

All You Need to Know About a Refrigerator—It's a General Electric
—and it costs less to own!

Research keeps G-E Refrigerators years ahead always... in all ways! Choose a G-E and you don't need to be concerned over your refrigerator's operating cost. Nor need you bother your head about fast freezing speeds, proper temperatures of storage compartment or cabinet "gadgets."

Today there are more G-E sealed mechanisms in use than all other refrigerator "sealed" mechanisms combined. Every minute of every day somebody buys a General Electric!

"Class Night" Cancelled
(From the Bulldog)

For the first time in many years, the annual custom of presenting "Class Night" at the high school by the seniors, will be discontinued. Because of lack of time for preparation and lack of material, the class decided to do away with the extra program this year and the enlarged edition of the high school newspaper will partly take care of the humor always presented at that time.

GRADE SCHOOL GRADUATION IS ANNOUNCED

Grade school commencement exercises will be held in the high school assembly hall Monday, June 1st, at 2:30 o'clock in the afternoon.

A. E. Bensch will give an address on "Looking Forward." Kenneth Bensch will give the farewell to the grades, and Supt. R. H. McAtee will present the diplomas to the graduates.

The invocation will be given by Rev. Grace Trumbull, and a sextet composed of Wayne Sage, Frances Pollett, Allan Clarke, Virginia Todd, Eldon Saylor and Marion Pierce will present three numbers. Wanda Moore will give a piano solo.

Senior Class Will
(From the Bulldog)

Coy Dunham wills his artistic ability to Bull Dawson.

Jack Reeves wills his craze for adventure and romance to Marjory Grey.

Alton wills his wit (1/2) to Eleanor Steiner.

Margaret Earnheart wills her golden silence to Nina Rae McCulley.

Earl Watson wills his luck at shooting craps to Johnny Dunning, who, incidentally, needs it.

Hugh Driscoll wills his dancing ability on the ballroom floor to Otha Whitsett.

Charlotte Ralph wills her Torch Honor position to Marvin Rankin, who may or may not use it, whichever he desires.

Harold Rainwater wills the two hairs on his chest to Wayne Power. Bill Jackson wills his ability to beat our Superintendent to announcements at S. B. meetings to Bill Harris.

June wills her bottle (peroxide) to Irene Kennings. Maxine Paul wills Guy to Annie Pearson who doesn't want him and passes him on to Helen Dunning who does.

Cox wills his Romeo complex to Jim Stewart, who could use a little. Omega Sater wills incessant chatter to Hiram Stillings.

Archie Frye wills his many feminine admirers to Darrel Seeliger. Ellis Coxen wills his serious attitude to Florence Johnson.

Herbert Skovbo wills the muffler on his automobile also to N. R. Ruth Dodd wills her entire Bulldog staff to Helen Dunning with sincere compliments.

Kenneth wills his lease on Effie to Claude Grawl.

Deverde wills Chemistry knowledge to next year's Chemistry class.

"WHEN WE SAY POWER, WE MEAN POWER"
Says Washington Logging Operator

It takes plenty of power and stamina to handle the loads my 1936 Ford V-8 truck is carrying every day. In the logging business when we say power, we mean power, too, because logging roads aren't by any stretch of the imagination smooth, level concrete highways. But steep grades, rough country and rough weather never bothers us—we keep right on "hauling them out."

Along with performance, we get real economical operation with this Ford unit, and that's a big factor to consider.

I'm sold on Ford trucks 100%—they do the job and do it right.

Sincerely yours,
Signed J. A. NAAS,
Route 1, Monroe, Wash.

Now try this even greater 1936 Ford V-8 Truck ON YOUR JOB

THOUSANDS of truck owners have already proved that Ford V-8 performance is something every truck owner should know for himself. Today, test Ford V-8 value—at its greatest in the 1936 truck—over your routes—with your loads and driver. There's no obligation. Just ask your Ford dealer.
