

# FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

## ATTENTION!

### Members Farm Bureau Cooperative

The reactions of the members to the new improvements at the Farm Bureau Cooperative mill seem to range from that of enthusiastic approval down through an attitude of indifference, into a state of apprehension. This is only natural and is to be expected. And now, in sympathy with the opinions of all, it is felt that some explanation is appropriate.

The question arises in the minds of many as to whether these improvements will increase the cost of feed to the members. Most emphatically, there will be no advance in the price of feed due to the expense of building. Reduction in operating costs will be sufficient to liquidate the costs of the improvements within a reasonable time and eventually will reduce the price of feeds to the members.

As all are aware, building of the storage warehouse had become urgent. Rent, storage and moving of stocks of feed had become burdensome. Cramped and unsanitary conditions in both the office and the mill unavoidably slowed down the work. The underpinning of the old part of the building had decayed to the point where it was necessary to replace it with something more substantial. The old roof leaked and had become a menace under heavy snow. And finally, working conditions in both the office and the mill was such that the only reason the department of labor had not depended upon us long ago was that their attention had not been directed to the matter.

Much credit is due to the management and to the other employees for the display of loyalty, patience and real fortitude under most trying conditions. Every member of the cooperative should, and will, rejoice to see them now laboring under more sanitary and cheerful environment. A vote of confidence should be extended to the management for the wholehearted and untiring cooperation throughout, which has contributed so largely to the success of the undertaking.

J. H. REID,  
Chairman Building Committee.

### Westland Grange Home Ec.

The Westland Grange Home Ec club met at the home of Mrs. B. H. Lotspeich Wednesday afternoon at which time Mrs. J. M. Pace and Mrs. Olsen acted as joint hostesses. Plans were made for another card party to be given December 3, and the ladies worked on tea towels. The next meeting will be held at the home of Mrs. Jesse Prindle in an all day affair, December 8.

### Farm Bureau Auxiliary.

The Farm Bureau Auxiliary met Friday, November 5th, with a very fine attendance and four visitors. The auxiliary quartet sang several selections which was followed by games. Committee in charge consisted of Mrs. E. Epperson, Mrs. A. Barham, Mrs. Joe Linder and Mrs. Joe Udey. The president, Mrs. Barager, appointed the following committees for the coming year: Sunshine—Miss Lois Hutchison; Mother's—Mrs. Al Cable and Mrs. D. Panages; Visiting—Mrs. J. Hooker and Mrs. L. C. Upham. The next meeting will be held November 19.

### BEEKEEPERS' MEETING SCHEDULED AT O.S.C.

The annual meeting of the Oregon State Beekeepers' association is scheduled to be held on the Oregon State college campus this year for the first time, announces H. A. Scullen, entomologist at the college and secretary of the Beekeepers' association. Dates will be November 26 and 27, and the meeting is open to all beekeepers and others interested, regardless of membership in the association.

More educational papers and less business is promised this year by those in charge of the program. Among the speakers scheduled to date are Dr. W. S. Brown, chief of the horticultural department at O.S.C.; G. R. Hyslop, head of the plant industries division; H. A. Schoth, agronomist of the U. S. department of agriculture; Professor Scullen; W. D. Haskell and Louis M. White, Portland; A. Burr Black, former state bee inspector, Corvallis; Geo. H. Vanfell of the federal bee culture laboratory at Davis, Cal., and Wm. A. Schoenfeld, dean and director of agriculture at O.S.C.

Among the topics to be discussed are pollination of fruit and seed crops; extractors, pumps and other beekeeping machinery and equipment; honey grading and standardized containers; use of electrical fence to protect bee yards in the mountains against bears; honey flora of Oregon, and others.

Officers of the Beekeepers' association this year are Louis M. White, president; J. Skovbo, Hermiston, vice-president, and Professor Scullen, secretary.

### Feed Loan Expert Coming.

C. A. Riley, field supervisor for the emergency crop and feed loan division, will be at the office of Assistant County Agent Jay T. Pierson on Monday, November 15, between the hours of 1:00 and 5:00 p. m. Anyone interested in seeing Mr. Riley may contact him during these hours and he will assist in whatever way possible.

### INDICATE DESIRE BANG'S ERADICATION

The county area plan for Bang's disease eradication will be adopted in this area if sufficient farmers will submit their names to the assistant county agent, Jay T. Pierson. If there is sufficient interest in this program to pay for having a testing veterinarian come into the area the work can be cleaned up within a few weeks' time. It is probable that the farmer will only be able to obtain indemnity for reactors until July 1, 1938.

Because of this it is essential that immediate steps be taken to clean up the work of testing in Umatilla county herds. A tester stationed in this area alone will eliminate possibilities of long intervals between bleeding and branding periods.

Farmers interested in affecting a clean up in this area are asked to say so immediately by registering their names with the assistant county agent. When sufficient interest is noted a general meeting will be called to map out the schedule for the veterinarian to work in this area.

### TURKEY POOL SHIPMENT NOV. 15

The first turkey pool shipment will be made Monday, November 15, by the Eastern Oregon Turkey Growers' association. Cards have been sent out to growers who returned them by November 10th in order that the number of birds could be anticipated that would be shipped through the pool, to be able to figure the supplies necessary. In case warm weather occurs between now and shipping time the grower is requested by the association to cool the birds in open sheds to prevent pre-cooling and cut down the cost of shipping to the grower.

The second shipment will be made by the association November 29th and 30th.

### GRANGES TO STUDY OREGON'S RESOURCES

Granges in Umatilla county and in every part of the state will devote a large part of their lecture time to a study of Oregon's natural resources, and the problems of use and conservation of them, according to word received here. C. W. Reynolds, executive assistant of the state planning board, has cooperated with grange officials and worked out a study program for this year.

An outline of the study plan was recently presented to the Umatilla county grange conference by Mrs. G. W. Thiessen, Milwaukee, state lecturer. On her trips the lecturer was accompanied by other grange officers, including Ray W. Gill, state master; Morton Tompkins, overseer; Mrs. Bertha Beck, secretary; Mrs. Mary Lundell, chairman and Mrs. Fannie McCall, state matron.

A special bulletin prepared by the planning board lists eight suggested topics, all carefully outlined for discussion. Topics are "Farming the Forests", "Weeds", "The Farmer Buys and Sells", "Fish, Feathers and Furs", "What is Happening to Oregon's Youth Resources?", "We Can Prevent Crime", "Too Much Land—or Not Enough!", and "Electric Power for Oregon".

First of the topics has been worked out in detail for presentation at grange meetings and others will be completed in the near future, it is announced. Material is taken from planning board reports and from other sources.

The lecture series provided by the planning board not only will serve to further conservation and other programs held to be of great value to the state, but it provides a valuable addition to the grange meetings, it is pointed out by Mrs. Thiessen. "If you picture the little granges, many of them miles from any source of information, you will see how valuable this information is for them", Mrs. Thiessen states. "The planning board is carrying on an adult education project to a class of people who could not otherwise obtain it."

Mrs. Thiessen has already placed the program before the granges of Klamath, Lake, Harney, Grant, Malheur, Baker, Union, Wallowa, Deschutes, Jefferson, Crook, Sherman, Gilliam, Wheeler, Morrow, Umatilla, Wasco, Columbia, Clatsop, Tillamook, Lincoln, Curry, Western Lane and Douglas. Other counties will be visited in the near future.

### Westland Dance Saturday.

The Westland Grange will give a dance Saturday, November 13th, at the Westland school house. All members are invited and also the public is invited to attend. Good music and standard prices.

### Canning Information.

The cannery will process any product next Wednesday, November 17, if it is brought in by noon on that day. Mr. Barlow, the manager announced this week.

### 1937 WHEAT LEAGUE COMMITTEEMEN

The 1937 Wheat League committeemen for Umatilla county have been named as follows:

**Weed Control and Soil Conservation**  
Wm. Meiners, Pendleton, chairman; S. J. Culley, Weston, vice-chairman; C. E. Hill, Pendleton, secretary; James Hill, Sr., Pendleton; Sheldon Taylor, Athena; Carl Engdahl, Pendleton; B. E. Anderson, Pendleton; Guy Rockwell, Pilot Rock.

**Finance, Taxation, State Legislation and Rural Electrification.**  
R. B. Taylor, Helix, chairman;

Walter Moore, Pendleton, vice-chairman; R. S. Thompson, Pendleton, secretary; Wm. Steen, Milton; C. E. Fisk, Milton; L. A. McClintock, Pendleton; O. D. Isaminger, Helix; John Crow, Pendleton; Mac Hoke, Pendleton; A. E. McCulley, Helix.

**Production, Handling, & Marketing.**  
Earl Thompson, Pendleton, chairman; B. W. Gilliland, Pilot Rock, vice-chairman; Geo. Mitchell, Pendleton, secretary; Jens Terjeson, Helix; James Harvey, Pendleton; Claude Meyers, Echo; Geo. Woodward, Adams; Claude Hanscom, Pendleton.

### Transportation.

R. O. Earnheart, Pendleton, chairman; Ed Aldrich, Pendleton, vice-chairman; Harry Cline, Milton, secretary; A. R. Coppock, Adams; P. S. Gilliland, Pilot Rock; Clarence Tubbs, Adams; Herman Snyder, Pendleton; Roy Ritner, Pendleton; W. F. Ramey, Pendleton; Ernest Duncan, Adams; M. H. Carter, Pendleton.

### Federal Agricultural Programs.

Mac Hoke, Pendleton, chairman; Roy Ritner, Pendleton, vice-chairman; J. T. Pierson, Hermiston, secretary; Geo. Mitchell, Pendleton; Jens Terjeson, Pendleton; John Crow, Pendleton; A. R. Coppock, Adams; L. A. McClintock, Pendleton; C. E. Fish, Milton; Wm. H. Steen, Milton.

### Linn Turkey Industry Expands

Albany—The Linn county turkey industry, starting six years ago with about 10,000 turkeys, is today producing 125,000 birds annually, according to County Agent F. C. Mullen. In 1936 and the early 1937, a total of 103 carloads of turkeys were shipped to southern and eastern markets by Linn county packers, he said.

### 16 OREGON COUNTIES HAVE POTATO GOALS

Sixteen Oregon counties have been officially designated as commercial potato areas for which potato goals will be included in the 1938 agricultural conservation program, it is announced by N. C. Donaldson, executive secretary of the state committee.

Establishment of potato goals in these counties follows a recent poll in which 82 per cent of the farmers voting favored this action. The counties for which these goals will be established are Baker, Clackamas, Columbia, Crook, Deschutes, Hood River, Klamath, Lane, Linn, Malheur, Marion, Multnomah, Umatilla, Union, Washington and Yamhill. "The new program including potato goals for 1938 is entirely voluntary and should not be confused with the old potato control law," says Mr. Donaldson. "These potato goals will be handled just the same way as those for other soil depleting crops under the conservation program."

"Although no state goal has been set yet, the national goal is between 3,100,000 and 3,300,000 acres. This compares with an average annual acreage of 3,346,000 acres during the past 10 years. So while this will not materially reduce potato acreage, it is believed that it will help stabilize this acreage."

Goals will be established only on commercial potato farms which grow 3 acres or more of potatoes and which are located in the counties given above. In the early producing areas, 6 cents per bushel will be paid on the normal yield of each acre in a farm's potato goal. In the late producing areas, 4 cents per bushel will be paid.

## WANT ADS

FOR SALE—18 HEAD OF WELL broke work horses. See U. A. Wilson, Columbia district, Hermiston, Ore. 12-6tp

WANTED—MAN EMPLOYED, TO invest \$200 and 3 hours per week for \$25 per month added income, under Mills Novelty Co., P. O. Box 981, Walla Walla, Wn. 12-3tp

Remember, please—when you take a Smith Brothers Cough Drop (Two kinds—Black or Menthol—5¢), you get an extra benefit—**Smith Bros. Cough Drops are the only drops containing VITAMIN A**. This is the vitamin that raises the resistance of the mucous membranes of the nose and throat to cold and cough infections.

## ME STAY HOME FROM WORK? NO SIR! NOT WHEN GENUINE BAYER ASPIRIN EASES HEADACHE IN A FEW MINUTES

The inexpensive way to ease headaches—if you want fast results—is with Bayer Aspirin.

The instant the pain starts, simply take 2 Bayer tablets with a half glass of water. Usually in a few minutes relief arrives.

Bayer tablets are quick-acting because they disintegrate in a few seconds—ready to start their work of relief almost immediately after taking.

It costs only 2¢ or 3¢ to relieve most headaches—when you get the new economy tin. You pay only 25 cents for 24 tablets—about 1¢ apiece.

Make sure to get the genuine by insisting on Bayer Aspirin.

15c FOR 12 TABLETS

virtually 1 cent a tablet

Last November was the worst traffic death month in Oregon history, with 55 victims. Cutting that total is part of the purpose of a campaign now being waged by Secretary of State Earl Snell to make autumn driving safer.

### It's Easy To Be Mistaken About STOMACH TROUBLE

Stomach sufferers should learn the truth about **ULCERS, GAS, ACID, INDIGESTION, belching, heartburn, constipation, etc.**, due to excess acid. **FREE UDGA** Booklet contains facts of interest. The 9th edition, just off the press, may prove your first step to happy stomach comfort! Clip this to remind you to ask for the UDGA Booklet at
