New Points for the Dam.
 Five important points of argument stand out just now in favor of construction of the Umatilla rapids dam and dams on the Snake, at an early date.
 No other new large project is being urged that is ready for work in the Pacific northwest.
 For the first time all members of the three states in congress are united in support of the program, backed by a united public effort.
 The project supplies ideal year round employment for many men at a time when unemployment is the greatest known in the nation.
 For the first time in 20 years of effort to secure both the Umatilla dam and Snake river navigation improvements, a favorable report has been made by the army board of engineers.
 Even from a political point of view the time is favorable. Three U. S. senators, three governors, and eleven members of congress will be elected this fall within the three states and present incumbents are ambitious to please their constituents and strengthen party walls.
 While politics are not supposed to enter into such matters except through the fulfillment of duty in

behalf of the people the officials are elected to serve, yet a duty well performed in behalf of citizens is certain to be rewarded in the voting booths.

Even though you have driven a car for several months or several years, there is benefit to be derived from the car technique demonstration which will be given in the instruction at the fair grounds next Monday, in the second of a series of safety driving schools. We can shake ourselves out of our smug self-satisfied confidence and learn something new about safety driving at this demonstration Monday at 7:30 P. M. We can also help make our highways safe for driving.

We may put out a sober paper but at least we know when we put it to bed.

CHURCH NOTES

METHODIST CHURCH

Her Highness, Queen Frances!

Her Royal Highness Queen Frances II, charming queen of the 1938 Portland Rose Festival, the Northwest's nationally-known event proudly stands in her official car, a white Ford V-8 convertible sedan. White Ford V-8s are also provided for the eight royal princesses by Ford dealers of Oregon and Southern Washington.

HERMISTON BAPTIST CHURCH
 Theodore A. Leger, Pastor

If we are governed by our physical nature, in these days of summer heat, we probably will absent ourselves from the hour of worship in our church houses. If however we are spiritually minded we will count it a privilege to make the necessary sacrifices and not neglect the assembling of ourselves together at our stated services on the Lord's day. Remember, if you are a professed member, God has an appointment with you at the hour of worship.

10:00 A. M., Church school.
 11:00 A. M., Morning church worship and sermon.
 7:00 P. M., Choir practice.
 7:20 P. M., B.Y.P.U. service.
 8:00 P. M., Evening service.

HERMISTON UNION CHURCH
 C. Warner, Pastor.

 Missionary meeting, second Wednesday of each month.

Bible school superintendent Chas. Duvall; President, C. E. Catherine McMullen; President Ladies Aid Mrs. C. Warner; President Missionary Society, Mrs. C. R. Moore.

CHRISTIAN SCIENCE CHURCHES

"GOD the Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 5.

The Golden Text was, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created" (Rev. 4:11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. For the Lord is good: his mercy is everlasting: and his truth endureth to all generations" (Ps. 100:3,5).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God, the divine Principle of man, and man is God's likeness are inseparable, harmonious, and eternal. The Science of being furnishes the rule of perfection, and brings immortality to light. God and man are not the same, but in the order of divine Science, God and man coexist and are eternal. God is the parent Mind, and man is God's spiritual offspring" (p. 336).

Five Dry Land Lawns Started.

THE DALLES — Five dry land lawns were established for five farm homes in Wasco county this spring as a part of the home beautification project under the joint direction of Mrs. Louise Harwood, home demonstration agent, and Grant Perry, assistant county agent. The mixture used consisted of fairway crested wheat grass, chewing grass and winter blue grass. Cooperators on whose farms the plantings were made are D. E. Miller and Raymond Crabtree, Juniper Flat; Roy Bates, Three Mile; Earl Benson, Five Mile; and Eugene Hammel, Columbia.

Cotton fabric is almost as important as rubber in making most automobile tires.

UMATILLA NEWS
 By ERMA BYRNES.
