## SOURCE UMATILLA HEALTH UNIT FUNDS

### FULL TIME DOCTOR AND NURSES

Carl W. Chambers, Umatilla County Judge, has released the second of a series of articles on the recently organized Umatilla County Health Unit which employs a full time county health officer, three full time public health nurses, a secretary, and provides medicines, supplies and office equipment.

The source and allotment of funds to carry on the work during 1937 is given in the report.

Umatilla county furnishes traveling expense money.

These figures are approximately .06 per capita above cost of service in 1936; \$4080 of the grand total is federal funds; \$400 is state school funds, through Miss Allen's elementary teaching credential; \$1463.34 is actual additional cost between cost of service in 1936 and 1937.

Source of funds spent for public health in Umatilla county in 1936, which provided for a part time county health officer, full time county public health nurse, Pendleton school health nurse, 10 months out of a year, secretary and supplies.

## BULLDOGS LOSE OPENING GAME

The Bulldogs got off to a ragged start in their opening game of the football season last Friday afternoon by losing to Pasco high, 19 to 6. During the first quarter the Bulldogs marched down the field through a series of line plunges but in the second quarter Pasco opened a brilliant aerial attack and sprung some end runs and trick passes, confusing the Bulldogs.

Hermiston scored a touchdown early in the game, but Pasco came back to make an end run for a touchdown. They failed to convert.

The Pasco boys forged ahead in the first quarter of the second half and by a series of trick passes gained 20 yards, followed by line bucks to go over for a touchdown, making the goal point good.

The final score came in the last quarter when Pasco failed to complete a pass but kept the ball on a technicality. This put them on their forty yard line, but Hermiston gained possession of the ball on a fumble and in trying a pass lost it as it dropped in the arms of a Pasco man, who ran for a touchdown.

Watsburg plays Hermiston here October 1st.

## REA ENGINEER WILL WORK SOON

An engineer is expected soon to start work staking out lines for the Umatilla Electric Cooperative association and another man will be in the field securing right of ways and easements. House wiring is expected to start soon and most of this will be done on contract unless the individual owner is qualified to do the work. These plans were made at a meeting of the board of directors Wednesday night. Construction of lines is expected to start some time in October.

## CHILD DEVELOPMENT SPECIALIST COMING

## Building Program Light.

The building program throughout the Hermiston area is very light. Reports from lumber dealers and material men show small purchases. The main structure underway is the Farm Bureau Co-operative warehouse which will be completed within the next few weeks.

Two miles west of town O. M. Clark is building a five room house on his tract of land. Colonel L. W. Jordan is preparing to build a good farm house on his land in the Westland district. Virgil Wilkes is completing his house one mile northeast of town. The Tum-A-Lum Lumber company has about completed a coal house on the track west of the O. & W. depot. Ralph Thornburg is making further improvements on his home in the Westland district. Some improvements, like small sheds and re-roofing is going on, and a few paint jobs are in progress. Several small houses have been built on the north end of the Stanfield project during the spring and summer.

In Hermiston W. J. Warner has rebuilt one house and is improving another, and W. W. Felthouse has rebuilt a good house. The hospital is receiving a coat of white paint. Improvements and a coat of paint are underway at the Union church.

There are no empty houses on farms or in towns, and the demand for houses to rent is frequent. The situation appears to be similar as is reported nationally by Roger W. Babson, the financial editor, that building is far below normal, and had a heavy falling off in August. He attributes the condition to the advanced cost of material and labor.

## HERMISTON CHURCHES WILL PRESENT "PRISONER AT THE BAR" FRIDAY NIGHT

One of the most thrilling pleas ever heard in court will be presented at the Hermiston Methodist church Friday night, September 24, when 21 prominent local citizens present the widely heralded "murder trial" entitled, "Prisoner at the Bar." Trial begins promptly at 7:45 p. m.

The trial deals with a young man, Ralph Jones, who, under the influence of liquor has killed his wife and left three motherless children. Mr. Jones is then tried for murder. The drama tells the story of the returned soldier, influenced by wet repeal propaganda and tripped by the modern liquor sales system. The prisoner pleading for what he values more than life, the judge torn between pity and duty, the attorneys battling brilliantly for a life at stake, the finger print expert, the jury spellbound by the unfolding drama are among the gripping incidents of this tremendously impressive and effective temperance play.

The 21 local citizens who will assist in the trial are as follows: Judge, M. L. Watson; Prosecuting Attorney, Ed Benschel; Defense

## ALFALFA HAY NOT MOVING

No movement in hay is reported. W. W. Felthouse, hay dealer, says that the crop in this territory is about the same as that of last year. The first cutting which was damaged seriously by the June rains, will not be in the shipping class, but much of it will be fed locally.

A larger crop than usual is reported in the Fossil and John Day localities which have often been consumers of considerable hay from here.

Prices have not yet been offered. In the Touchet district the farmers have organized and are holding for \$10 a ton. One sale of 150 tons at \$10.50 in the stack has been reported from Westland district. This was to a sheep man who paid the price due to convenience of feeding. The third crop now being harvested, is reported good. Besides hay, pea vines have been stored for feed and more ensilage than usual will be stored.

G. C. Humphreys, orchestra and band director for the Hermiston schools, has announced the election and organization of the orchestras. Hale is president of the grade school group, Raymond Hollomon, vice president, Donna Saylor, secretary and Sonny Walker, treasurer. There are 25 members in the high school group, and 41 listed in the grade school group.

## Miss Palmer Will Speak.

Miss Melba Palmer of Eugene, Or., missionary to Tibet, will speak at the Union church Sunday morning at 11:00 o'clock. She will tell of her plans for work in China. She plans to leave as soon as war conditions are clarified in that country. Miss Palmer is a guest of Mr. and Mrs. C. Warner this week.

## SHEEP PROSPECTS GOOD THIS YEAR

Activity in the sale of sheep throughout the northwest is reported as the sheep are being brought down from the mountain ranges. Sheep are in good condition because of the better quality of summer ranges this year, and prices of lambs and wool have been above the normal for several seasons.

John McNamee sold his band of crossbred yearling ewes for \$8.50 a head.

New Madden has sold one band of mixed ewes ranging in age from two to six years for \$6.25 a head.

Roy Neill, who summered his sheep in western Montana, sold his two bands before moving them homeward. The price was not quoted.

Sheepmen state that the prospects for the coming year are good. Winter ranges are in good condition and feed is available at fair prices.

## HUNTING SEASON OPENS MONDAY

### LOCAL PARTY BAGS SIX DEER

The deer hunting season opened Monday morning with a bang. All over Oregon thousands of hunters were camped at the edge of the forests ready for the foray and when the hour arrived guns began to claim their victims. In most parts of the state a heavy fog rested on the deer ranges Monday, and prevented much kill. Tuesday was better, and a number of hunters bagged their deer.

Of the returning hunting parties a group of six from Hermiston have the best record yet reported. Each man came home with his limit, one deer. These men were Virgil Smith, Ira Geer, Lyle Tilden, Howard Montgomery, Ed Pierre and E. L. Watson. They brought down one six point, four four point and one, two point, from the Grand Round basin above Starkey.

Sam Moore got one near Meacham but the rest of his party were not so successful. They were Sam Nye of Echo, Russell Pierson and Harry Kelley. Another party consisted of Curtis Simons, M. L. Watson, J. Gimble and Glenn Harper who went to Arbuckle but the fog was so heavy they could do nothing.

Mr. and Mrs. Dan Follett and son Bruce went to Bear Hollow but saw no deer except fawns and does. Frank Pierson and son Charles went to Arbuckle but found too much fog.

B. S. Kingsley and William Shaar went to Pierson Ranger Station, 14 miles out of Ukiah but found no deer. At the camp was also Senator Steiwer and friends, who also were unable to make a kill.

Walter Pierson and R. C. McReynolds returned yesterday from Moon Meadows and Hidaway without success. They returned by way of a forest road to Kamela and saw a few deer late in the evening. With them were also Dr. and Mrs. Morgan and Eddie Benschel who remained for another day.

Another party consisting of Frank Bilderback, A. H. Norton, W. Mikesell, Alfred Cable and N. R. Mueller, who went to the upper Birch creek region, have not returned. A telephone report states that Mueller had killed a deer.
