VOTE FOR REX ELLIS X 30

Rex Ellis was born in Iowa in 1893. After finishing school he entered the automobile industry at Detroit. His first job was with the Chalmers Company as automobile tester. He later travelled four years for them. From the Chalmers Company, Mr. Ellis went to the General Engineering Company of Detroit where he was superintendent of tests. He came west for Dodge Brothers Motor Car Company of Detroit with headquarters in Seattle, his territory being Washington, Oregon, Idaho and Montana. In 1920 Ellis came to Pendleton where he was associated with Mr. Ed. Schiller. They built the building at the corner of Water and Main streets and handled the Dodge car. Later he handled the Buick. In 1931 he invented and manufactured the Ellis Air cleaner. In 1936 he turned the Ellis Air Cleaner company over to Thews and Ryder of Pendleton and is now District Agent in Eastern Oregon for the Occidental Life Insurance Company.

Mr. Ellis has had excellent business experience as an engineer and local business man, knowing the needs of the district—and knows that if the farmers prosper, we all prosper—we recommend him for your next STATE SENATOR.
