

MELODY SHOW BRINGS NOTED DANCE TEAM

Gay, romantic and tuneful "Top Hat," said to be the crowning triumph for Ginger Rogers and Fred

Astaire, will be at the Oasis theatre Tuesday, Wednesday and Friday. Perfect support is accorded the co-stars by a comedy cast, including Edward Everett Horton, Helen Broderick, Erik Rhodes and Eric Blone. The story of "Top Hat" is said to be light, absorbing and thoroughly plausible, the ideal sort of vehicle for a musical comedy which is concerned only with sparkling entertainment kept strictly within the bound of realism. It concerns Jerry Travers, American dancing star, and Dale Tremont, a beautiful young countrywoman, who meet under romantic and unconventional circumstances in London and in Italy.

The various songs and dance numbers are reported novel and brilliantly executed. Because of the color of its setting and the fact that it is hailed as a successor to the "Carioca" and the "Continental," the feature dance, the "Piccolino," deserve special mention.

Discussion Will Be Given.

Resolved, That the Seventh-day Sabbath law as given by God by Moses is as binding today as when given, is the proposition to be offered by Elder F. A. Tracy, Adventist preacher of Milton, Oregon, at a public discussion to be held Friday and Saturday evenings, May 8th and 9th, at Columbia school.

EXPECTANT MOTHERS

Mrs. H. Chadbourne of 947 1/2 Main Ave., Los Angeles, Cal., said: "Dr. Pierce's Favorite Prescription is really a wonderful medicine for women, especially for expectant mothers. I used it before each of my children was born and I can say that it helped me greatly. To relieve pains across the back and side-ache, it has been invaluable to me." Buy now! Evangelist Glen C. Wade, of the Churches of Christ, will deny the proposition. The meetings will begin at 8:00 o'clock each evening. Each speaker will occupy thirty minutes twice each evening. The Bible will be the only source of proof used by the speakers. It is expected that Rev. C. R. Moore will act as chairman for the evening.

Townsend Plan

Today we are faced with a necessary social and tax readjustment. The steam shovel has replaced the spade. The tractor the ox team, the seven-ton trucks the wheelbarrow, and electricity with education and the ingenuity of man have created labor-saving devices that have forced millions of men out of employment. The results are that the purchasing power of the nation is far below normal.

The ranch and the home is now carrying a tax burden that almost amounts to confiscation, yet we are called upon to raise more taxes that the unemployed do not starve. The social welfare of the nation has not kept in stride with industrial advances.

I believe, before we can have "permanent" recovery, we must change to a plan along the same lines outlined in the Townsend plan.

Junior College
I favor two-year junior college in the high school, by the students paying a tuition the same as they do in the Universities. This tuition would make these Junior Colleges SELF-SUPPORTING and make a college education possible for many a boy and girl who could not afford to go away from home to a school of higher learning.

Deficiency Judgments
I do not believe that a mortgage or loan company, after they foreclose a mortgage on a farm or home, should be allowed to take a deficiency judgment against the home owner or farmer. I would advocate a bill to that effect.

Anti-Peddling and Small Truck Law
There is a law now on the statute books that prohibits fruit farmers from trading products with their neighbor, so that they can better balance their load for market. I will do my part to repeal laws of this kind and introduce legislation that would be helpful in disposing of the crops.
