HERD IMPROVEMENT ASSN. ADDS PUREBRED SIRE.

The April report of the Umatilla Herd Improvement association shows that Charles and Frank Seeliger, and Edna Mulkins have purchased purebred Guernsey bulls which they have added to their herds. L. C. Dyer also sold a purebred Jersey bull calf to be used as a herd sire. Two cows in the association were killed for beef, three cows were dropped from test because of unproductiveness and two cows were sold for dairy purposes.

During April there were 27 herds on test with an enrollment of 359, of which 64 were dry. Total production of milk was 206,893 lbs., with 9159.7 lbs. fat, with 60 cows averaging a production of 40 lbs. fat. Average production including cows in ilk and cows dry was listed as 576.3 lbs. milk and 25.5 lbs. fat. The two high cows in the association were listed as "Cassie", 6-year-old purebred Jersey owned by L. W. Owens producing 1335 lbs. milk and 69.4 lbs. fat, and "St. Mawes Rebecca", a 10-year-old purebred Jersey, owned by F. A. Baker, producing 1230 lbs. milk and 63.9 lbs. fat.

High herds of over 20 cows is as follows: 45 purebred and grade Holsteins, owned by C. A. Lynch, averaging 832.9 lbs. milk and 29.3 lbs. fat. High herd of between 12 and 20 cows is listed as 20 purebred and grade Jerseys, owned by F. A. Baker, producing 615.0 lbs. milk and 30.7 lbs. fat. High herd under 12 cows is owned by W. P. Luttrell and included 12 grade Jerseys, producing 766.0 lbs. milk and 35.7 lbs. fat.

High herds to date, dry cows included, for the four months since the beginning of the testing year, include the following herds: C. A. Lynch herd, 45 purebred and grade Holsteins, averaging 3283.9 lbs. milk, 117.7 lbs. fat; H. J. Reid herd, 34 grade Jerseys, averaging 1851.3 lbs. milk, 98.9 lbs. fat; F. A. Baker herd, 20 purebred and grade Jerseys, averaging 2253.9 lbs. milk, 125.1 lbs. fat; B. B. Eastridge herd, 16 grade Holsteins and grade Guernseys, averaging 2588.1 lbs. milk, 103.6 lbs. fat; W. P. Luttrell herd, 12 grade Jerseys, averaging 2846.4 lbs. milk, 144.7 lbs. fat; L. C. Dyer herd, 9 registered Jerseys, averaging 1732.8 lbs. milk, 96.7 lbs. fat.

Eleven cows were listed on the honor roll. The report was made up by Al Kennings, tester for the association.

Bulldogs Lose Championship.

The Bulldogs won the district championship for the 1936 season last week when they won the second game against Echo high school. Coach Hal Hatton's Bulldogs boast a season of no defeats and six victories. Athena took the Umatilla county championship, however, when the visiting team, champions of the other end of the county, met the H. S. squad on the local field. The two teams have always been close rivals, but this was reported one of the closest games ever played. The final score was 4 to 3 in favor of the Athena boys, giving them the county championship in baseball for 1936.

RALPH WILLIAMS RESPONSIBLE FOR STEIWER AS KEYNOTER

Ralph E. Williams, Oregon's present Republican National Committeeman, is credited with being directly responsible for the selection of Oregon's Senator Steiwer to serve as the keynoter at the Republican National Convention to be held in

Cleveland June 9th. Besides bringing this prestige of the temporary chairmanship and keynoter to Oregon, Mr. Williams has further demonstrated his ability to coordinate all republican elements into a harmonious and united party.

Mr. Williams is the veteran of the Republican National Committee, having served twenty-eight years, which is longer than any committeeman of either party has served. Through his position as first vice-chairman for the past twelve years he has brought to Oregon an honor that has never been conferred upon any other state west of the Mississippi river.

He has often been referred to as Oregon's third senator because of the valuable assistance he has rendered to Oregon's representatives in congress. In view of the fact that Mr. Williams is a candidate for reelection as national committeeman, he is particularly fortunate in having been able to demonstrate his value to the state of Oregon.
