METHODS OF REFINISHING KITCHEN FLOORS SUGGESTED.

(By Joan Patterson, Extension Specialist in Home Furnishings, Oregon State College.)

Although "spring housecleaning," as our grandmothers, or even our mothers, know it, has no place or necessity in the modern woman's scheme of homemaking, the coming of spring still brings with it the urge to brighten and freshen up the house to harmonize with the "newness" of the out-of-doors.

One place in particular that is often in need of renovating is the kitchen floor. The first essential is a smooth, level floor, whatever its finishing or covering. Linoleum over wood flooring is the best type of kitchen floor, as it is most easily kept clean. Inlaid linoleum, while it seems expensive, gives lasting sa-

tisfaction. It should be well waxed when first laid, and occasionally thereafter. Printed linoleum should be gone over occasionally with a clear spar varnish.

Linoleum should never be laid upon an uneven floor, as the broken or rough boards will break through it in a short time. It is always advisable to lay it on felt to insure a springy, soft floor area and to prolong wear.

If linoleum is out of the question, bare wood floors in the kitchen may be quite satisfactorily finished in one of the following ways:

1. Saturate the floor with hot linseed oil; let stand a while, then wipe off all excess oil with wool cloths. The average floor takes about two coats of oil. Polish, when dry, with a weighted polisher.
2. Instead of hot oil, apply a mixture of equal parts of boiled linseed oil and turpentine, and finish in the same manner.
3. Paint the floor, using the best available floor paint, three coats, and then apply clear spar varnish for added durability.

Whatever the floor finish, it will pay to give it reasonable care. Putting gliders or casters on stoves, cupboards, chairs and other movable equipment in the kitchen will help to prevent mars and dents. Anything spilled on the floor should be wiped up immediately, but it is not necessary to scrub a linoleum floor if a good coat of wax is kept on it. A wood floor does not soil as easily if it has a good coat of varnish. In each case, the dirt is usually surface dirt and brushes off easily with a dry mop.

Maytag
 APPOINTS
NEW DEALER
 for

Hermiston Territory

We are pleased to announce our appointment as Maytag dealers, and promise, both present and prospective Maytag owners, service that is worthy of this fine washer.

For many years the choice of most women has been the Maytag. It is built differently than any other washer. The square, roomy, one-piece, cast-aluminum tub, the Gyrotator washing action originated and perfected by Maytag, and the Roller Water Remover, are but three of many reasons for choosing a Maytag—built throughout to give you more years of low-cost washings. Prices represent unusual value, and terms are very easy.

All Maytags are available with in-built gasoline Multi-Motor Engine, or electric motor.

ROY W. RITNER CANDIDATE FOR REPRESENTATIVE.

Roy W. Ritner of Pendleton, republican candidate for representative in congress for the second congressional district comprising the Eastern Oregon counties, has been a resident of Umatilla county for fifty years, and for the past twenty-five years has been engaged in farming, being a wheat grower. He has been president of the Eastern Oregon Wheat League and is now a director of the Northern Pacific Grain Growers. He is also a member of the Grange. Mr. Ritner has had twelve years experience in the Oregon legislature, four in the House and eight in the Senate. In the regular and special sessions of 1921 he was president of the Senate. Senator Ritner has been an ardent worker for the development of the Columbia river for navigation, power and reclamation, and was father of the bill which appropriated \$10,000 by the State of Oregon to supplement the \$50,000 spent by the Federal Government investigating the site for the Umatilla Rapids dam. He was secretary of the Umatilla Rapids association, and is now a director of the Inland Empire Waterways association.

IRRIGON NEWS
 By Mrs. W. C. Isom

The Benefiel family moved to their new home the last of the week.

Mr. and Mrs. Olmstead moved to the Clay Wood ranch last week. Mr. Kopacz, who has been caring for the place this winter for its present owner F. B. Swayze of Hermiston, has returned to his home at Stanfield.

Mr. and Mrs. Lyle Eddy were guests of Mr. and Mrs. Roscoe Williams Sunday.

Marshall Markham, who is employed in The Dalles, spent Sunday with his family.

Mr. and Mrs. Walter Grider motored to Condon Saturday.

A. C. Houghton and B. P. Rand served on the jury at Heppner Tuesday of last week.

Chas. Vancleave received word of the death of his brother-in-law at Pendleton, and intended to make the trip Friday but was compelled to turn back on account of the severe wind and dust storm.

All relief work was discontinued at Irrigon the last of the week.

E. Bedwell has employment at Castle Rock and will begin work Wednesday.

Lola Berry from Umatilla visited her grandparents, Mr. and Mrs. Emmett McCoy Sunday.

The Emmett McCoy residence caught fire from burning soot falling on the roof last Thursday afternoon. The fire was discovered before it had gained headway, and by quick work and the help of several neighbors no serious damage was done.

Mr. Emmett, who has been working for Frank Brace for some time, has purchased the Jess Oliver home. He will not take possession for some time.

The members of the school band are very busy practicing, preparing to attend the state band contest at Corvallis which will take place in April.

A surprise party was given at the home of Mr. and Mrs. Sam Umiker Friday night, honoring Mr. Umiker on his birthday. The guests were Mr. and Mrs. Robert Smith, Mr. and Mrs. Clair Caldwell, Mr. and Mrs. J. Palson, Mr. and Mrs. Claude Linkhart, Mrs. Virginia Chaney and John Smith. The evening was spent in playing cards. Robert Smith won highest score for the men and Mrs. Chaney highest for ladies. Delicious refreshments were served by the hostess.

Don Isom from Baker, Ore., accompanied by a Miss Charlene Gentry of Baker, spent Saturday and Sunday with his parents, Mr. and Mrs. Earl Isom. Mr. and Mrs. Geo. Kendler and daughter Yvonne from Hermiston were also dinner guests at the Isom home Sunday.

Tiny Caldwell and Rosalie Stoop from Baker were Sunday evening visitors at the Isom home.

Finds New Use for Old Tanks.

ALBANY—Here is how Tom Mc Kinley of Shedd solved the problem of moving heavy machinery from field to field across ditches without having to worry about breaking down the banks of his ditches or breaking down bridges. Mr. McKinley bought a truck load of discarded hot water tanks, at a cash cost of 25 cents each. He cut out the top and bottom of each boiler, and by placing three of them end to end made a culvert wide enough for any farm machinery to move across. He laid them like tile and covered them with dirt. While they won't last like concrete tile, Mr. McKinley will probably get his money's worth out of the venture, says County Agent F. C. Mullen.

New York State's cherry growers have presented 40 cherry trees to Fredericksburg, Va., to help make a boulevard of cherry trees from that city to George Washington's boyhood farm in Stafford county.
