ENGLISH GUEST OK'S CONVENTION SYSTEM

CORVALLIS — Conventions and conferences, highly developed American institutions that have been frequently decried, have been strongly endorsed by one prominent English visitor as a valuable aid to democratic education. Miss Winifred Harley, who has crossed the Atlantic 20 times in carrying on work in both her native England and America, lists the convention system along with numerous other items that she particularly likes about American life.

Miss Harley, who is spending a year as visiting professor and director of nursery schools at Oregon State college, also listed, in a recent address to the honor society of Phi Kappa Phi, the many ways in which Englishmen and Americans differ in their outlook and opinions. Many of these differences are based on misconceptions, she said, in urging a frank facing of such potential friction points as a step toward better international cooperation.

Westland Grange Dance.

The Westland Grange will sponsor another dance Saturday, November 27th in the Westland school house. Good music will be furnished and the public is invited.

ANOTHER OREGON 4-H MEMBER WINS

An Oregon 4-H club member has once again achieved the highest honor at the National Club congress at Chicago, bringing one of the two coveted Moses Leadership trophies to this state for the fifth time in 11 years they have been offered for the outstanding boy and girl. Helen Michael, 16, of Garden Way, Lane county, has been selected for this national honor this year, according to word received by H. C. Seymour, state club leader.

In addition to the trophy itself, Helen will receive a \$300 college scholarship, offered this year for the first time in connection with the award. She has also been asked to appear on a nation-wide NBC broadcast from Chicago at 9:30 o'clock, Pacific time, Saturday, December 4.

Helen has been a 4-H club member for nine years, during the last four of which she has also been a club leader, having led 16 clubs in cooking, canning, sewing, poultry, camp cookery and homemaking. She has carried all these projects herself, and in addition room improvement, livestock, flowers, home beautification, play-writing, news-writing, health, garden, marketing and rabbits. Her record shows 163 awards won, with a total of \$520.83 in prize money. The entire value of her projects has been estimated at \$2000.

Another national 4-H winner from Oregon is Mary Lou Paetzhold of Portland, who placed first in the western division and third nationally in the food preparation contest sponsored by the Electrolux company, winning a \$200 scholarship and a kerosene-operated Electrolux refrigerator.

Jacqueline Morton of Cottage Grove placed first in the 11 western states in the 4-H girls' record contest sponsored by Montgomery Ward company, and Esther Mason, Portland, placed second in the western division of the Kerr Canning contest. Mary Lou, Jacqueline and Esther each won trips to Chicago as state winners in their respective contests. They will leave Thanksgiving day, and will join the Idaho delegation at Spokane.

With the Oregon group will be Barbara Sargeant of Amity, winner of the girls' 4-H health contest at the state fair for the past two years, who is being sent to Chicago with funds raised by various Yamhill county organizations, to compete in the national 4-H health contest. La Verne Whitehead, Turner, winner of the state 4-H style revue, will also receive a trip to Chicago to compete for national honors. Mr. Seymour will attend as chairman of the national executive committee of state leaders in charge of the club congress.

CO-OP GASOLINE STATION OPENED IN WASHINGTON D.C.

Washington, D. C.—The first cooperative gasoline station in the nation's capital was officially opened by Konsum, Inc. on November 3. Named after the highly successful cooperative society in Stockholm, the enterprise was given an appropriate sendoff when Anders Hedberg, Secretary for International Questions of the Cooperative Union of Sweden, pumped the first tank full of gas. Mr. Hedberg was in Washington completing a two-month speaking tour of the U.S.A.

Konsum was organized by a group of consumers here a year ago. It started business by leasing one pump in a private service station making a contract with an oil company for petroleum products and paying the owner of the station a commission for serving the members. Sales last year totaled \$12,000 and the co-op paid its members an 8 per cent patronage dividend. Encouraged by this success the co-op members voted to open their own station. Many of the members of the co-op are government employees.

Bad weather contributed to nearly 6000 automobile accidents in Oregon last fall, more than half the autumn total. Greater skill and caution are needed now than at any other time of year, Secretary of State Earl Snell says.

COOPERATIVES IN N. Y. CONSIDER AMALGAMATION

Co-op League News Service) New York—Following the example of cooperatives in large European cities which have increased their efficiency through amalgamation into a single city-wide organization, representatives of New York cooperatives last week took a preliminary step which may lead to the amalgamation of all co-ops in the city.

To date, as groups of consumers in the city realized the need of organization, cooperatives were set up to meet that specific need. There are now 15 cooperative grocery stores, 11 cooperative eating places, two cooperative laundries, 4 cooperative milk routes, a cooperative garage, four cooperative housing projects, a cooperative power plant, and 9 cooperative buying clubs in the process of forming co-op grocery stores. Serving these organizations are the Eastern Cooperative Wholesale, the Cooperative Book Club, the Eastern Cooperative League, and Cooperative Distributors, a cooperative mail order house which operates a miniature department store for its New York members.

Last week members of the boards of directors of New York's co-ops were called into a special session by the Eastern Cooperative League, to discuss problems of urban organization with Anders Hedberg, representative of the Cooperative Union of Sweden. Mr. Hedberg described the growth of Stockholm's 16 cooperative societies which were finally merged at the suggestion of the Cooperative Union to form the gigantic Stockholm Cooperative Society with more than 350 stores in the city. Mr. Hedberg cited the increased efficiency of management, increased purchasing power and organizational strength of a unified cooperative. At this session, co-op representatives passed a resolution calling on Eastern Cooperative Wholesale to assist them in formulating a plan of unification, and set up a special committee to investigate the first steps in that direction.

The Eastern Cooperative Wholesale, which serves as buyer for these organizations, estimated this week that the retail volume of business of consumer cooperatives in the city will exceed \$1,486,000 this year.

HIGHER 1937 FARM INCOMES PREDICTED

Although the index of the general level of farm prices in Oregon has dropped approximately 10 per cent since June and, at 80 per cent of the 1926-1930 average, is 3 points under September 1936, agricultural income in Oregon during the year 1937 is expected to exceed that of 1936 materially. Such are the conclusions to be drawn from data given in a review of the agricultural situation just released by the Oregon State college agricultural extension service.

The gain in agricultural income is attributed to an expected yearly average farm price level running around 12 per cent over the 1936 year average, and to a prospective increase of about 3 per cent in the gross volume of agricultural production. Data in the report show that farm prices were at a relatively high level during the first half of 1937, declining during the summer and fall months under new crop influences. In general, the season has been very favorable for crops, both in Oregon and in the country as a whole.

Although the report states that the estimates are quite preliminary in nature, the increase in total agricultural income in Oregon in 1937 over 1936 may approximate 15 per cent and may amount to as much as \$20,000,000. Including the value added by agricultural manufacturing operations and farm sales of numerous specialty farm products, as well as income from the principal crop and animal products, total agricultural income is expected to reach \$150,000,000 or more in 1937—the greatest since 1929.

"Considering the purchasing power of the dollar, Oregon's agricultural income in 1937 has the appearance of being even better than in 1929, if present prospects work out," says the report. "In 1929, the United States index of prices paid by farmers averaged 101 per cent of the 1926-30 level, against a probable average of 86 for 1937.

"On the other hand, however, the census shows that the income of 1937 will be divided between a considerably greater number of farm operators in Oregon, consequently the purchasing power per farm family has not increased to the same extent as total agricultural income."

IRRIGON

By MRS. W. C. ISOM

Mr. and Mrs. Batie Rand motored to Seattle Sunday, Nov. 14, with a load of dressed turkeys, returning Thursday.

R. V. Jones had the misfortune to have a horse killed on the highway Tuesday night by being struck with a car which was badly damaged. No one was injured.

Mrs. Belscamper received word Saturday afternoon of the death of her nephew, Harry Huffman of Spokane. He was accidentally killed while elk hunting.

Mrs. Glen C. Wade arrived here last week from Salem. While here she will have her furniture removed to her home there. She is visiting at the home of Mr. and Mrs. Henry Hooker.

Mr. and Mrs. Lewis Douglas were visiting at the Baxter Hutchison home a few days while looking after business interests here.

IT'S GREAT TO BE BACK AT WORK
when you've found a way to ease the pains of RHEUMATISM and do it the inexpensive way, too.

You can pay as high as you want for remedies claimed to relieve the pain of Rheumatism, Neuritis, Sciatica, etc. But the medicine so many doctors generally approve—the one used by thousands of families daily—is Bayer Aspirin—1/2 a dozen tablets—about 1¢ apiece.

Simply take 2 Bayer Aspirin tablets with a half glass of water. Repeat, if necessary, according to directions.

Usually this will ease such pain in a remarkably short time. For quick relief from such pain which exhausts you and keeps you awake at night—ask for genuine Bayer Aspirin.

Motorists who roar through heavy traffic in a vain effort to "make time" will do well to note the results of a recent test in Chicago, where a bicycle proved the fastest means of travel through downtown traffic. Skill and judgment are far more important than reliance on speed. Secretary of State Earl Snell advises in commenting on the test.
