Public Health Security.

A feeling of security comes to a community when a well equipped hospital becomes one of its institutions. This week Hermiston was made one of those communities with the establishment of a nine bed hospital in what is known as the old Shotwell building by Mr. and Mrs. Alton Kingsbury.

Hermiston people showed their interest and appreciation by visiting the institution Wednesday at "open house" and by the many personal and group donations made to the hospital. Further permanent equipment will be purchased through the Hermiston Hospital association formed some months ago in the interest of establishing a hospital here.

The hospital will be known as the Hermiston General Hospital, and will serve the public generally. Mrs. Kingsbury is a graduate nurse who has had experience in large hospital surgeries and will be assisted with the management of the hospital by her husband.

Any support the community can give such an institution will aid in safeguarding the public health in Hermiston and all surrounding communities.

The Dam Damed!

The new directors of the Inland Empire Waterways, nominated in close corporation style, have organized with Judge C. L. Sweek, still president; H. G. West, raised to executive vice president, and inside executive board H. M. Huntington, F. D. Baker and H. A. Reynolds all of Walla Walla, Pendleton has three directors, Walla Walla, three, and Lewiston, three, Pasco, Kennewick, The Dalles, Heppner, Hermiston, Umatilla, Yakima, Colfax, Moscow and all other places are left out of the organization, and Granges, Farm Bureaus, and other organizations are asked to accept faith and give promises to raise funds to keep the main group going, without any assurance of what is to be done.

Three years ago Hermiston started the ball rolling for the Umatilla dam but we are less than a white chip now, in the poker game. We sense the construction of congressional incubators and the playing of five aces in the honest game of river development. We'll wait, watch and see.

CHRISTIAN SCIENCE CHURCHES "A DAM and Fallen Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Nov. 10.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And the Lord God commanded the man, saying, Of every tree of the garden thou mayest freely eat: But of the tree of the knowledge of good and evil, thou shalt not eat of it; for in the day that thou eatest thereof thou shalt surely die" (Gen. 2: 16, 17).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The 'tree of knowledge' stands for the erroneous doctrine that the knowledge of evil is as real, hence as God-bestowed, as the knowledge of good. It is true that a knowledge of evil would make man mortal. It is plain also that material perception, gathered from the corporeal senses, constitutes evil and mortal knowledge. But it is true that God, good, made 'the tree of life' to be the tree of death to His own creation? Has evil the reality of good? Evil is unreal because it is a lie.—false in every statement" (pp. 526, 527).

SEASHORE SUNSHINE BY THE BOTTLE. There's plenty of sunshine in the summertime at the shore. But winter suns are weak in rays that produce vitamin D. Children particularly need this vital "sunshine" vitamin to help build sound teeth and bones. McKESSON'S VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL provide vitamin D, as well as vitamin A, which helps to build up resistance to infection in general. Also, each tablet contains one grain of diacalcium phosphate. Each chocolate-coated tablet brings you all the vitamins in one teaspoonful of Cod Liver Oil, U. S. P. X. (revised 1934). A grand way for children to get their cod liver oil values. Begin today. Get these tablets at your druggist's. A \$1 bottle brings you 100 of McKESSON'S VITAMIN CONCENTRATE TABLETS. Hermiston Drug Company
