BULLDOGS UPSET FOOTBALL DOPE IN IONE DEFEAT

PREVIOUS PREDICTIONS SPELL
EQUALITY OF TEAMS

Locals Score Touchdown in First
Five Minutes of Play; Final
Score is 22 to Nothing

When Hal Hatton's Bulldogs
marched off the field last Friday af-
ternoon with a 22-0 score against the
Ione eleven, football enthusiasts pro-
claimed the Hermiston boys an in-
spired bunch of retrieving Bull-
dogs. At the beginning of the game
those who are credited with the gift
of football prophesy were as quiet as
the Sphinx regarding the outcome.

And it is easy to understand why
no forecasts were made. According to
the theory of gridiron prophesy final
scores can only be predicted when the
factors that contribute to them are
clearly seen at the time the crystal
gazers look in the glass ball for the
oracle.

When the referee's whistle signal-
ed these two teams into action all the
dope that was in the bucket spelled
equality. According to Coach Hat-
ton's calculations on the known qual-
ities that entered into the problem, his
Bulldogs were due to have their tails
cut off behind the ears.

But during the first five minutes
of play events happened that caused
the prophets to break their silence.
Ione received the ball, and on the
second play attempted to pass. Knerr
playing a "heads-up" game inter-
cepted the ball on the 40 yard line,
and in eight consecutive plays the
Bulldogs went across the line for a
touchdown, the ball for the most
part being carried by Stewart and
Jendrzewski. It was then that the
Hermiston football stock took a sud-
den rise, but at that nobody predict-
ed a 22-0 victory even when the game
was nearly over, and it will have to
be admitted that it is not a common
thing for a player to take the ball on
the 50 yard line on a play called
through tackle and guard through the
primary and secondary defense for a
touchdown as did Hensel in the last
few seconds of play.

The next score came as a result of
a little tough luck for Ione. The visitors
got the ball on the 10 yard line
and failing to gain yardage signaled
to kick. A pass from center shot the
ball over the punter's head rolling be-
hind the goal line where Dawson fell
on it for a touchback. This put the
score 8-0 at the end of the first
quarter. During the second and third
quarters no scores were made, al-
though the Bulldogs gave the side
lines plenty of excitement with their
plays through line and around
ends. It was in these periods that
Stewart hit a stride that left the
fans agog and wondering how much
yardage he will choose to make be-
fore the season is over.

In the fourth quarter a punt block-
ed by Reeves and recovered by Daw-

ELK SEASON MAY HAVE EFFECT ON POLITICAL RACES

The elk season may decide the
outcome of some of the races for
county positions in the general elec-
tion next month. The open season
on elk begins November 5 and the
open season on political candidates
the next day.

Because of this many hunters will
be out of town. It is estimated by
E. B. Casteel, county clerk, that sev-
eral hundred nimrods from this
county will be in the mountains on
election day. Last year more than
600 licenses were issued in this
county and a fraction of that many
votes could easily elect or defeat an
office seeker.

In order that the hunters who
will be away on election day may
vote, Mr. Casteel announces that
they may vote by absentee ballot be-
fore the opening of the elk season.
These ballots will be on hand at his
office in the court house in Pendle-
ton about October 25. After being
filled out by the voter, they are
sealed and put in the ballot box of
his precinct to be opened when the
other votes are counted. There is
no charge for this service.

COMMUNITY GET-TOGETHER SLATED FOR OCTOBER 26

Committees are at work making
plans for an enjoyable evening of
entertainment and fun on Friday,
October 26, at the Hermiston audi-
torium, starting at 8 o'clock. All
adults and older children are in-
vited to attend the gathering which
will furnish a means of getting bet-
ter acquainted with friends and
neighbors.

A program is being arranged and
coffee and doughnuts will be served.
Each person attending the meeting
is requested to bring a cup and
soon, the committee members said.

Approximately \$4200 is being paid
in the west end of Umatilla county
to farmers who have signed corn-
hog reduction contracts with the
federal government. Money is be-
ing paid from the office of Assistant
County Agent Sawyer today. A total
of \$12,628.95 is being distributed
in Umatilla, Union and Walla
counties alone, which constitutes
more than a third of the money al-
located for the entire state.

Farmers in the Hermiston district
signed for approximately 2100 hogs.
E. L. Jackson, chairman of the coun-
ty committee, said.

HIGH SCHOOL NOTES

Margaret Clarke and Nina Ray
McCulley are the only high school
students to earn a grade of one in
all their subjects for the first six
weeks. Neither of the two had any
absences or tardies, but Margaret
rated a citizenship grade of one
while Nina Ray received a two. The
following students made an average
of two for this period which entitles
them to be on the honor roll:

Freshmen — Marie Skovbo, Vera
Sisson, Rebecca Pierson, Nina Ray
McCulley, Frances Dawson, Edward
Hall, Leah Harris, Jane Jackson,
Irene Knapp.

Sophomores — Wayne Power, Dor-
othy Conrad, Esther Keikkala, Bill
Harris, Irene Kennings, Margaret
Clarke.

Juniors — Eleanor Dawson, Bar-
bara Reid, Alton Sisson, Bill Jack-
son.

Seniors — Neva Richards, Mar-
garet McMullen, Faith Wilson, Edna
Turnblad, Florence Lewis and Ches-
ter Dyer.

Florence Lewis, Bill Jackson and
Alton Sisson received three ones and
one two each. The freshman class
had more on the honor roll in pro-
portion to numbers than any of the
other classes. The junior class re-
ceived the best citizenship average,
19 of the members receiving a grade
of one. Thirteen sophomores and 12
seniors received this rating. Only
six freshmen received citizenship
grades of one.

Wednesday the Stanfield high
school sent four delegates to visit
the local high school. The purpose
of the visit was to see how class
room work and general conduct in
the high school compared with Stan-
field. A member from each class
was on the visiting committee. They
were: Wm. Beebe, Thurston Foltz,
Anna Hedrick and Doris Hutton.

Today the Hermiston football
team goes to Athena for a return
game. The showing made against
Ione has led some to predict a vic-
tory for the Bulldogs. On the other
hand the team will be weakened
somewhat because several players
have taken time off to hunt.

DAVIS CAR OVERTURNS ON BUTTERCREEK HIGHWAY

The second accident within a week
occurred on the Butter Creek high-
way southwest of Hermiston late
Sunday night when Mr. and Mrs.
Wm. Davis and Mr. and Mrs. Wm.
Shaar were returning from a hunt-
ing trip in the Davis car. While
rounding a curve on the highway a
short distance from town the car
jerked into gravel and overturned,
landing on the top. The occupants
escaped injury except for nervous
shock and bruises.

REPUBLICAN RALLY WILL BE STAGED HERE TUESDAY

Umatilla county republicans will
stage a rally in Hermiston, Tuesday,
October 23, with a dinner at the
Hermiston Hotel at which all county
and state candidates will be present,
according to an announcement re-
ceived from Rex Ellis of Pendleton,
county republican central commit-
teeman.

Overflow space will be available
at the hotel for all those who will
be unable to attend the dinner at 7
o'clock. Jay Upton, candidate for
congressman, will be one of the
speakers. E. P. Dodd, staunch re-
publican and supporter of Joe E.
Dunne for governor, will be unable
to be present at the meeting due to
the fact that he will leave Sunday
for Portland to work in the Dunne
camp until after election.

Quiring-Neufeld

Miss Lydia Neufeld, daughter of
Rev. and Mrs. J. P. Neufeld of Dal-
las, Ore., became the bride of Mr.
Alfred Quiring of Hermiston, Ore.,
son of Rev. and Mrs. J. H. Quiring,
at an attractive church wedding at
the Bruderthal church in Dallas
Sunday, October 14, at 2:30 in the
afternoon. The vows were read by
Rev. Neufeld, father of the bride,
assisted by Rev. Quiring, father of
the groom.

The bride was lovely in a white
satin gown and veil, caught with
orange blossoms. She carried a
bouquet of pink rosebuds. She was
attended by her sister, Miss Maria
Neufeld, as maid of honor, who wore
a yellow taffeta gown. Miss Mary
Miens and Miss Mary Ann Peters,
as bridesmaids, wore green organdy
frocks.

Leander Quiring, brother of the
groom, acted as best man, and El-
vin Quiring and Sam Neufeld served
as ushers.

The ceremony was performed be-
fore an altar decorated with ferns,
fall leaves and fall flowers. The
bridal party filed to the altar to the
strains of the wedding march played
by Mrs. John N. Ediger. Songs were
sung by the male quartet composed
of Sol Ediger, Sol Warkentine, Hen-
ry Quiring, all of Dallas, and Nick
Goertzen of Salem.

A reception followed at the home
of the bride's parents and the couple
left immediately on a honeymoon to
Portland and Oregon beaches. They
expect to be at home to friends Oc-
tober 23 in the Joe Dyer apartments
southeast of town.

The bride graduated from the
Dallas high school in June. The
groom is associated in publishing
the Hermiston Herald at Hermiston,
Ore., and is also a graduate of the
Dallas high school.

TURKEY MARKETING PROSPECTS OUTLINED AT NORTHWEST MEET

LOCAL POOL DATES FOR NOVEM-
BER ARE SET

Reports Show Reduction in Tonnage
Over U. S.; Oregon's Turkey
Crop Further Advanced

Dates for the first Eastern Oregon
Turkey Growers' association pool
were set for November 3 at a meet-
ing of the board of directors last
Wednesday night when plans were
completed for a tour of inspection
of turkey raisers' farms which start-
ed Thursday, October 18. The pre-
sident, J. Jendrzewski, and Assis-
tant County Agent W. A. Sawyer are
making the survey.

Reports were received from Mer-
rill Potter, who recently returned
from attending a meeting of the
Northwest Turkey Growers' associa-
tion at Salt Lake City, and from Mr.
Sawyer and Mr. Jendrzewski who
attended a meeting of the Oregon
units at Portland, October 5. Pool
dates and method of handling were
discussed at these meetings, the re-
ports showed. Mr. Jendrzewski said
that the following was contained in
a report given by J. C. Leedy at the
Portland meeting:

A substantial reduction in turkey
crops is in prospect this year, ac-
cording to Mr. Leedy, manager of
the Oregon Turkey Cooperatives, Inc.

Reports were received from all of
the western states, and many of the
mid-western states, where turkey
growing is an important branch of
agriculture, and summarized at the
meeting of the regional marketing
organization, owned and controlled
by the growers.

The greatest decrease, as shown
by the reports, has taken place in
New Mexico, where 25% less turk-
eys have been grown this year. Idaho
follows with a 21% reduction, while
the extremely large tonnage in Tex-
as has been decreased by 20%. Mon-
tana reported a 15% to 20% de-
crease and Colorado a 10% decrease.
Similar crops to last year's reduced
tonnage were reported in Oregon,
Washington, Nevada and Wyoming.
California and Utah alone reported
slight increases.

The reports given by the repre-
sentatives of the Northwest Turkey
Growers association are further sub-
stantiated by a survey of all of the
western states, conducted by W. D.
Buchanan, poultry specialist of the
Washington State college at Pull-
man, Washington.

The Oregon turkey crop this seas-
on is further advanced than in any
recent year, according to Mr. Leedy,
and growers are confidently expect-
ing better prices. Competing meats
are in smaller supply and higher in
price than a year ago, and the tur-
key crop is shorter. All of which con-
firms the growers in the belief that
turkey prices will be better, if the
crop is marketed in an orderly man-
ner.

Hospital Movement Pushed.

A meeting for those interested in
the establishment of a hospital at
Hermiston will be held at the pro-
ject office here Thursday, October 25
at 8:00 P. M. Members of the Ways
and Means committee include H. M.
Sommerer, H. J. Ott and F. C. Mc-
Kenzie and they will report find-
ings which will be included in the
general discussion. It is hoped that
a large representation will be pres-
ent.

ALONG THE CONCRETE

Sam Moore inquired Tuesday if he
knew of anyone who had a printing
press to trade for a bird dog and a
shot gun. He thought that with the
number of posted places over the
project it might be more profitable
than hunting. (Just inquire at the
house, Sam, and they'll let you hunt
on their places, if you don't mistake
a young turkey for a pheasant.)

We don't know of a better excuse
for a young man to get married
than when he wins an electric refrig-
erator. But when this happened to
Frank A. Reberger of Echo it didn't
suddenly decide him in favor of
making the move, although he did
box his winnings and sent them to
his sweetheart back home, who
makes apple pies with golden brown
pie crust.

Perennial Prognosticator
