Watkins' Fly Spray

KILLS AND REPELS FLIES

Without Injury or Discomfort to Your Stock.

Dead flies don't breed. Watkins' Fly Spray does more than repel flies—it kills them so that they don't multiply. This superior fly spray is clean and will not discolor or gum up the hair of stock. Nor will it burn the hide or cause discomfort. Because it will not taint the milk you can use it before milking and milk your cows in comfort. Fine for the milk house. Also good for use in the house.

Very Economical to Use.

When one ounce of heavier oil spray is required to do the job for each animal, only ¼ ounce of Watkins' spray is needed. That also saves money for you. I'll be seeing you soon to take care of your needs. Buy no Fly Spray until I have seen you.
