POPULAR PAIR TEAM AGAIN AT OASIS THEATRE.

Claudette Colbert and Fred MacMurray, who met such wide favor as a light romantic team in their first Paramount picture, "The Gilded Lily," are brought together again in "The Bride Comes Home," which will be at the Oasis theatre Sunday and Monday.

"The Bride Comes Home" is an original story written especially for Miss Colbert by Claude Binyon, and though it resembles "The Gilded Lily" in that it treats of the problems confronting young lovers of today, its originality makes it one of the most amusing screen films of the year.

SANITARY OUTHOUSES WILL BE CONSTRUCTED RAPIDLY.

The Community Sanitation Program recently started in Umatilla and Morrow counties is now well organized and under way, and many farmers, grangers and rural school districts are taking advantage of this splendid opportunity to secure a flyproof, odorless and sanitary toilet at very low cost.

The project is sponsored by the state department of health and the U. S. public health service in conjunction with PWA. Earl Nutter, who is directing the work in this district was in town Tuesday, lining up the program and work will be started here as soon as plans are complete and work is finished elsewhere.

To get a sanitary toilet, a farmer need only pay for the material at a cost of between \$15 and \$20. PWA will provide the labor and will with one day's notice bring the building to the farm and erect it. All of the buildings are erected ahead of time and are moved intact to their resting places.

Such a project is a safeguard against typhoid fever, as it has been proved conclusively in the states where it is now operating.

Those who wish this service may apply to Earl A. Nutter, PWA office, District No. 1, Pendleton. Information may also be obtained at any lumber yard in either Umatilla or Morrow counties, or from the county agent, county doctor, county school superintendent, the county home demonstration agent, county nurse or county judge.

An order has been placed for such construction on the Columbia school grounds.
