**CHRISTIAN SCIENCE CHURCHES**

**DOCTRINE OF ATONEMENT** was the subject of the Lesson-Sermon in all Churches of Christ. Scientist, on Sunday, Oct. 18.  
 The Golden Text was: "Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us" (Hebrews 9: 24).  
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort; Who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God" (II Cor. 1: 3, 4).  
 The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Galilean Prophet in healing the sick and overcoming sin and death" (p. 497).

**The State Power Bill DOES Mean \$18,000,000 in Bonds!**

Don't be misled by statements, however sincere, that the proposed State Power Bill doesn't mean more bonds on Oregon property.

The State Power Bill is the first step in issuing \$18,000,000 of NEW bonds—possibly \$4,000,000 of bonds, if the legislature says so.

The State Power Bill will be useless without bond money to build a gigantic experiment. A vote for the Common Business Horse Power Sense Urges That You
