UMATILLA PROJECT FAIR LISTED FOR SEPTEMBER 27-28

DIVISION SUPERINTENDENTS SHIFTED SOMEWHAT.

Fair Buildings Being Moved to New Community Park Site; Ground Graded and Levelled.

The Umatilla Project fair will be held September 27-28 the fair board decided at a meeting held Tuesday night, with John Jendrzewski presiding. Some changes have been made in superintendents for this year's fair and among them is the appointment of Mrs. W. L. Hamm to fill the vacancy left by the resignation of Mrs. W. A. Hincine in the women's department.

Other superintendents include H. A. Pankow and Harry Kelley, concessions; W. A. Sawyer and E. D. Martin, publicity; W. A. Sawyer, selection of judges; L. Skovbo, honey; Al Kennings, 4-H club livestock activities; L. C. Dyer, dairy; H. T. Fraser, poultry; W. G. Rodda, farm exhibits; B. Haneline, school display; R. H. McAtee, school exhibits; Mrs. H. J. Ott, flowers; Mrs. W. L. Hamm, women's department; R. G. Attebury, grounds; A. E. Bense, sports and amusements.

Mrs. Hincine will have charge of the 4-H club cooking and sewing. The fair board pointed out at the meeting that all persons wishing to display at the fair should notify the superintendents of that particular division in which the display will be made at the earliest possible time. This will give each individual superintendent time to arrange sufficient space for display of exhibits.

Fair Buildings Moved.

The fair this year will be held on the new grounds of the Hermiston Community Park and the buildings are being moved and set up in the northwest portion of the park grounds. The dairy and poultry buildings on the old grounds near the school buildings are being wrecked and the best lumber will be salvaged and used.

Grading and leveling of the new building site will start soon, president Jendrzewski said, and the moving and construction of the buildings will entail considerable time and effort on the part of fair board members. It is believed that the new location will have many advantages.

Fair Queen Dances.

The American Legion has again been asked to take charge of the fair queen dances and detailed information will soon be released. The queen will be elected by ballot as in previous years and candidates will be selected from Boardman, Irrigon, Umatilla, Hermiston, Stanfield, Echo and other districts if the vote justifies it.

UNION HIGH SCHOOL BOND ELECTION CALLED AUGUST 6

APPLICATION FOR PWA FUNDS WILL BE MADE.

Plans and Specifications of Building May be Seen at Office of R. A. Brownson.

The necessary details have been worked out by members of the Union High school district board for the calling of a bond election Tuesday, August 6, to authorize a \$40,000 bond issue for the construction of a new high school building for district No. 9. The resolution was passed at a meeting held Saturday, July 14, and notices were immediately prepared calling the election.

Plans and specifications of the proposed building are being held at the office of the district clerk, R. A. Brownson, and interested parties may call there and see them during office hours.

Slight alterations have been made in the original plans by lessening of dimensions of rooms in some parts of the building but the general architectural plan of the building is the same. The roof of the gymnasium will be level with the front wing of the building and there will be no class rooms under the gym.

In the event the bond election carries, a 45 per cent grant will be applied for from the federal PWA fund under a set-up at 4 per cent interest. The government will keep an inspector on the grounds during the construction of the building. Tourtelotte & Hummel of Portland have drawn the plans but no bids will be called for until the bond issue is authorized by the voters and the grant secured from the PWA.

The polls for the reception of the ballots cast in the bond election August 6, will be open between the hours of 2:00 p. m. and 7:00 p. m. in room four on the first floor of the school building.

Taking its settings and its mood as well as its title from the internationally famous Parisian musical entertainment, "Folies Bergeres" offers Chevalier his first dual role. He is seen both as his gay, straw-hatted, singing self and also as a be-mustached, bemoeled French baron.

Chevalier sings five new song hits, as well as a chorus of the memorable "Valentina," "Rhythm of the Rain," "Au Revoir L'Amour," "I Was Lucky" and "Singing a Happy Song" were written by Jack Meskill and Jack Stern, while Burton Lane and Harold Adamson, the team who wrote "Stormy Weather," collaborated on "You Took the Words Right Out of My Mouth."
