

FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

FURTHER INSTRUCTIONS FOR USE OF COLD STORAGE GIVEN

All animals butchered for cold storage or shipped must be allowed to cool over night before placing them in the chilling room. If a hot carcass is hung before the cold ones, it will cause sweating and also will delay the cooling of meat previously placed in the room.

Preparations are being made to deliver packages of meat to members of the creamery who wish to rent a locker but live too far away to avail themselves of this service at the plant. An insulated box will be carried on the cream truck which will keep the meat or other produce in perfect condition until delivered at the farmers door. No doubt the meat will still be frozen upon arrival.

The lockers have proven very successful and have been a great saving to those who have been using them since the plant opened. We therefore, urge all creamery members who have not rented lockers to consider the matter before it is too late. All you have to do is butcher the animal, hang it up over night to drain and cool, and bring it to the chilling room. If you wish to have it cut by the butcher it will cost you three-fourths of a cent a pound out into steaks, chops, roasts, etc., and it will also be placed in the locker. Then all you have to do is give the cream truck driver an order for a certain package of meat and it will be delivered the next route day. In this manner the farmer may have fresh meat delivered to the door every third day during the summer, and twice weekly in the winter.

The locker room will be open Sundays but meat will not be taken care of that day, because there is no help to spare from the creamery. Umatilla Co-operative Creamery.

CANNERY AND LAUNDRY BOARD EMPHASIZES REGULATIONS

At a recent board meeting the following regulations pertaining to the laundry and cannery were found to be abused and are again being emphasized.

As most of you know we are now confronting extra expenses at our laundry and cannery due to necessary repair on our septic tank. As we have been operating on the lowest possible margin we are now obliged to raise the price of canning, 1-4c per can on all cans to meet this emergency. This new price becomes effective Monday, June 18, Number 2 1/2s, plain, will be 5-3-4c for vegetables, 6-3-4c for meat; No. 2 1/2s, inside enamel, will be 6c for vegetables, and 7c for meat. No. 2s, plain, will be 5-1-4c for vegetables, 6-1-4c for meat; and No. 2s, inside enamel, will be 5-1-2c for vegetables and 6-1-2c for meat.

Again we ask you to please cooperate and comply with all cannery and laundry rules and regulations. By so doing we can keep our already low prices.

When the price of canning was made it was based on products ready for the can. However, some have forgotten this and are bringing their produce unwashed and unprepared to the cannery. This requires more room and much more water and will necessitate an extra charge unless patrons comply with the regulations.

And again let us remind you that the fee you pay for washing is for one family's washing, (living in the same house) and not for yours, plus some sister daughter, friend or relative's washing. If laundry from two households is combined, two fees must be paid.

Cooperation in these small details make it a success for all. Respectfully yours, Hermiston Co-operative Laundry & Cannery.

Receives Honorable Mention. Oregon State College, Corvallis, May 31—Walker Ott of Hermiston, senior in agriculture at Oregon State college, received honorable mention for the Adolph Wolfe prize of \$50 awarded to the senior man showing the greatest promise of applying business principles to the advancement of industrial and social institutions.

Governor's Medal Offered. Vancouver Barracks, Wn., June 5—Governor Julius L. Meier will award the governor's medal again this year to the most outstanding student from Oregon attending the 1934 Citizens' Military Training camp at Camp Hurlburt in this post. It was announced today. He has notified camp headquarters of his willingness to continue the award.

CANNERY SCHEDULE

June 11 to 16.

A. M.—8 to 11 P. M.—1 to 3:30

Monday—Peas, No. 2 1/2s; P. M., Asparagus, No. 2 1/2s.

Tuesday, A. M.—Peas, No. 2s; P. M.—Asparagus, No. 2s.

Wednesday—A. M., Greens, 8 to 9 o'clock, Beets, 9 to 11 o'clock, No. 2 1/2s; P. M.—Asparagus, No. 2 1/2s.

Thursday—A. M., Peas, No. 2 1/2s.

Friday—A. M., Peas, No. 2s; P. M.—Asparagus, No. 2s.

Saturday—A. M., Asparagus, No. 2 1/2s.

MANY ATTEND GILLIAM-WHEELER POMONA GRANGE

A large delegation of Morrow County grangers went to Condon Saturday, May 26, to attend the Gilliam-Wheeler County Pomona Grange meeting. Each delegate felt his time was well spent as he enjoyed the interesting and educational talks by such prominent persons as Max Gehlar, head of the Department of Agriculture of the State of Oregon, Senator J. Upton from Bend, Senator Sam Brown from Marion county, Marie Flint McCall, State Lecturer, Chas. Wicklander, state deputy, and a number of other interesting speakers.

The delegation arrived at Condon about 11:00 A. M. and found a nice crowd at the morning meeting. During the lunch hour Marie Flint McCall, Senator Sam Brown and Max Gehlar arrived. First on the program when the meeting convened after lunch was the memorial service which was impressively put on by the Pomona officers for three of their members, two of whom were charter members and officers.

The address of welcome was given by Russel McKennon, county agent of Gilliam County, and was responded to by Mr. Howard, the Pomona master. Mr. Davis, Pomona master from Sherman County, announced their Pomona meeting on June 2nd and invited all to attend. S. J. Devine, master of Morrow County Pomona, invited the grangers from the adjoining counties to meet with Morrow County Pomona at Rhea Creek on the first Saturday in July.

Max Gehlar gave information to the assembled crowd on work in various branches of agriculture, some of them being: How a great many departments and offices have been abolished or merged into others, fewer persons being required to do the work which was formerly done by a large office force. This has saved the state thousands of dollars. He talked on rehabilitation and feels that putting untrained city folk out on the farms or creating farms from prairie lands is not advisable and that giving them \$3000 which is suggested as a start, would be unfair to the real farmers whose average income from farms annually is about \$520. Grain inspection, grading, blending of wheat, and codes were also taken up as well as present methods of financing the state fair. A few minutes of time was given to discussion of the butter code. An interesting point which was brought out was the fact that in Australia 56 pounds of butter per capita, and in Canada 36 pounds of butter per capita is consumed annually while in the United States the annual per capita consumption of butter is only 18 pounds.

Reports from different sections of the project say that the first cutting of alfalfa has averaged over four tons to the acre. Matthew Gordon obtained that cutting from his field southeast of town.

Another modern improvement on the project is a 20x52 chicken house and brooder combined, recently completed on the Chas. Keller farm in Columbia district. The house will accommodate 350 hens and has a draper brooder system installed. This system has become quite popular with poultrymen on the project.

Alfalfa Yield High. Reports from different sections of the project say that the first cutting of alfalfa has averaged over four tons to the acre. Matthew Gordon obtained that cutting from his field southeast of town.

Notice to Water Users. As the irrigation season advances and the visible supply of water in the reservoir diminishes, it becomes evident that if we are to mature our crops it will be necessary to adopt a policy of strict economy in the usage of water over the entire project. In order to successfully carry out such a policy, willing cooperation on the part of every water user with his ditch rider will be required.

In order that all settlers may fully appreciate the importance of saving water whenever possible, a study of the following figures which give the supply of water in the reservoir as of June 1, 1933, compared with that on hand June 1, 1934, together with the amounts of water used through the months of June, July, August and September show plainly the necessity of a strict conservation of irrigation water all over the project for the balance of the season:

Acre feet of water in the Cold Springs Reservoir June 1st, 1933—49,300.

Acres feet of water in the Cold Springs Reservoir June 1st, 1934—36,900.

VISITING GRANGERS PRESENT PLAY AT STANFIELD SATURDAY

As part of the lecture hour at the Stanfield Grange meeting Saturday night a group of Grangers from the Tillacum Grange presented a play entitled "Bill's Ramage Sale." Members of the cast were Mr. and Mrs. Montie Witty, Mr. and Mrs. C. L. Elgin, Mr. and Mrs. Arthur Greer, and Mr. and Mrs. Herman Snyder. Mr. Greer also gave a reading "Casey at the Bat."

Other Grange News. In reporting the last Grange program we inadvertently failed to include to very good numbers. Mrs. L. F. Wooster, H. E. Chairman, gave a talk on the plan of organization, and duties of the Home Economics clubs. A group of members gave a pantomime of "The Old Spinning Wheel." Mrs. Harry McCormack sang a solo while Mrs. J. F. Rucker, Mr. and Mrs. Mel Johnson and Anderson Brown participated in the pantomime.

Mrs. J. F. Bogan will act as chairman for the next program Saturday, June 16. She has arranged an interesting program and may call upon others to participate.

The Cub Wranglers furnished music for dancing after the Grange meeting Saturday night.

STANFIELD 4-H CLUB NEWS; DELEGATES ATTEND SCHOOL

Delegates to the 4-H club summer school session which opens at Corvallis, Ore., Monday, June 11, will leave Sunday, Nadine Reuber and Merrill Hutton were winners of the Grange scholarship, with Elaudia Gabriel and Jimmie McDermitt as alternates. The school will be in session two weeks.

The "Snappy Stitches" met in the Grange hall Thursday afternoon. The president Patricia Richards presided during the business meeting. Mrs. J. M. Richards, leader, suggested study topics for the next meeting and appointed Mildred Gabriel to take charge of the social hour for the next meeting.

Miss Dorothy Shelton acted as hostess to members of the poultry club at her home Friday afternoon. Each member present responded to roll call by reporting on his or her poultry project. Instructive talks on origin, housing, history, care and management of chicks were given by Dorothy Shelton, Patricia Richards and Virgil Tenney.

Miss Clara Johnson, local leader, assigned study topics for the next meeting. The group inspected the Shelton chickens, turkeys and pheasants.

Make Modern Improvements. J. W. McMullen has installed an automatic water system on his home ranch southwest of town which will modernize his farm. The system was installed by the Grange Co-operative.

Another modern improvement on the project is a 20x52 chicken house and brooder combined, recently completed on the Chas. Keller farm in Columbia district. The house will accommodate 350 hens and has a draper brooder system installed. This system has become quite popular with poultrymen on the project.

Alfalfa Yield High. Reports from different sections of the project say that the first cutting of alfalfa has averaged over four tons to the acre. Matthew Gordon obtained that cutting from his field southeast of town.

Notice to Water Users. As the irrigation season advances and the visible supply of water in the reservoir diminishes, it becomes evident that if we are to mature our crops it will be necessary to adopt a policy of strict economy in the usage of water over the entire project. In order to successfully carry out such a policy, willing cooperation on the part of every water user with his ditch rider will be required.

In order that all settlers may fully appreciate the importance of saving water whenever possible, a study of the following figures which give the supply of water in the reservoir as of June 1, 1933, compared with that on hand June 1, 1934, together with the amounts of water used through the months of June, July, August and September show plainly the necessity of a strict conservation of irrigation water all over the project for the balance of the season:

Acre feet of water in the Cold Springs Reservoir June 1st, 1933—49,300.

Acres feet of water in the Cold Springs Reservoir June 1st, 1934—36,900.

H. Childers place about 1 1/2 miles east of Hermiston, Oregon, commencing at 10:00 a. m., on the 15th day of June, 1934.

DATED June 5, 1934. H. A. PANKOW, As Agent for The First National Bank of Hermiston, Oregon. (June 7 - 14)

Constipation 6 Years Trouble Now Gone

John J. Davis had chronic constipation for six years. By using Adlerika he soon got rid of it, and feels like a new person. Adlerika is quick acting—safe. At Leading Druggists.

Notice of Annual School Meeting.

Notice is hereby given to the legal voters of the Union High School Dist. No. 9, of Umatilla County State of Oregon, that the Annual School meeting of said District will be held at the school house, to begin at the hour of 2:00 o'clock P. M. on the fourth Monday in June, being the 25th day of June, A. D. 1934, and hold until 7:00 P. M.

This meeting is called for the purpose of electing one Director and the transaction of business usual at such meetings.

Dated this 23d day of May, 1934.

ATTEST: R. A. BROWNSON, Dist. Clerk, W. J. WARNER, Chairman, Board of Directors.

NOTICE OF SHERIFF'S SALE UNDER EXECUTION.

NOTICE IS HEREBY GIVEN that by virtue of an execution issued out of the Circuit Court of the State of Oregon for Umatilla County to me directed and delivered on a judgment and decree and order of sale rendered in said Court on the 24th day of May, 1934, in favor of William F. Hannan, Jr., and Nellie B. Hannan, his wife, against R. Carlson and William Allen in the suit therein pending wherein the said William F. Hannan, Jr., and Nellie B. Hannan, his wife, are Plaintiffs, and R. Carlson and William Allen and Warren R. Allen are Defendants for the sum of Three Thousand and No.100 dollars with interest thereon at the rate of 6 per cent per annum from October 1, 1932; the further sum of \$19.20 with interest thereon at the rate of 6 per cent per annum from May 14, 1934; the further sum of \$285.00 attorney's fees and the costs and disbursements of this suit taxed at \$24.35; which said decree and judgment and order

of sale has been duly docketed and enrolled in the office of the said Clerk of said Court and in and by which said judgment, decree and order of sale, it was directed that the hereinafter described real property in Umatilla County, Oregon, together with the tenements, hereditaments, appurtenances and all water rights belonging or in anywise appurtenant and also all the estate, right and interest of said defendants in and to the same be sold by the sheriff of Umatilla County, Oregon, to satisfy said judgment and all costs.

Therefore, I will on the second day of July, 1934, at the hour of 2:00 o'clock of the said day at the front door of the County Court House in the City of Pendleton, Umatilla County, Oregon, sell all the right, title and interest which the said defendants, R. Carlson and William Allen or either of them had on the first day of October, 1930, or since then have acquired or now have in and to the following described premises situated in Umatilla County, State of Oregon, to-wit:

The west half of the north east quarter of section 27, township 5, North range 29, E.W.M., in Umatilla County, Oregon, containing 80 acres, together with all water rights pertaining or belonging thereto.

Together with the tenements, hereditaments thereto belonging or in any way appurtenant; and also all the right, estate, title and interest of said defendants in and to the same; said lands to be sold at public auction to the highest bidder for cash in hand, the proceeds of such sale to be applied in satisfaction of said execution of all costs.

Dated this 28th day of May, 1934.

R. E. GOAD, Sheriff, Umatilla County, Oregon. By J. A. Carney, Deputy. (May 31 - June 28)
