The world's greatest nuts are "fit to kill" in this story of a Bluegrass feud.

The fierce Wakefield clan was out to get the fake colonels from Up Nawth.

COMEDY—Fuller Gush Man.  
Cartoon—A Little Bird Told Me.

## Tablets of sunshine for growing children

SLUSH and snow keep children inside on many winter days. What sunshine they get is weak in the rays that produce vitamin D. No wonder youngsters lose their pep, become victims of winter ills.

It is tremendously important that your children get their share of vitamin D in winter. It prevents rickets, and builds strong bones and teeth. They also need vitamin A to resist infection.

For children especially, we suggest McKesson's Vitamin Concentrate Tablets of Cod Liver Oil. Children love their tempting taste. Each delicious chocolate-coated tablet brings all the vitamins in one teaspoonful of U. S. P. X. (revised 1934) Cod Liver Oil. And in addition it supplies calcium and phosphorus. Give them to your children regularly—and note the results: fewer "colds" and greater resistance to other respiratory diseases, lustier appetites, more pep.

McKesson's VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL are just as good for grown-ups. They help protect you against illness and add to your vitality.

Protect health the vitamin way. Take these tablets regularly. Give them to your children to help them grow sound bones and teeth. Buy them at any good drug store. A dollar bottle brings you 100 McKesson's VITAMIN CONCENTRATE TABLETS.
