

## BULLDOGS TAKE FINAL HOME GAME

### WINNING SCORE IN BREATHLESS FINAL

In the last game of the season Friday afternoon the Hermiston high school Bulldogs triumphed over the Arlington Honkers to the tune of 13 to 6. It was the most interesting game played here this season. The breathless final quarter was enough to give any football fan the thrills of the game. With sweeping end runs and long passes, both teams tried desperately to break the deadlock acquired earlier in the game. For the first time this season the Bulldogs found there were a couple of pass receivers among their number.

In the first five minutes of play Hermiston advanced the ball to the Arlington 12 yard line, by gains through center and by end runs. Marble took the ball on his own right end for the first touchdown. In a reverse play the Bulldogs were stopped by the onrushing Honkers for the extra point. Arlington received again and on their second play punted the ball deep into Hermiston territory. Hermiston then advanced the ball to their own 40 yard line as the quarter ended.

The second quarter went to Arlington. Hermiston fumbled on the first play. The Honkers took advantage of this and marched to the Hermiston 18 yard stripe, where a beautiful pass was carried over the line to tie the score. Arlington's drive through the line for extra point failed. The aerial attack of the Honkers had the Bulldogs puzzled. Another completed 22 yard pass again brought the Honkers to the Hermiston 30 yard marker, but the whistle stopped the advance for half time.

The third quarter almost proved disastrous for the Bulldogs when Marble, quarterback and spark of the team, was taken out of the game with a bad cut on his face. Stuart Rankin, who was on the bench with a bad ankle, substituted for Marble and in the final quarter proved of value with his long passes.

Hermiston had possession of the ball as the third quarter ended. Stuart Rankin then started for the deciding touchdown with a long heave to his brother Marvin which was good for 30 yards. He tossed another 27 yards which Buell snapped while on the run. Then another long toss to Marvin put the ball to their opponent's four yard line where Stuart ran it over the goal line. The Rankin to Rankin pass gave the Bulldogs the point, with the final score 13 to 6 in their favor.

The supposedly green line of the Hermiston aggregation has developed into a mountain of strength for the Bulldogs toward the close of the season even against such a strong team as Pendleton.

The Bulldogs go to Walla Walla next Friday to play the Walla Walla B squad, and to Heppner on November 11th for the final game of the season.

### HIGH SCHOOL NOTES

The Bulldogs will play the Walla Walla B squad on the Walla Walla field Friday, November 5th, and then the final game of the season with Heppner on November 11th.

Those on the honor roll for the first six weeks are as follows: Seniors—Jim Jackson, Frances Lewis, Nina Rae McCulley, Rebecca Pierson; Juniors—Virginia Dyer, Alma Laird, Geraldine Mullins, Gladys Pierson; Sophomores—Joyce McCulley; Freshman—None.

The district girls' League conference will be held at Weston on Saturday, November 13th, to which a representative group from the Hermiston school will attend. Miss Esther Sibert is adviser for the girls here.

Coach Frank O'Neil will start his boys on floor work in basketball immediately following the close of the football season.

The Bulldog, high school publication, has been entered in the state high school paper contest by the editor Jane Jackson. This contest is sponsored every year by the School of Journalism at the University of Oregon.

The second of a series of programs sponsored by the National Assemblies will be given in the high school auditorium Tuesday, November 2nd, at 9:00 a. m. The program will feature a company of Swiss yodelers.

### Pioneers to Lexington.

Many people from Hermiston attended the annual pioneer picnic held at Lexington Saturday, October 23rd, at which Art Minor, more than 80 years of age, spoke of his experiences in the early days when the railroad came into this country. He is a pioneer of the wheat country and now operates a small store at Mt. Vernon, Ore. Approximately 500 were reported to have attended the pioneer celebration. Those from Hermiston were Mr. and Mrs. Bob Alstott, Mrs. R. B. Wilcox, Lester Wilcox, Eleanor Dawson, Mr. and Mrs. Guy Shaw and family, Mr. and Mrs. Art Finley, and Mr. and Mrs. Gerald White.

## FARM CREDIT MAN COMING

Earl Powell of Washington, D. C., and head of the Credit Union Section at Washington, will be one of the main speakers at the huge cooperative rally scheduled to be held Friday, October 29th, in the high school auditorium. Other speakers will talk on subjects of interest to everyone.

Among these speakers are H. W. Burgess, director of the Walla Walla Dairyman's association, Chas. Baker, manager Pacific Supply Cooperative of Walla Walla, D. M. Johnson, manager Walla Walla Consumer's Cooperative, Dr. Pratt of Walla Walla. These men have all had experience in the cooperative field and will have something valuable to offer.

R. G. Penney, president of the Umatilla Electric Cooperative and manager of the Grange Cooperative, will act as chairman of the meeting, which is called for 8:00 p. m.

## LIVESTOCK CLUBS HOLD MEETING

By ROBERT BENSEL.

A meeting of all 4-H livestock clubs in the district was held in the office of Assistant County Agent Jay T. Pierson's office last Friday, October 22, at 8:00 p. m. Twenty-five members, leaders, and new members were present.

Assistant County Agent Jay T. Pierson opened the meeting and told members of the approaching achievement day banquet and program to be held the latter part of November. All club members will be guests at this banquet but each member is expected to sell tickets for the banquet at 75 cents a plate.

A meeting of the West Umatilla Baby Beef club was called following the regular meeting at which Leo Rueber was re-elected leader, Kenneth Benschel elected president, Eugene Rugg, vice president, Charles Kik, secretary and Robert Benschel, reporter. Club members present were Kenneth Benschel, Eugene Rugg, Charles Kik, Robert Benschel, Eldon Saylor, Leo Rueber, John McMullen, Richard Rugg and Harry Lewis.

Plans for purchasing calves for next year were discussed and Harry Lewis, John McMullen and Charles Kik were authorized to assist the county agent, Jay T. Pierson, in selecting the calves. Leo Rueber, Eldon Saylor and Kenneth Benschel, requested the privilege of accompanying the appointed group when the calves were selected. Richard and Eugene Rugg will select their own calves from their grandfather's herd, with the help of their elders.

## STUDY GROUP WILL MEET

Mrs. Maude Morse, extension specialist from Oregon State college, will conduct a study group on parent education and child development at the Vert Memorial building in Pendleton, Monday, November 1st, at 1:30 to 3:30. This meeting will be especially to organize study clubs, and in the evening Mrs. Morse will talk with fathers and mothers, in the same building at 8:00 p. m.

Another meeting has been scheduled for Wednesday, November 3, at which Mrs. Morse will discuss topics of training for parents.

A group from Hermiston plan to attend the Monday meeting. A club will be organized here in conjunction with the Parent-Teachers' association.

## FUTURE STANFIELD BRIDE IS HONORED

STANFIELD—Miss La Vada Nudo, who will become the bride of Howard Herrick on October 28th, was complimented with a shower at the home of Mrs. Charles Herrick, mother of the groom, Friday afternoon with more than 40 attending.

At a beautifully appointed table, the bride-elect cut her light cake and dark cake. Ice cream sundaes and coffee were also served. Miss Vyola Krause, Mrs. Ina Wessell, Barbara Wessell, and Mrs. James Hoskins assisted the hostess in serving.

## ADA SONESON MARRIED

Leonard S. Hanson and Miss Ada Soneson, both of Gerry, N. Y., were married at the Bethlehem Lutheran parsonage at Falconer, September 29th, at 8:00 p. m., by the pastor, Rev. E. E. Collin. They were attended by Mr. and Mrs. Charles H. Johnson of Erie, Pa. They will reside on the Hanson farm in Gerry. Mrs. Hanson was for many years a resident of Hermiston and is known by many people here. The Johnsons are also one time residents of this city.

### Wed in Weiser.

Miss Lucille Farrens and Harvey T. Ayers of Morrow county, were married October 25th at Weiser, Idaho, the ceremony being read by Rev. Jones, Christian minister. Mrs. Walter Farrens, mother of the bride, attended the ceremony. Mr. and Mrs. Farrens, and James T. Ayers, father of the groom, are prominent residents of the Butter Creek district.

## NEW MANAGER AT HERMISTON MOTORS

The Hermiston Motor Company which has been operated by the Pasco Auto company in Hermiston for the past year, will now be under the management of Guy Buyington of Pasco, representative of the Pasco company. Clark Jensen of Pasco is stationed here until Mr. Buyington arrives within the next few days.

Jack Shumate and his brother John Shumate have been stationed here but are now looking for a location near Medford.

Hermiston Motor Company has had the agency for Chevrolet and Oldsmobile cars and has maintained a used car lot here. V. C. Smith operates a repair shop in the rear of the building, doing all necessary mechanical work.

## PRACTICAL SQUASH CELLAR ERECTED

How Marblehead squash should be stored is being demonstrated by Fred McMurray at his ranch on Butter Creek. McMurray has built a cellar runway for trucks in the center. Along the sides he has constructed shelves in tiers made from poles, on which he stores each squash. In this way it does not come in contact with the other squashes. This is to permit the squash to dry out some, and if any are decayed they will not damage the others.

The cellar was made by excavating from a hillside and is lined with logs brought from the mountains. Against these is placed a heavy packing of straw and then dirt. The roof is made first with poles, covered with heavy wire netting, on which is placed two feet of straw, and one foot of dirt. The cellar is practically frost proof, but as a further precaution a flue for stoves has been built in.

McMurray now has 130 tons of squash stored, which he expects to keep until late spring. He also has a potato cellar 30 by 60 feet of the same construction in which he has stored 100 tons of potatoes.

### Pierce Visits Wednesday.

Congressman Walter M. Pierce of La Grande stopped in Hermiston Wednesday afternoon while enroute to The Dalles, Hood River and the Gorge Hotel where he will give addresses to various organizations. He will return to The Dalles Saturday to leave for Washington, D. C., to attend the special session of congress, from which he had a week's leave of absence. He will reach Washington by Wednesday of next week. Mr. Pierce states that the wave of economy now sweeping Washington, D. C. will be the only thing that will delay construction of the Umatilla rapids dam.

### Bag Deer on Final Day.

Mrs. D. D. Follett bagged a five point buck at noon on the final day of the season, which makes the third deer for the Follett family. Bruce bagged the first buck and Bob the second. Others bringing deer in were Bernie Isensee and W. G. Rodda, returning Monday with a three and four point deer, respectively, killed near Dale in the Ukiah country. John Ford and J. F. Riley of the Fourth Unit returned last week with a 216 pound buck bagged near Ukiah.

### Eleanor Briggs Married.

Mr. and Mrs. Earl Dudley stopped in Hermiston late Thursday enroute to Milton where they will make their home. Mrs. Dudley will be remembered as Eleanor Briggs. They were married in Medford last Monday. Mr. Dudley is field man for the Smith Canning company.

## A REVOLUTION IN THE KITCHEN SHOWN BY MANY NEW COOKERY METHODS

In no field of home economics has there been so great a change in methods as that which has taken place in the last few years in meat cookery. For that reason, homemakers of Pendleton and Umatilla county will be intensely interested in the demonstrations which Miss Emily Conklin from Iowa State college, member of the staff of the National Live Stock and Meat Board, Chicago, will present at the Library Auditorium, Pendleton, November 8 at 1:30 p. m.

These new ways are simpler and easier, and result in greater economy, all of which make them valuable from the housewife's point of view. Miss Conklin's demonstrations form a very comprehensive course in this subject. She shows the right way to roast meat, how to broil steaks and chops, and the many tempting dishes made by proper cooking of the less demanded cuts of meats.

### New Cookery Methods.

"The new ways of cooking meat are the result of experiments initiated by the National Live Stock and Meat Board in cooperation with the

### Highest Alfalfa Protein.

John Schmidt, who farms on the Umatilla meadows west of Stanfield, received an order from Oregon State college for two carloads of alfalfa hay, which he shipped last week. Schmidt has the Grimm variety which registers between 16 and 17 per cent protein, under test at the state college. This protein content has been consistently high for several years, being tested each year at the college laboratory. Schmidt rotates his crops, replanting his alfalfa every five years, and does not believe in spring tothing the fields in the fall of the year, just before the frosts come.

## ALASKAN MINER FOR 40 YEARS

Fred Kling, uncle of Mrs. E. W. Peck of Boardman, was in Hermiston last Tuesday with Mr. Peck. Mr. Kling has resided in Alaska for nearly 40 years, going there in the winter of 1898. He went first to Dawson City later moving to Fairbanks, following the mining trade.

Mr. Kling stated that in the early days there were no roads but now there is a modern highway for 500 miles along the coast, through Fairbanks, from Valdez to Circle City, which has been named the Steece highway after the government engineer in charge of the road construction.

Kling stopped to visit in Boardman and look after business interests there, before going on to Long Beach, California.

## SOULS AT SEA AT OASIS

The conflict of elemental human passions, set against the background of the sea during the hazardous days of sailing ships and the unlawful slave traffic of the 1840's, provides one of the screen's greatest sea dramas in "Souls at Sea", coming next Sunday to the Oasis theatre with Gary Cooper and George Raft in the co-starring roles. For the love of a woman, Frances Dee, Gary Cooper willingly plays the role of murderer on the high seas and brings down upon his head the charge of manslaughter, with a trial which was the high drama of two continents when it took place in Philadelphia in 1842. George Raft is the tough matey who goes down with the ship. A colored cartoon and comedy complete the program.

### Farm Bureau New Office.

The office employees of the Farm Bureau Co-op. are now housed in a new, spacious office which has much better lighting and heating fixtures. Four large windows have been built on the south side of the room lined with a fir tree coated with a light glazed finish. A large vault, with eight inch concrete walls, has been constructed at the east end of the room. This improvement has been made in connection with the extension of the warehouse of the mill. H. M. Sommerer is manager of the cooperative.

### Christmas Bazaar.

Christmas bazaar will be given by the Methodist Ladies Aid on December 3, in the basement of the church. Plans are being made by Mrs. Pierson and Mrs. H. E. McCulley to attend a county project conference to be held in Pendleton Friday of this week, at which they will learn of plans for the next meeting scheduled for the latter part of November.

### Weather Report.

Date	Max.	Min.
October 21	76	40
October 22	74	39
October 23	75	36
October 24	78	51
October 25	75	38
October 26	80	36
October 27	73	46

## SOIL CONSERVATION MEET WEDNESDAY

A meeting of soil conservation committees and county agents from six counties in this section was held at Arlington on Wednesday and Thursday of this week. Jay T. Pierson, assistant county agent, E. P. Dodd of Hermiston, and W. T. Reeves of Stanfield, committeemen, attended the meeting Wednesday. Mr. Pierson returned again Thursday.

Prof. P. M. Brandt, dairy husbandman for O. S. C. at Corvallis, directed discussion at the meeting at which approximately 40 persons represented Wasco, Sherman, Gilliam, Wheeler, Morrow and Umatilla counties. The group discussed results of the 1937 conservation program in this district, concerning wheat, rains, and all diversified farming.

The application of the act will be along different lines for 1938 but the results will be much the same as in 1937.

Other meetings will be held throughout the state and in districts. A meeting for Hermiston has been scheduled for November 19th, at which the program will be further discussed with farmers, and new committeemen elected for another year.

## FINAL WEEK OF EVANGELISTIC MEET

The evangelistic services which have been conducted at the Union church for the past three weeks are now in the last three days with a climax of the meetings coming Sunday. The regular services of the day will be held Sunday in addition to a basket dinner served immediately following the morning service to which the Heppner and Lexington church membership is invited. Anyone who wishes is cordially invited to attend and bring friends and a basket dinner.

Evangelist Schmid will give the following sermons on Friday, Saturday and Sunday: "What Church Shall I Join to Know That I'm Right," "Can a Good Man Be Saved Outside of the Church," and "Where Will You Spend Eternity?" An illustrated chalk picture will be drawn each night of the remainder of the meetings.

Special services are being planned for Sunday with Sunday school at 10:00 o'clock in the morning and preaching at 11:00 o'clock. Everyone is given a cordial invitation to attend all services by the pastor, C. Warner.

## PARENTS DISCUSS CAUSE OF ACTIONS

Parents and adults discussed the various reasons for adult behavior as controlled by physical and mental conditions with Miss Frances Clinton, home demonstration agent of Pendleton, at a meeting Tuesday afternoon in the American Legion hall at which 20 were present. Interest was shown in the program for the year as explained by Miss Clinton.

Mrs. R. B. Wilcox was named chairman for the year's program, Mrs. Jay T. Pierson, vice chairman, Mrs. Wm. Benschel, secretary-treasurer, and Mrs. Wm. Kik, librarian. Mrs. Pierson and Mrs. H. E. McCulley were named as a committee to attend a county project conference to be held in Pendleton Friday of this week, at which they will learn of plans for the next meeting scheduled for the latter part of November.

Miss Clinton conducted group singing and games before going into the discussion of the afternoon.

Miss Clinton announced a meeting for November 10th, conducted by Miss Izola Jensen, recreational extension specialist from Oregon State college, which will be held in the community hall on the fair grounds. Recreational institutes were held last winter in which much interest was shown. Further information will be released from Miss Clinton's office next week.

### C. E. Rallies Planned.

Cecil Warner, Jr., president of Columbia Christian Endeavor Union, is working on plans for four pre-convention rallies. The first will be held at Mission on November 5th, the second at Stanfield, November 12, the third at Heppner, November 19, and the fourth and final at Pendleton Christian church on November 26th. One rally has already been held at Weston at which approximately 70 young people were present. The rally at Pendleton will include delegations from every section represented by the union and will be in the form of a pot luck supper and social. The Stanfield rally will include societies at Boardman, Umatilla, Hermiston and Stanfield. The convention dates are December 3-4-5 at Milton.

### Celebrate Anniversary.

Mr. and Mrs. Elmer Miller celebrated their first wedding anniversary Wednesday, October 20th, by inviting friends in for a delicious turkey dinner. Many huge bowls of zinnias, marigolds and dahlias were arranged about the rooms and centered the table. Covers were placed for Mr. and Mrs. Alton Kingsbury and daughter Dorothy Jean, Mr. and Mrs. Peter Castric, and Mr. and Mrs. Emerald G. Tilden, and the host and hostess.

## 4-H BOYS TELL OF MOTOR TRIP TO OHIO

### PROFIT BY EXPERIENCES

Two high school boys, who are members of the 4-H livestock clubs in this district, returned not many days hence from Columbus, Ohio, where they had represented the state of Oregon as a dairy demonstration team entered at the National Dairy show. These boys were Kenneth Benschel, son of Mr. and Mrs. A. E. Benschel of Hermiston, and Eugene Rugg, son of Mr. and Mrs. A. E. Rugg of Umatilla. They won third place in the sectional competition on the demonstration of the advantages of a modern safety bull pen in competition with teams from 38 states.

The demonstration was sponsored by the Kraft-Phenix Cheese Corporation in cooperation with the agricultural extension service and the national committee on 4-H club work to promote interest in improving dairy herds and methods. Jay T. Pierson, assistant county agent for Umatilla county, stationed here, prepared the demonstration and coached the boys.

No alibis are being offered by the boys on their demonstration but much has been learned through the criticism by the judge at the show, who stated their demonstration subject matter was good but that they would have stood more of a chance had they driven a few nails and actually built the bull pen from raw materials, instead of using the miniature bull pen which they joined together with hooks.

Eugene believes the Ayrshires were the most outstanding in number at the dairy show, with Holstein, Jersey, and Brown Swiss among the other breeds. Some of the highest producing cows in the nation were exhibited.

Kenneth saw some of the fine Percherons at the annual horse show at which 250 were judged. He also visited the show when the various gaited and show horses performed.

The boys were eager to tell of the many interesting sights seen on the trip in which they visited twelve states and eight capital buildings. Of these buildings the capital at Lincoln, Nebraska, was by far the most modern, said to be the only capital building which is free of debt.

Of all the colleges and universities visited the boys were most impressed by the agricultural college at Ames, Iowa. The campus is the most beautiful and the chimes ring out over the campus at regular intervals during the day. Here they discovered the use of "On." as the abbreviation for the State of Oregon.

Motoring through Nebraska, Kansas and Colorado the boys saw evidence of the much publicized dust bowl. They traveled for miles without seeing vegetation growing. Here the dust had been scoured from the highway and stood three feet deep on either side of the highway.

Enthusiasm was expressed over the visit to the mint in Chicago where the boys saw how coins were made. A 93 percent silver and seven percent nickel combination is heated to 2707 degrees fahrenheit in small vats and poured into molds six inches wide, 18 inches long and two inches deep. This is cooled and washed, dried and sent to a pressing room where it goes through a seven ton pressure machine. The metal is then weighed and cut into strips from which plugs the size of the various coins are cut and sent to the stamping room. An accurate account of weights is kept, and after completion the coins are placed in canvas bags and distributed.

Among the places visited were the Mormon tabernacle at Salt Lake City, also the university and capital, Brooklyn zoo, soldier's field, yacht club, armory, national broadcasting station at Chicago, the glass factory at Newark, Ohio, Lincoln's tomb at Springfield, Illinois, and three bronze statues of Lincoln, one at Washington, D. C., one at Lincoln, Nebraska, and one at Chicago.

Going through Wyoming the boys saw a small herd of antelope, and many coyotes near the highway. The boys are eliminated from any further competition in this show except as a livestock demonstration team.

### Returns to Kansas.

Mrs. Mary Sours, mother of O. L. Barlow, who has been visiting her daughter Mrs. Lee Howell at Heppner, returned to Hermiston Sunday with her son and his family, and will visit here until Sunday when she will leave for her home in Wadsworth, Kansas. She will be accompanied by Mrs. Barlow's mother, Mrs. A. M. Tillson who will go to Kansas City, about 35 miles from Wadsworth. Mrs. Tillson lives with her husband and son on a stock ranch near Meacham.

### Meetings Open November 7th.

Meetings at the Methodist church will start Sunday, November 7th, with Rev. R. R. Finkbeiner, pastor, delivering the sermons. These meetings will be continued indefinitely and Mr. Finkbeiner hopes to announce that a local orchestra will assist with the meetings. Further information about the meetings will be published next week.
