The Junior high school operetta which will be presented February 18, has a Swiss setting. The title of the performance is "Green Cheese."

The story pertains to the native Swiss people who are celebrating the invention of a new cheese by a young Swiss gentlemen of promise. The mayor of the town becomes irritated because he is unable to compose his speech for the party and the two lovely Swiss girls fall in love with an adventurous young American, much to the anoyance of the Swiss swains.

Color is added to the plot by the entrance of milk maids and peasants who perform Swiss folk dances.
