being the oldest pioneer in Oregon, who has patiently watched the development of the "Beaver State" from its swaddling clothes into one of the foremost states in the union.

The Queen Mother will be royally supported by princesses, representing the 36 counties, providing one of the most impressive and original courts ever assembled. Efforts are under way to determine the oldest pioneer lady in Oregon, with the probability that quite a number of candidates will be nominated for the honor. Nominations will be welcomed from all sections of the state.

The Diamond Jubilee is not confined to Medford and Southern Oregon, but through legislative enactment has been designated as the official state observance, deserving of the support of all Oregonians, and no efforts are being spared to stage one of the most extensive celebrations ever held in the state. Numerous committees are gaining headway on plans and preparations, all of which indicate that Jubilee visitors will find no dull moments to detract from the joys of their visit.

It is charged that there was illegal voting in that New York city election. Who would have thought it?
