MEMBER OREGON STATE EDITORIAL ASSOCIATION 1934

Join the Boy Scouts.

The newest Boy Scout troop in the Blue Mountain Council was presented with its charter at Stanfield Wednesday night by Robert R. Hayes, Scout Executive from Walla Walla, which is another link in the circle of friendly boys in the United States and England whose development of character and manly qualities are being supervised.

Since 1908 the Boy Scout organization has been enrolling thousands of boys who are carrying the Boy Scout flag while marching into manhood doing "a good turn daily" and learning about the things which build a firm foundation for character.

This organization ranks along with the Red Cross, Community Chest and other humanitarian drives for the financial support of the individual and community. A drive for funds will soon be launched to secure dollar donations froom individuals and organizations, in order to carry on the work in the Blue Mountain Council for another year. "Join, more Boy Scouts," should be the slogan.

† BOARDMAN NEWS †
By Mrs. Dan Ransier

The Ladies Aid met at the church last Thursday to cook dinner for the men who were working on the basement of the church. These improvements will make more room and will give the Boy Scouts a pleasant meeting place.

Mrs. Beamer was a business visitor on the project last week.

A. E. McFarland was elected director on the West Extension Irrigation board at the election held Tuesday. He received 22 of the 27 votes cast.

A lilac bush on the John Jenkins place is in full bloom.

Miss Marian Henderson and Miss Clara Ruff, teachers in the grade school are expected to be back on duty next week.

Among those from Boardman who spent the week end in Portland were Mr. and Mrs. Edwin Ingles, Miss Mary Harney, Mrs. Brice Dillabough and Miss Loveday Barkholder and mother.

Mr. and Mrs. Frank Otto were in Hermiston Saturday night.

Geo. Bush made a business trip to Portland the first of the week.

A six o'clock dinner was served at the home of Mr. and Mrs. Howard Bates last Thursday. Covers were laid for Mr. and Mrs. Avon Hugg and family, Mr. and Mrs. W. A. Baker and family, Mr. and Mrs. Courtwright and Mr. and Mrs. Howard Bates.

C. G. Blayden was a business visitor in Heppner Tuesday.

A dance was given Saturday night at the home of Mr. and Mrs. Howard Bates in honor of Mrs. Bates' birthday.

Greenfield Grange will hold its regular meeting Saturday night in the gym. All members are urged to be present as officers for the coming year are to be elected.

The Home Econo... meet Wednesday at the home of Mrs. Ella Shell. As election of officers will be the main event, a large crowd is exected. A pot luck dinner will be served at the noon hour.

FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

DAIRY CATTLE DISEASE TESTING WILL START NEXT WEEK

Dairymen who wish to sign the Federal agreement and have their dairy cows tested for abortion are requested to do so as soon as possible.

Many dairymen are anxious to have their animals tested as soon as possible because of feed shortage, but the testing cannot be started until all have signed who intend doing so. If testing should start now and later someone decided to sign up, it would cause extra work and expense in back tracking to get his herd tested. In special cases where a delay is unavoidable the farmer should feel free to sign up at a later date, but in most cases further delay is unnecessary.

Anyone who is hesitant about signing the agreement because of undesirable features, or lack of understanding, may get in touch with Assistant County Agent W. A. Sawyer, who will explain the program.

The success of this federal program in stamping out the abortion disease in this community is going to depend largely upon how many farmers take part. The Umatilla project has already gone a long way toward erdication of abortion. We now have an opportunity to get federal aid in doing the things many farmers have been trying to do without any financial aid. The chances of an opportunity of this kind coming again is not likely and in the future there is some possibility of a clean-up program becoming compulsory.

Dairymen are urged to help get an abortion free area established here. This will help in the sale of dairy stock.

GROWERS WILL BE NOTIFIED EXACT TIME OF TURKEY POOL

The next pool of the Eastern Oregon Turkey Growers' association will be November 19 and 20. Members who have returned cards, indicating the number of turkeys to be sold will be notified as to the exact time to deliver their birds. Growers who have not sent cards should do so immediately.

Any turkey grower who is not a member of the association, may ship through the next pool after getting in touch with either John Jendrzejewski or W. A. Sawyer. Non-members' birds will be received on the afternoon of November 20th.

Said the Plowman to his Mule.

Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet, here we work, hitched up together, year in and year out. I often wonder if you work for me or if I work for you. Verily, I think it a partnership between a mule and a fool, for surely I work as hard as you, if not harder. Plowing or cultivating, we cover the same distance, but you do it on four legs and I on two. I, therefore, do twice as much work per leg as you do.

Soon we'll be preparing for a corn crop. When the crop is harvested I give one-third to the landlord for being so kind as to let me use this small speck of God's universe. One-third goes to you, and the balance is mine. You consume all of your portion with the exception of the cobs, while I divide mine among seven children, six hens, two ducks and a banker. If we both need shoes, you get 'em. Bill, you are getting the best of me, and I ask you, is it fair for a mule, a son of a jackass, to swindle a man—a lord of creation—out of his substance?

Why, you only help to plow and cultivate the ground, and I alone must cut, shock and husk the corn, while you look over the pasture fence and hee haw at me.

All fall most of the family, from Granny to the baby, picks cotton to help raise money to pay taxes and buy a new harness and pay the interest on the mortgage on you. And what do you care about the mortgage? Not a damn! You ornery cuss, I even have to do the worrying about the mortgage on your tough, ungrateful hide.

About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as great a jackass as your papa. Verily I am prone to wonder if politics were made for men or jackasses of men.

Tell me, Willyum, considering these things, how can you keep a straight face and look so dumb and solemn?—Wichita Falls Spokesman.

Organization.

Perhaps the most significant part of the New Deal consists of measures which aid the great groups of our population to organize themselves, to equip themselves for defense against the hazards of blind chance and against the inroads of exploitation. The object is to give them control over their own affairs. All this certainly means a future for those cooperatives which are properly organized, and wisely managed.—Chester C. Davis in the Eggsaminer.

NO PATRONAGE REFUND PAID DELINQUENT MEMBERS.

According to the by-laws governing the Co-operative Service Station, no patronage refund can be made to any member who has allowed his membership to become delinquent. Information as to the status of any membership is available at the main office of the Farm Bureau Co-operative.

Hours for Closing Advanced.

Starting with November 1st the Farm Bureau Co-operative of Hermiston will close at 5:00 o'clock instead of 6:00 o'clock p. m. This is being done in observance of winter business hours, Manager H. M. Sommerer, says.

GEORGE O. GATLIN DIES SUDDENLY IN KENTUCKY.

The sad news of the passing of George O. Gatlin came to us with stunning suddenness on Friday, October 19, all the more of a shock because it was so unexpected. His health had been poor for a number of years, and his trip East about the middle of September following his recent resignation as extension specialist in cooperative marketing at Oregon State college was for the purpose of recuperation, but his many friends did not know, perhaps he himself did not realize, that his physical condition was so critical.

Mr. Gatlin died suddenly at his boyhood home in Murray, Kentucky, on Thursday, October 18, passing away peacefully in his sleep. His wife and daughter, Eleanor, aged 15 were with him, having gone back to Murray in June. In addition to them, only a sister, Mrs. W. S. Swann of his immediate family, survives him, his parents havng died some years ago. Our sincere sympathy goes out to them in their great loss.

Mr. Gatlin's was a many sided nature. At fourteen, he entered a preparatory school in Tennessee, a restless, roving youth to whom a moving train and a gypsy caravan had an irresistible fascination. One morning he left on a freight train for parts unknown. Various adventures in education followed until he was twenty when he received his LL. B. degree from Cumberland University.

But a Texas homestead had more attraction to him than the practice of law. He returned to Kentucky later from the midst of a Mexican revolution where his adventurous spirit had led him, as a war correspondent. For several years he farmed and wrote, contributing to such magazines as "The Fra" and "The Philistine", then edited by Elbert Hubbard, "Brann's Iconoclast", "Thought", "Progress", and "New Age". His next move was to Washington D. C., which was his headquarters for the next ten years of travel as an agricultural economist in the United States Department of Agriculture. In 1928 he came to Oregon State College where his work in cooperative marketing has assisted so materially in advancing the cooperative movement in Oregon, as was recounted in the August issue of The Eggsaminer.

Mr. Gatlin was a versatile writer. He has been associated with three farm journals as columnist, contributing editor and associate editor, and government agencies have distributed 100,000 copies of his bulletins and mimeographs.

GOVERNMENT REPORTS INDICATE CO-OP SHIPMENT HEAVY.

The latest U. S. Government reports show that up to September 15, there have been shipped East out of Oregon, during 1934, 194 carloads of eggs.

The Pacific Cooperative Poultry Producers has shipped 169 of these 194 carloads, leaving only 25 carloads shipped by the several other egg handlers of the state. In other words, our association has shipped 87 per cent of all carlods of Oregon eggs that have moved East during 1934.—Eggsaminer.

L. J. ALLEN DISCUSSES 4-H CLUB WORK HERE

L. J. Allen, assistant 4-H club leader from Corvallis, was in Hermiston last Friday to discuss plans of organization for club work which would lead to an increase in general interest of both club boys and girls, and parents. Among those present at the meeting were Leo Rueber and Mrs. Jake Rueber of Stanfield, and Mrs. T. O'Grady, Mrs. Geo. Genn, Al Kennings and Assistant County Agent Sawyer of Hermiston.

UMATILLA HERD IMPROVEMENS ASS'N. REPORT IS GIVEN

MANY ACTIVITIES WITHIN ASSOCIATION CITED.

Increase in Butterfat Price Creates Demand for Producing Cows; 44 Cows Average 40 Lbs. Fat.

During the month of October the Umatilla Herd Improvement association enrolled 526 cows, of which 75 were dry, from 35 herds. The total milk production was shown in the report compiled by Al Kennings, tester, as being 233,044 pounds of milk, and 11,382.8 pounds of fat. Forty-four of the cows enrolled showed an average production of 40 pounds of fat.

The three high herds in the association, including dry cows, the report showed were owned by F. A. Baker, 22 pure bred Jerseys, averaging a production of 448.8 lbs. of milk, containing 24.1 lbs. fat; Wm. Luttrell, 16 grade Jerseys, producing 821.5 lbs. milk, containing 37.4 lbs. fat; and by L. C. Dyer, 10 pure bred Jerseys, producing 559.9 lbs. milk, containing 23.7 lbs. fat.

Hart, a 6-year-old grade Jersey, owned by Wm. Luttrell, was named in the report as being one of the two high cows in the association for October, by producing 1454 lbs. milk, testing 56.7 lbs. fat; and the second high was Oxford's Peaches, owned by L. C. Dyer, producing 871 lbs. milk, testing 55.7 lbs. fat. She is 4-years-old.

The report stated that due to recent increase in the price of butterfat there is an increased demand for producing cows. Good cows are worth much more than buyers are offering at the present, the report continued. The report lists the following activities: Three boarders were killed for beef; two cows died; five cows were sold for dairy purposes; two cows were purchased for dairy purposes; Chas. Lynch sold a registered Holstein bull to be used as a herd sire; George Wurster obtained a purebred Jersey bull to head his herd.

High herds to date, dry cows included, for the eight months since the beginning of the testing year are listed as follows:

Over 20 cows: J. H. Reid, 36 grade Jerseys, averaged 4394.2 lbs. milk and 220.8 lbs. fat; Alpha Christley, 38 grade Jerseys and Guernseys, averaged 4492.8 lbs. milk and 216.9 lbs. fat.

From 12 to 20 cows: L. W. Owens, 20 pure bred Jerseys, averaged 4676.3 lbs. milk and 213.7 lbs. fat; Wm. Luttrell, 16 grade Jerseys, averaged 4668.7 lbs. milk and 206.2 lbs. fat.

Under 12 cows: Enos Martin, 7 mixed breeds, averaged 5736.9 lbs. milk and 269.6 lbs. fat; L. C. Dyer, 10 pure bred Jerseys, averaged 4228.7 lbs. milk and 222.7 lbs. fat.

Fifteen cows were listed on the honor roll.
