H. C. Such a statement, he said, was based upon the results seen from the work in this district.

Mr. Seymoure said that despite the depression of the past three years enrollment in club work had steadily increased, and the quality of work was higher. The showing made at the state fair last year was remarkable, Mr. Seymoure said, and the state fair board lauded the boys and girls for their splendid attitude toward the board when they displayed, knowing that premiums had been greatly reduced.

SPORTSMEN WILL FORMULATE CAMPAIGN AGAINST MAGPIES.

J. F. Bilderback, president of the Hermiston Rod and Gun club, urges members, prospective members and all other interested persons to be present at a meeting Friday evening at 8:00 o'clock, when a matter of considerable importance will be discussed.

The purpose of the meeting will be to formulate a campaign against magpies and crows, which have become so numerous as to be a source of heavy loss to poultry raisers and a menace to the propagation of game birds and water fowl.

It is expected that an official of the State Game Commission will be present at the meeting, and that with him a plan may be agreed upon for concerted action against these destructive birds which nest in large numbers in the game refuges which are normally closed to shooting.

All interested persons are requested to attend the meeting which will be called at 8:00 p.m. Friday, March 23rd, at Smith's Garage.

HIGH SCHOOL NOTES

Word has been received that the inter-district debate tournament, in which Hermiston plans to participate, will be held Saturday, March 31. Edith Clarke and Don Serell have been selected to represent Hermiston, but the place of debate will be announced later.

Hermiston represents the Umatilla district, one of eleven in the state, according to a schedule received here. Hermiston may send but one team to represent the affirmative side of the question. Any member of the debate squad may participate regardless of the fact that they may have debated on the negative team during previous contests.

Henry Harger, local coach, hopes to arrange practice debates with the negative teams of both Pendleton and Umatilla teams if possible.

Members of the senior class and their adviser, Miss Margaret Elliott, staged a style show Monday, when they observed the annual custom of "dress up day." For the first time in several years, the seniors put one over on the juniors who delight in learning the date, at which time they too, dress up. Cameras clicked at every corner and hilarity reigned before school and during the noon hour.

Males dressed as nursemaids, in organdies, earrings, silk stockings, a tramp, golfer, parson, in girl scout uniform or kilts. The girls were dressed as brides, grooms, old maids, sailors, ten year olds, or grandmas. Mr. Harger introduced the famed Prof. Doolittle of Scotland (Miss Elliott) and his flock, to the assembly, all of whom paraded around the assembly hall for inspection.

A list of all students from the sixth, seventh and eighth grades who won Palmer Method awards has been received. An exceptionally fine record was made with only four of the entire number sent in failing to receive awards. Twenty-two students will receive progress pins; 20 student certificates; and 24 improvement certificates.

The Bulldogs have arranged for a practice or non-conference baseball game with Athena at Athena, this Friday.

The senior class has selected the "Judgment Bar," a mock trial, which will be presented on class night.

Barnards Honored at Party.

A farewell party honoring Mr. and Mrs. S. H. Barnard and family was given at the Hermiston Union church Tuesday evening of this week. The many friends and associates of Mr. and Mrs. Barnard were present as a token of appreciation of Mr. Barnard's splendid services to the community. All present joined heartily in wishing him well and prosperous upon returning to his home at Everson, Wn.

HERMISTON DEBATERS SEEK STATE TITLE

An emergency call was received Monday by Paul and Frank Seeliger that their sister, Mrs. Ray Douds was seriously ill in a Walla Walla hospital and that a blood transfusion was necessary immediately. McReynolds, and reached Walla Walla within 44 minutes after they left Hermiston, averaging the 54 miles in an average speed of 73 miles an hour. The blood transfusion was given but Mrs. Douds was too weak to rally and passed away Tuesday morning. Lewis and Charles Seeliger left for Walla Walla Tuesday.

Win Baseball Practice Game.

In a practice game Sunday with the Safeway Store's team the local baseball team, member of the Umatilla County Baseball League, brought in 25 runs to their opponent's two runs. Field positions were shifted frequently, and some good baseball playing was seen by the local squad. The first league game for the locals has been scheduled with Echo for April 8th.

TEACHERS-PARENT ASS'N. DISCUSS GYM POSSIBILITIES

A goodly number of teachers and parents enjoyed another interesting and entertaining program of the Teachers-Parent association Wednesday, March 21.

The meeting was presided over by Mrs. C. A. Paul, vice president, in the absence of Mrs. W. L. Hamm, president. H. A. Pankow presented a few of the aspects which would be involved in the building of a gymnasium, whether by using federal money or by bonding the city. A committee consisting of Mrs. B. J. Nation, Miss Jessie Brierley and Mrs. A. H. Norton was appointed to make nominations for officers, to report at the next meeting.

Musical selections were furnished exclusively by the three primary grades under the direction of Miss Rachael Sloan and Miss Magdolene Buck. Numbers included selections by a rhythm band; songs by the second grade; selections by the third grade; and two numbers by Beverly Ann Walker, Bobby Best and Frank Harkenrider, members of Miss Esther Fredrickson's violin class for beginners.

The main address was given by W. H. Bloom, superintendent of the Umatilla schools, on the topic of "The Right Use of Leisure Time." He pointed out that today conditions have created many leisure hours, and to be able to fill the time, people must have created a desire for worthwhile activity.

Mr. Bloom placed swimming at the head of the list for physical activity. From an intellectual standpoint the cultivation of appreciation and knowledge of music is highly desirable.

In concluding Mr. Bloom stressed the point that parents should encourage and assist the child to find a wholesome use for leisure time, rather than let the child get into mischief for lack of better occupation.

Clarence Henning gave a talk on departmental work. He reviewed the general development, growth and forms of departmental work in existence. He especially analyzed its advantages from the standpoint of both pupil and teacher, as semi-departmental work has been carried on with apparent success in Hermiston for the past two years and a half.

The main dramatic feature of the evening was a one-act play, "Moth Balls," with a cast of three, Katherine Olday, Mildred Peregrine and LaVonne Walk.

Buried in Pendleton.

F. L. Jewett, 57, resident of the Hermiston project for the past seventeen years, passed away in Portland Sunday while returning from Los Angeles, Calif., where he had buried his only brother, Jean Jewett. "PADDY, NEXT BEST THING," AT OASIS SUNDAY & MONDAY.

"Paddy, The Next Best Thing," a Fox film production co-starring Janet Gaynor and Warner Baxter, will show at the Oasis theatre Sunday and Monday, with a matinee Sunday.

Like her other pictures, this is clean, charming, and leaves a satisfied feeling with the audience.

Miss Gaynor has the title role, that of an Irish girl born into a family that wanted a boy, and hence nicknamed "Paddy" and accepted as "the next best thing." In rough manner she disrupts a planned romance between her elder sister (Margaret Lindsay) and a wealthy stranger (Baxter), and then claims the man in the case for her own. The picture is reported to have an interesting setting of Irish village folk life. Walter Connolly and Harvey Stephens have important supporting parts.

A comedy and cartoon complete the program.

ALONG THE CONCRETE

Some of the rich may be growing poorer but we don't seem to be getting richer.

There can't be anything crooked about this straight liquor.

J. Skovbo failed to keep the home fires burning this week by not having a fire on his farm the same as he has the past two weeks. — But wait! Enos Martin obliged us today by having a fire at his ranch. This is the third consecutive week that a fire has been reported on Thursday.

Bert Nation and his aide Myron are picking up the habit of breaking into garages while on night duty. Sunday night they took a stolen car into custody and when they reached the garage door it failed to respond to all pushing and pulling of breaks and crashed the garage door. Nothing was hurt but the door.

When some of the high school boys make such good looking girls it is a shame they have to dress like boys, and the same applies to the girls. Ouch! Monday when the seniors had dress-up day we saw some nifty couples along the concrete,
