburg, Marshfield, Grants Pass, Medford, Klamath Falls, Bend, The Dalles, Astoria, McMinnville, Pendleton, LaGrande, and Baker. Agencies will be established in every major community in every county.

The report of the disbursements for 1933 was presented by City Recorder Chas. Taylor, and accepted by members of the council. The report covered a period between December 31, 1932 to December 31, 1933, and shows a saving in almost every department. The report appears on page two in this issue.

The business of application for an airport was discussed and the committee member on the council instructed to draft a letter to the aeronautics department giving all available information.

Members of the council present were: Mayor E. C. McKenzie, Chas. Taylor, J. G. Pearson, Geo. Wagner, R. Haneline, J. M. Norton, and N. R. Mueller.

SIX MONTHS' PROGRAM OUTLINED BY FARM AUXILIARY

The executive committee to the Farm Bureau Auxiliary met at the home of Mrs. Henry Sommerer Wednesday, January 10, and outlined a program for the next six months. Members of the committee are Mrs. J. T. Clark, president, Mrs. C. L. Upham, vice president, Mrs. Henry Sommerer, secretary-treasurer. The program follows:

Jan. 19—Program by the Executive Committee.

Feb. 2—Quilting and sewing, with pot luck dinner, Mrs. John Paxton, and Mrs. Tom Wilson.

Feb. 16—Valentine party. Mrs. Ed Dunning, Mrs. J. T. Clark and Mrs. Frank Guilwits.

March 2—Civic beauty. Mrs. J. H. Reid, Mrs. Alpha Christley, Mrs. Baxter Hutchison, Mrs. Cecil Madden.

March 16—St. Patrick's Day. Mrs. J. Jendrzewski, Mrs. O. Wells, Mrs. E. Wells, Mrs. Hebert.

April 6—Gardening. Mrs. H. J. Ott, Mrs. Henry Sommerer, Mrs. Leslie Hammer, Mrs. M. M. Smith.

April 20—Clean-up day at the park. Plant exchange, pot luck dinner. Mrs. H. A. Hooker, Mrs. Jackson Harr, Mrs. R. L. Addleman.

May 4—May Day party. Mrs. August Linder, Mrs. Annetta Barham, Mrs. J. P. Carmen, Mrs. S. Struthers.

May 18—Home Economics. Mrs. Wm. Mikesell, Mrs. Ryland, Mrs. A. E. Marble, Mrs. O. H. Buell.

June 1—Home Economics. Mrs. N. W. Bloom, Mrs. Chas. Lynch, Mrs. New Madden, Mrs. O. French.

June 15—Flag Day and Patriotic program. Mrs. Laura Morris, Mrs. O. Dawson, Mrs. L. C. Upham.

Ott Wins Honorable Mention.

Oregon State College, Corvallis, January 17—Walter Ott of Hermiston, senior in agriculture at Oregon State college, and Maxine Peterson of Corvallis, won the award of being the best day and night editor combination for the Oregon State Daily Barometer during fall term of 1933. The Barometer is a four-page daily newspaper published by the student body.

The award was announced by Warren Reid, editor, at the first staff meeting of the winter term.

ALL OREGON MILK DEALERS REQUIRED TO OBTAIN LICENSES.

All milk dealers in Oregon must be licensed by January 15, according to a statement made by E. G. Harlan, chairman of the Oregon Milk Control Board last week.

"To make it easier for the Milk Dealers throughout the state," says Mr. Harlan, "temporary arrangements have been made for local Chambers of Commerce, civic organizations, and city officials to handle the application forms which must be in our office in time for the license to be issued before the fifteenth of January or the dealer shall not be permitted to handle milk."

Application forms in Hermiston may be procured at the City Recorder's office, and dealers should make immediate arrangements to get a license, fill it out correctly, and mail it to the office of the Oregon Milk Control Board, 317 Mayer Building, Portland, Oregon.

Following is a brief explanation of the law: A "Milk Dealer" is defined as "Any person who purchases or handles milk within the state for sale in this state, or who sells milk within the State, except when consumed on the premises where sold". A producer who delivers milk only to a milk dealer shall not be deemed a milk dealer.

Application for a license to operate as a milk dealer shall be made within 30 days after the law is in effect. The law went into effect December 15, 1933; so applications should be made at once. All applicants for license shall pay the following license fees: "All stores shall pay an annual license fee of \$1.00. (Each separate place of business at which milk is sold by any store shall be deemed a separate store for which a license must be obtained and a license fee paid)."

"All other milk dealers shall pay a license fee determined as follows: 1/2 of 1c on each pound of butterfat contained in milk received and delivered by a licensee, commencing with the effective date of this Act."

STRANGE FLOOR APPEARS TO HANDICAP BULLDOGS.

The Bulldogs' fast quintet journeyed to Lexington Saturday, Jan. 13, to come out on the short end of a 44 to 25 score.

The Hermiston boys were slowed up considerably on account of being on a strange floor. This was the first game away from home for the Bulldogs this year.

The Lexington boys took the lead in the first few minutes of play when a forward dropped a nice one in from about the free throw line, Hermiston was not out-done by this, however. On the next play a nice pass from Reeves to Pierce chalked up two points for the Bulldogs.

The half ended 16-10 for Lexington. During the third and fourth quarters the game was much faster than the first half. The Bulldogs put on a last minute struggle which lasted for two quarters, but they were unable to lengthen out their score enough to come out on top.

HOSPITAL NOTES

Hawley J. Bean of Echo, underwent a surgical operation last Monday. He is reported as making excellent progress.

Mrs. Frank Palmer, mother of Mrs. Guy Ambsberry, suffered an extremely severe injury when she caught her hand in an electric wringer, crushing her hand and arm and producing severe lacerations. She was rushed to the hospital for treatment and is reported as greatly improved.

R. H. McAttee, principal of the Hermiston high school, underwent an operation for an infected foot, and has been spending his evenings in the hospital for treatment. His condition is greatly improved.

Mr. and Mrs. Harry Hewitt of Boardman, announce the arrival of a baby boy. Mother and baby are doing nicely.

Mrs. Orpha Peasley, R.N., is now working in the local hospital replacing Miss Mabel Hendrickson who is now doing special duty in the Emanuel hospital in Portland. Mrs. Peasley is a graduate of one of the eastern training schools and has been the head nurse at the University of Oregon for several years. Mrs. Lois Woods is continuing her services at the local hospital.

HERD IMPROVEMENT ASSOCIATION AIDS IN DAIRY CULLING

PLANS FOR REORGANIZATION NOW UNDER WAY.

Sixty Cows Average 40 Pound Butterfat Production During Month of December.

During the month of December six unprofitable cows were butchered and twelve producing cows were sold for dairy purposes in the Umatilla Dairy Herd Improvement association, according to the report made up by Al Kennings, tester.

The Eastern Oregon State Hospital owns the two high testing cows in the association for the month of December which are No. 96, pure bred Holstein, 4-year-old, which produced 1906 lbs. milk containing 70.5 lbs. fat, and No. 50, also pure Holstein, 7-year-old, which produced 1608 lbs. milk containing 70.7 lbs. fat.

The report shows that during December 37 herds were on test with 569 cows enrolled of which 124 are dry. The total milk production was 254,190 which contained 12,384.7 lbs. fat. Sixty cows produced an average of 40 pounds of butterfat. The average production for these herds, including cows in milk and cows in dry, was 450.2 lbs. milk, and 21.8 lbs. fat.

High herds to date, dry cows included, for the ten months since the beginning of the testing year include: Over 20 cows E.O.S.H., 86 pure bred Jersey and Holstein, producing 6753.7 lbs. milk and 281.7 lbs. fat; Wm. Schable, 21 grade Guernseys, producing 5908.6 lbs. milk and 262.8 lbs. fat; from 12 to 20 cows, Wm. Luttrell, 15 grade Jerseys producing 6419.0 lbs. milk and 287.0 lbs. fat; L. W. Owens, 19 pure bred Jerseys, producing 5498.6 lbs. milk and 266.7 lbs. fat.

Plans are being made to continue the testing association for another year, the report shows. The C. A. Linder and A. W. Purdy herds are no longer on test.

Auxiliary Card Party.

The American Legion Auxiliary is sponsoring a card party Friday night in the club house, starting at 8:00 o'clock. The public is cordially invited to attend. Both bridge and pinocle will be played and prizes awarded to those winning high honors.

Undergoes Operation.

Mrs. S. H. Barnard underwent a major operation in the Walla Walla Valley hospital Tuesday morning and is reported as doing nicely. Mr. Barnard returned home late that evening.

Warrant Call.

Call for Warrants of School District No. 14, calling for payment all warrants from No. 630, to and including No. 680, present to R. A. Brownson for payment.

R. A. BROWNSON, Clerk.

Heppner Branch of the First National Bank of Portland which opened Monday, January 15, at gala celebration.

"ONE OF THE FAMILY" TO BE STAGED FEBRUARY 2.

(From The Bulldog) "One of the Family," the senior class play, is to be presented February 2, at the Oasis theatre, under the direction of Miss M. Elliott.

The play, a comedy in three acts, has the following plot: Henry Adams begins his career as a rather timid young husband who has incurred the disfavor of his family by marrying a girl who is not "one of them." The play romps through three acts of exceedingly clever and rollicking fun until the hero's wife gives him the understanding that she will not put up with the interference of his family. Quite smashingly, Henry's awakening comes the very evening he has invited his new boss to his own home for dinner. Uninvited, the family swoops down and assumes command, with dreadful results.

UNION PACIFIC ISSUES ALUMINUM ALLOY LUCKY PIECES.

To commemorate the completion of the new high-speed, light-weight, streamlined Union Pacific passenger train, the Union Pacific "lucky piece" has been designed. The first of these to be made are being sent to our American editors. These lucky pieces are made of aluminum alloy, the same material of which the new Union Pacific train is built—as strong as steel of the same dimensions but of only one-third the weight.

The total of 1,000,000 of these lucky pieces have been made. These will be given to school children and to visitors to the train on its exhibition tour. It took five tons—10,000 pounds—of aluminum alloy to make the million lucky pieces.

Weather Report.

Date	Max	Min.
January 11	50	25
January 12	48	26
January 13	56	35
January 14	51	26
January 15	41	21
January 16	44	28
January 17	55	35

Precipitation for week was .13.

SCHOOL NOTES

Final examinations for the first semester will be given January 18 and 19. The exemption list for this term includes 45 students. According to the standard set for exemptions, an average of "2" or better will be necessary. This standard includes citizenship also.

Students exempt are as follows: Four subjects—Opal Stockard, Edna Turnblad, Margaret Clarke, Elna Schilling, Anna Ray Martin, Betty Ralph, Marjorie Shafer, and Edith Clarke.

Three subjects: Irene Kennings, Evelyn Lindner, Charlotte Ralph, Eleanor Dawson, Maxine Paul, Florence Lewis and Mary Rodda.

Two subjects: Esther Keikkala, Wayne Power, Helen Dunning, Bonnie Jean Follett, Ruth Lindner, Ruth Dodd, Wanda Needles, Alton Sisson, Dorothy Conrad, Bill Harris, Neva Richards and Roy Dallman.

One subject: Kenneth Knerr, Myra Madsen, John Conrad, Vivian Dyer, Otha Whitsett, Faith Wilson, Ed Peterson, Allan Bowman, Erna Patton, Fred Hensel, Mildred Myra, Eunice Woughter, Julia Colpitts, Helen Addleman, Vernon Case, Pauline Lewis, Barbara Reid and Martha Lenz.

Wednesday afternoon during the activity period all high school students were given the English examination or placement test. The purpose of the test was to determine the rating of students in English classes, and as a high school. When the test had been completed, Miss Elliott, instructor, announced that there would be no semester exams.

The next meeting of the Parent Teachers association will be held Wednesday, January 31, in the high school assembly at 8:00 p. m. The main address will be given by O. W. Payne on the subject "Character Education." Music by the fifth grade, Bruce and Melvin Follet and a reading by Ruth Dodd will complete the program.

During the second semester students in all English classes will study literature. Owing to the fact that all English books were changed this year, the following will be used: Literature for Junior High, Book Three, freshman; Romance in Literature, sophomore; Adventures in American Literature, junior; and Adventures in English Literature, senior.

Students in the occupations classes have completed their course of study with the making of a note book on "The Occupation of my Choice." During the second semester a course of general review in arithmetic, geography and English. The first six weeks period will be devoted to arithmetic.

The high school students wish to acknowledge their appreciation toward the kindness of O. O. Felthouse who is transporting students, free of charge, in his two big buses to Umatilla tonight (Thursday) when the Bulldogs meet Umatilla high and the Blackhawks meet the Umatilla town team.

Umatilla Takes Hermiston 25-12.

(From The Bulldog) The game played with Umatilla Friday night, January 12, in the Hermiston auditorium, ended with the score 25 to 12 in Umatilla's favor.

The game moved along rapidly throughout. The score was very close until the last quarter with the leading in a tie 10-10. The last quarter seemed to be too much for one or two of the boys, as they seemed to have lost their pep, allowing Umatilla to pile up a large score against them.

The Blackhawks defeated the Umatilla town team the same night, 26-23. A return game will be played at Umatilla this week Friday night, with both teams playing. This promises to be a real game, and O. O. Felthouse is donating two school buses to take local students to Umatilla for the game.

This week Saturday night the local girls' town team gets its first appearance on the home floor when they meet the Stanfield high school girls, while the Bulldogs meet the Stanfield high school boys in a doubleheader.

Buys First 1934 V-8.

D. Z. Kenney of Echo is taking delivery of a new DeLuxe tudor V-8 from Rohman Motor Company this afternoon.

ENERGETIC BOYS PRESENT AMATEUR CIRCUS PERFORMANCE

BIG CIRCUS-TOP ARRANGED IN CITY MAYOR'S BASEMENT.

Proper Atmosphere Created by Aid of False Faces; Side Show Added Attraction.

La-Dee-e-s and gentle-men, the big one-ring, double featured circus is now in progress! Right this way for the big performance starting immediately.

Such announcements could be heard last Saturday near the F. C. McKenzie home as the biggest amateur performance ever put over in our fair city opened under the direction of an energetic group of local boys.

The big-top circus ring was arranged in the basement of the Mayor's home. Wild animals could be heard as they snarled, growled, and snapped at passers-by.

As the patrons moved down the stairs to the ring they were prepared for the atmosphere by the many colorful illustrations of wild animals that adorned the wall. At the extreme entrance a huge sign warned "Do Not Feed the Animals." After the spectators were seated in the reserved seat section, popcorn and pink lemonade were passed just before the ring master and animal trainer opened the big act in the ring. But treats were not free. Oh my, no.

Then just as the pistol cracked the cages were opened and the tigers and lions emerged, some cautiously, some swiftly, into the ring to perform after more or less prodding from the trainer. Among other things they rolled a barrel, and crouched about waiting for an opportunity to torment the clowns.

During this performance the wild man became restless and was quieted by a sharp word from the ring master who cracked his whip incessantly.

The side show was the next attraction following the first ring performance and there "Tiny Tim" strutted his stuff, the enormous boa constrictor coiled in its cage, the fat man continuously handed out wise cracks and the spectators enjoyed the many other attractions too numerous to mention.

During the intermission a six-reel moving picture was shown featuring Mickey Mouse, Mother Goose (Continued on Page 4)

ALONG THE CONCRETE

Members of the city council played a game of "freeze out" at their regular meeting Wednesday night. Pankow neglected to build a fire.

Many small boys were dealing in high finances Friday, selling tickets to the big circus for two cents.

Some people just have to be shown that a car won't run without gas. E. P. Dodd was stalled about 100 yards from the railroad track yesterday, and still continued to pump the starter, but the car refused to budge one "iota."

We haven't heard much about undist colonies during the past two months until this week rumors were whispered about that one was being established on an island near Hatlock on the Columbia. The one disadvantage is that the crossing to the island is very treacherous. That, however, did not keep the M. E. minister away. He was among the first to visit the island and when he reached it he was in a cool mood. While crossing the boat capsized and he and his companion took a dip. A bonfire, and a few hours spent leisurely, warmed them up a bit.

Another victim of the treacherous crossing searched all afternoon for the two hind wheels off his wagon that had floated down the Columbia river.

Francis Follett picked the first buttermilk reported found on the Umatilla butte this month.

H. A. Pankow, superintendent of the CWA work, had a pitch fork fastened to the front of his car yesterday. The idea—using such a probe to keep the men on the move.
