CHRISTIAN SCIENCE CHURCHES

"UNREALITY" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Oct. 4.

The Golden Text was, "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity" (Ecc. 1: 2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that it may be well with you, and that ye may prolong your days in the land which ye shall possess" (Deut. 5: 33).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "Never record ages. Chronological data are no part of the vast forever. Timetables of birth and death are so many conspiracies against manhood and womanhood. Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than three-score years and ten and still maintain his vigor, freshness, and promise. Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness" (p. 246).

FULL GOSPEL MISSION.
 Miss Virginia Grice, Pastor.

DRIED FRUITS CONSUMPTION

Plans for Safeway Stores, Inc., to take a vigorous part in the nationwide farmer-consumer program in behalf of California dried fruits were announced today by F. W. Muechow, district manager for Hermiston.

The campaign is designed to help California farmers find an immediate market for their dried fruit products, such as apricots, dates, peaches, raisins, pears, prunes, figs and apples, will be conducted through every Safeway Store in the state from October 15th to 24th.

Lights of New York

High Hat: The Sixth avenue bus line, late in the evening, gets a heavy correct evening attire trade. It seems that those who seek diversion in the various large hotels in that vicinity choose the busses instead of taxis for home-going, possibly since the fare, no matter how far they travel is only a nickel or possibly they like company. At any rate, their presence adds a lot of swank to the public vehicles. The drivers, however, instead of rejoicing, are apt to do a bit of grouching when questioned about the matter. It seems that those in soup and fish uniform expect taxi service from the bus line. Naturally, a driver, piloting the bus and its cargo between elevated railway pillars, collecting fares and trying to get to the end of the route before 22 minutes have elapsed, has other things on his mind. So the well dressed make complaints. That some are extremely trivial doesn't ease the feelings of the drivers in the slightest. That being true, they prefer the proletariat which pays its nickels and lets it go at that.

By Any Other Name: Hors d'oeuvres have become an essential part of the cocktail hour, such an extensive part that they have expanded from mere cheese wafers and olives to selections that combine both quality and quantity. In some of the establishments, there is a preference for caviar, both red and black. In others, cute little sausages on toothpicks are considered quite the thing while at least one mid-town place specializes in miniature hot dogs in miniature rolls. The cocktail bar of one of the hotels sets out such a variety that a hungry patron is able to enjoy a fish course, a meat course and a vegetable course with a bit of cheese as a dessert, the whole being carried about on silver trays by white-clad servitors. And thus is the old-time free lunch duded up to meet modern requirements.

Illusion Turned Into Fact: Fif D'Orsay, screen and stage star known generally as a French comedienne, has never been any nearer to France than we have been to collecting the French war debt. She was born in Canada and as is Ethel Merman, is a former stenographer. Incidentally, George Givot, the Greek ambassador of the radio, is Jewish. Emile Boreo, portrayer of French roles, is a Russian, while Igor Gorin who sings all those romantic songs won't have anything to do with romance because he holds it would interfere with his career.

City Life: Coal rattling down a chute into an apartment house basement . . . A street full of children engaged in noisy games . . . Women engaged in a strident quarrel that at any moment threatens to reach the hair-pulling stage . . . A vegetable peddler bawling his wares . . . Taxicab drivers racing their motors . . . Radios blaring in full volume . . . and in an upstairs apartment, a violinist practicing "Wings of Song."

Six Reasons That Urge a "NO" vote on State Power Bill

- (1) This bill puts the State of Oregon head over heels into the electric power business, sets up a commission of three men, without bond and with no required qualifications, to run this gigantic system.
- (2) \$18,000,000 of tax-supported bonds can be sold, when authorized, to build this state-wide power system. By simple process of amending the bill \$54,000,000 of tax-supported bonds may later be authorized and sold. These bonds must be paid by taxes if the system is unsuccessful.
- (3) How can a complete state power system be built for \$18,000,000 when the State Planning Board advisory committee on power estimated cost of TRANSMISSION SYSTEM ONLY to be

- \$29,670,000? (See committee's report to governor of Oregon, Dec. 20, 1935, page 13.)
- (4) This bill contains no promise or assurance of lower electric rates; rates may vary and be juggled at the commission's whim.
- (5) Cities, counties, and the state will lose millions of taxes now paid by existing utilities, thus forcing higher taxes on remaining property.
- (6) This 3-man power commission can buy any property or engage in any business "deemed necessary or convenient." Here is opportunity for vast political activity under control of a NEW STATE COMMISSION. (See Section 9, subsection 10).
