Flood Sufferers Need Your Help!

Are we glad we live here with no floods and other misfortunes that we hear of every day! Many of us have relatives and friends in the flood districts. While most of us are poor people, we have food and warm beds. I can not imagine sailing down the river in mid-winter on the roof of a house, with all my stock and everything except what is on my back gone. Can you?

I can not conceive any one who is not anxious to contribute to such relief work. But we do not have the money to give. We are going to make it easy for everyone to give at least a little.

NEXT SATURDAY, FEBRUARY 6th. We will give to the Red Cross ten percent of our sales for the flood relief. This will give everyone in the county a chance to help. If you spend only fifty cents, it helps. Our merchandise will be sold at regular prices except a few special bargains.

Buy something you need or will need soon. We hope we can give a twenty or thirty dollar purse. Some people give until it hurts. Others give until it doesn't hurt. This is an easy way to give and it will not hurt. If you want to give cash or any other donation, leave it in our store and we will take care of it. There will be no record of the size of your purchase but each customer can register.
