# LOWER PROPERTY TAXES

The object of the Sales Tax (expires automatically June 30, 1936), is two-fold: (1) to maintain rural and city school standards and prevent shortening of school terms by providing needed cash which delinquent property taxes cannot provide; (2) to lower taxes on real property.

Need for rural school relief has been admitted by sales tax opponents. At 1933 special session of the legislature, they introduced various make-shift measures that transferred state funds (needed for blind, insane, orphans) to schools. All these bills were rejected by your elected representatives. A Sales Tax was proposed by a Grants Pass farmer-Granger, and passed.

On May 18, you will vote to uphold or reject this two-year Sales Tax.

**GILL ADMITS TAX SAVING**—Authority for statement that Sales Tax will actually reduce your property taxes, is Ray W. Gill, State Grange Master. In Lakeview Tribune, March 22, 1934, Mr. Gill wrote: "As far as my brother and I are concerned, we would save money by the adoption of the Sales Tax, for the reduction on our property would be about \$110." Mr. Gill and his brother would have to spend \$610 a month on taxable items before their Sales Tax would equal their property-tax saving! No tax on rent, doctor bills, insurance, commercial feed. Only 1c tax on \$1 purchase!

**Why is the Sales Tax Being Opposed?** Because Opponents Oppose It "As a Theory" Choose Between a "Political Theory" and Actual Cash Saving on Your Annual Tax Bill.
