## TURKEY LOADING STATION WILL BE PLACED AT CONDON

### E. O. T. G. ASSOCIATION WILL SUPERVISE FIRST POOL

#### Hermiston Pool Dates Set November 18 and December 16-17; Condon Loading on November 21.

A loading station will be established at Condon, Ore., this fall under the direction and supervision of the Eastern Oregon Turkey Growers' association, it was revealed at a meeting of directors last Friday night, over which President John Jendrzewski, presided. Other directors present were Chas. Keller, Merrill Potter, L. C. Todd and Mrs. R. G. Penney, secretary.

It was pointed out by the president of the board and J. C. Leedy, field man for the Oregon Turkey Growers' association, that the number of turkeys already signed up and those brought in from tributary territory to Condon seemed to justify a loading station there. A demonstration in killing will be given at Condon, November 5, by L. C. Todd, at the expense of the state association. Mr. Todd will also give other instructions necessary in the killing and preparing of birds for shipping and marketing.

The first Hermiston pool dates have been set for Monday, November 18, and the second pool for December 16 and 17. Discussion of plans for the first shipment was held by the directors. The receiving date for the Condon loading station was set for Thursday, November 21, and arrangements are being made through County Agent McKennon of Gilliam county, stationed at Condon.

John Cornutt, registered federal grader, has consented to act as grader again for the Hermiston turkey pool and will also take care of the grading at the Condon loading station.

## ROGERS TOPS COMEDY FILM "STEAMBOAT ROUND THE BEND"

The rich humanity and shrewd native humor which made Will Rogers America's favorite comedian and one of the country's leading film stars are again abundantly in evidence in his picture "Steamboat Round the Bend," showing at the Oasis theatre Sunday, Monday and Tuesday.

The plot revolves about the love story of Ann Shirley and John McGuire, a swamp girl and a river pilot, and about the comedy feud between Rogers and Irvin S. Cobb who play a pair of rival boat captains.

At first Rogers objects to the boy and girl romance, but when the youngsters get into a heap of trouble and the boy is sentenced to hang for killing a man, the wise old river captain comes through with flying colors.

Pope of Idaho, just back from a tour of Europe, spoke.

Delegates to the meeting from Hermiston included J. A. Clarke, Enos D. Martin and E. P. Dodd, who has been an ardent worker for the Umatilla rapids dam before the organization of the old Tri-State League.

The seven-point program of the association which is as old as the organization itself was reaffirmed with the chief emphasis in the immediate future to be placed on securing the Umatilla rapids navigation dam and the improvement of the Snake river.

## HEPBURN'S BIG ROLE IN "ALICE ADAMS," TARKINGTON'S STORY

Striking characterizations highlight "Alice Adams," the Booth Tarkington story that won the Pulitzer Prize in 1922, now brought to the screen of the Oasis theatre this Friday and Saturday.

The drama concerns a girl's gallant struggle to rise from the mire of poverty and social oblivion in a small Midwestern town, where wealth is the yardstick of success. The heroine of the story is an appealing combination of fineness, pretense, romance and courage. Katharine Hepburn is starred in this brilliant role, which parallels the appeal of her characterization in "Morning Glory."

## ALONG THE CONCRETE

A turkey grower seeking information at the board of directors meeting the other night, asked Merrill Potter how much an hour relief workers were getting, and he replied "I don't know, I ain't on it."

The gullotine is being used in the good old U. S. Turkeys received through the turkey pool in a Baker, Or., shipment showed evidence of going through that horrible experience of being beheaded. The strong hand of "no grade" and the voice of experience soon checked that practice.

Mrs. Guy Amsberry and "Shorty" Cable came to no agreement as to who was suffering the most from the cold Tuesday morning. The warfare is expected to be carried to the front as the winter season progresses.

By the way! We wonder if the Legion Post has contacted the War Department (Auxiliary) yet? They may get a pot luck dinner after all.
