Let's Quit Killing!
 (From the Industrial News Review)
 The automobile death rate can be

reduced. And the reckless and inconsiderate drivers, who are responsible for some 36,000 deaths a year in this country, can be curbed.
 A number of cities have proven this. One of them is Portland, Oregon, which has been carrying on a "Let's Quit Killing" campaign that has produced fine results in a relatively brief length of time. Where the national automobile death toll during the first ten months of this year, was at the highest point on record, traffic fatalities in Portland declined about 25 per cent.
 The "Let's Quit Killing" program can be carried on by any community. The campaign in Portland has been led by a newspaper, working with safety authorities and the automobile association. Pamphlets, such as the sensational "—And Sudden Death", have been widely distributed. Cartoons and statistical material have brought the horrors of

automobile accidents home to thousands of citizens. And the local judiciary has cooperated by levying sizable fines and prison sentences against violators of the traffic laws.
 The automobile, properly handled, is one of the most useful and pleasurable servants of man. The same automobile, improperly handled, is one of the most lethal of weapons. In the "control" of a drunken, irresponsible, congenitally reckless or incompetent driver it is as dangerous as a machine gun in the hands of a maniac.
 The automobile, in its brief history, has killed more people in this country than all wars in which we have engaged. It is increasing the massacre every year. What are you, as a citizen and an automobile driver, going to do to stop this carnage?

AMBUSHED BY WINTER

SICKNESS mounts sharply in winter. Billions of germs lie in wait wherever crowds gather—ready to pounce on the "stragglers-in-health."
 Why not avoid the traps that winter sets by building up your resistance? Plenty of vitamin A is an excellent defense against infections in general.
 Fortunately, you can obtain this vitamin in MCKENSON'S VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL. These chocolate-coated tablets also furnish vitamin D—which supplements the weak winter sunshine. They also contain one grain of di-calcium phosphate in each tablet.
 Don't be waylaid by winter. Take six tablets daily. Each one has the vitamin content of one teaspoonful of Cod Liver Oil, U.S.P.X. (revised 1934). At your druggist's. A \$1 bottle brings you 100 MCKENSON'S VITAMIN CONCENTRATE TABLETS.

A New Year of Happiness

IS THE HOPE AND WISH WE EXTEND TO ALL OUR PATRONS & FRIENDS.

"OUR AIM IS TO SERVE YOU BETTER"

HERMISTON LIGHT & POWER COMPANY

What to Expect of CHICKS!

- First—** THAT THEY LIVE AND GROW INTO VIGOROUS BIRDS.
- Second—** THAT THEY COME INTO PRODUCTION WITH SUFFICIENT STAMINA TO WITHSTAND HEAVY PRODUCTION THROUGHOUT THE YEAR, AND BE GOOD PRODUCERS THE SECOND YEAR.
- Third—** THAT THEY PRODUCE A MAXIMUM QUANTITY OF WHITE EGGS—THEREBY DEMANDING TOP PRICE.

"VIGORBILT" Leghorn Chicks will do the above three things--Provided however, they are given proper care and breeding from the time they are placed in brooder, throughout the life of the bird.

"VIGORBILT" LEGHORNS

Are bred for long life and good production. NO PULLETS USED FOR BREEDERS.
 Our breeding flocks—large vigorous hens—are headed by males from hens with trapnest records of 230 to 316 eggs. The sires of Cockerels are from hens with records of 250 eggs.
 These matings will produce chicks anyone will be proud to own.
 LET US PLACE AS MANY CHICKS AS YOU NEED IN YOUR BROODER DURING THE 1936 HATCHING SEASON.
