**Enlist the vitamin army AGAINST winter's treacherous troops**

SLUSH and snow are the spearhead of winter's attacks. Billions of the germs of infection lurk in every crowded place. If your resistance has been weakened by raw weather, you are likely to become a victim.

Then, too, you get less exercise and fresh air in winter. Even the sunshine is weak. Is there any wonder that so many people become "run down"?

One of the best defenses against winter's assaults are vitamins A and D. Vitamin A helps your body defend itself against infection in general. Vitamin D supplements the winter sunshine. You can obtain an abundant supply of these valuable vitamins in delicious chocolate-coated tablets. McKesson's VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL help you build up your resistance and add to your vitality.

Each tablet brings you all the vitamins in one teaspoonful of Cod Liver Oil, U.S.P.X. (revised 1934). Also, one grain of dicalcium phosphate. Take them yourself regularly and give them to your children.

Protect yourself the vitamin way. Take six tablets daily. Buy them at any good drug store. A dollar bottle brings you 100 McKesson's VITAMIN CONCENTRATE TABLETS. Begin today.
