

**SAFETY SHORTS**  
 "One-eyed automobiles" continue to be a menace on Oregon highways, Secretary of State Earl Snell says, although state and city police are unrelenting in their efforts to correct this condition.  
 "Motorists who keep driving with faulty lights are showing poor judgment," Snell states, "because the expense of an accident will far more than offset the low cost of having the defect repaired. Faulty lights are also an indication of discourtesy to other drivers."

Of 2,838 fatal traffic accidents in California last year, at least \$17, or 21 per cent, are known to have involved drivers or pedestrians who had been drinking intoxicants to excess, according to information from that state.

**WORKS IN 2 WAYS ON DISCOMFORT OF COLDS**

**COLDS**

1. Take 2 BAYER ASPIRIN tablets and drink a full glass of water. Repeat treatment in 2 hours.

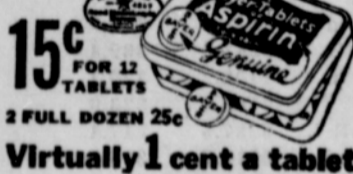

2. If throat is sore from the cold, crush and stir 3 BAYER ASPIRIN tablets in 1/2 glass of water. Gargle twice. This eases throat rawness and soreness almost instantly.

All it usually costs to relieve the misery of a cold today—is 3¢ to 5¢—relief for the period of your cold 15¢ to 25¢. Hence no family need neglect even minor head colds.

Here is what to do: Take two BAYER tablets when you feel a cold coming on—with a full glass of water. Then repeat, if necessary, according to directions in each package. Relief comes rapidly.

The Bayer method of relieving colds is the way many doctors approve. You take Bayer Aspirin for relief—then if you are not improved promptly, you call the family doctor.

**Now! EUGENE Is The Clearing House**

for Credit Information for Three States-- Oregon, Idaho and Utah

**PIONEER SERVICE COMPANY, Inc.** is a state wide credit bureau, operating in every county in Oregon, located in the Miner Building, Eugene, Oregon.

**Pioneer Service Co., Inc.**

The Pioneer Service Company, Inc. in 1936 took over the franchise for the state of Idaho and Utah. Today Eugene, Oregon, the home of the Pioneer Service Company, Inc. is the clearing house for credit information for the three states, Oregon, Idaho, and Utah, which is a wonderful help to the merchants and professional men of these three states.

**Here Is Real Value**

The real value of this set up is this: Eugene is the central point for the assembling of all this valuable credit information and due to the fact so many people are moving around from state to state it gives the merchants and professional men a line on the credit rating on the people to whom they wish to give credit. In addition to this valuable collection of credit information, Pioneer Service Company has an un-collared collection service. The debtor pays directly to the creditor, no commissions are charged on collections. The merchant at all times has full control over his accounts, no one handles

any of this money but himself. By so doing, there are no contracts to sign and regret. When accounts are serviced by the Pioneer Service system, every debtor has a fair chance to pay, or satisfactorily arrange to pay to keep his name off of the delinquent list which goes to all members of the Pioneer Service County Credit Boards in the states of Oregon, Idaho and Utah. The debtor never pays any filing fees, docket fees, or commissions; he only pays the correct amount or face value of the bill he owes. No honest man need fear this organization. The man who pays or tries to pay is welcome everywhere. The professional dead-beat soon becomes an outcast.

**Pioneer Service Co., Inc.**

The Pioneer Service Company, Inc., acting as agents for the merchants and professional men of these three states from time to time offer for sale accounts to the highest bidder. No account is offered for sale until the debtor has had a fair chance to pay, part pay, or satisfactorily arrange to pay his bill. So when you receive one of the Pioneer Service County Credit Board Statements go at once and try to pay or arrange your account with your creditor.

Loose your credit and you lose something you may never regain.
